Saints and Citizens Lisbeth Haas, 2014 Saints and Citizens is a bold new excavation of the history of Indigenous people in California in the late eighteenth and nineteenth centuries showing how the missions became sites of their authority memory and identity Shining a forensic eye on colonial encounters in Chumash Luiseño and Yokuts territories Lisbeth Haas

depicts how native painters incorporated their cultural iconography in mission painting and how leaders harnessed new knowledge for control in other ways Through her portrayal of highly varied societies she explores the politics of Indigenous citizenship in the independent Mexican nation through events such as the Chumash War of 1824 native emancipation after 1826 and the political pursuit of Indigenous rights and land through 1848 [Inkdeath](#) Cornelia Funke,2011-11-03 Life in the Inkworld has been hard since the story of Inkheart magically drew Meggie Mo and Dustfinger back into its pages With Dustfinger gone and the evil Adderhead in control the book in which they are all caught has taken an unhappy turn But can Meggie and Mo rewrite the past and make a dangerous deal with death [Paint Me Some Love](#) Julia Vellucci,2021-12-27 People say a picture can paint a thousand words yet a painting still caused her thousands of tears until she met him Love is often associated with romance yet the strongest love prevails that Laurence Summers better known as Lauren thought all the money in the world could buy her the love of others as she blamed her father for naming her Laurence This is something that she believed made her a social outcast a fool and bullied wherever she went But money fixed that for her or so she thought Stephan Larr not accepted by his family believed that he needed a change in identity for those around him to love him Both Lauren and Stephan didn't fully understand the idea of love and still don't They didn't understand that you need some sort of love in life to be fulfilled until a wizard brought them to a painted world A painted world in which they were both separated in empty canvases until four words brought them together in mesmerizing canvases full of beauty and creativity Join Lauren and Stephan on a journey of self discovery and love just not the love you may envision **Old Mole** Gilbert Cannan,2022-07-20 Old Mole is a story by Gilbert Cannan Cannan was a British dramatist translator and novelist Excerpt He was called Old Mole because whenever he spied a boy cribbing or larking or reading a book that had no reference to the subject in hand or eating sweets or passing notes he would cry out in a voice of thunder Ha Art thou there old mole Thrigsbian fathers who had suffered at his hands would ask their sons about Old Mole and so his position was fortified by a sort of veneration He Pg 4 was one of those men who assume their definite shape and appearance in the early thirties and thereafter give no clue to their age even to the most curious spinster's inquisitiveness **Aspiring to the Landscape** Petra Halkes,2006-01-01 The idea of nature as a cultural construction has been discussed extensively in postmodern theory Less attention however has been paid to the underlying motivations shaping the ideologies of nature in particular the desire to submit to some larger order outside of oneself Aspiring to the Landscape examines this persistent desire and how it is made manifest in contemporary landscape art Four installations of large scale paintings by Canadian artists Eleanor Bond Susan Feindel Stephen Hutchings and Wanda Koop are the focus of Petra Halkes's study The works vary widely in style and iconography but are drawn together by the way they invite a reflection on the troubled relationship between culture and nature and our contradictory and simultaneous longing to conquer and to succumb to nature It is the tension between modern and postmodern interpretations of the subject of nature that makes the theory and the artwork discussed in Aspiring

to the Landscape so important to contemporary Canadian culture *Sculpture and Touch* Peter Dent, 2017-07-05 Since the Renaissance at least the medium of sculpture has been associated explicitly with the sense of touch Sculptors philosophers and art historians have all linked the two often in strikingly different ways In spite of this long running interest in touch and tactility it is vision and visuality which have tended to dominate art historical research in recent decades This book introduces a new impetus to the discussion of the relationship between touch and sculpture by setting up a dialogue between art historians and individuals with fresh insights who are working in disciplines beyond art history The collection brings together a rich and diverse set of approaches with essays tackling subjects from prehistoric figurines to the work of contemporary artists from pre modern ideas about the physiology of touch to tactile interaction in the museum environment and from the phenomenology of touch in recent philosophy to the experimental findings of scientific study It is the first volume on this subject to take such a broad approach and as such seeks to set the agenda for future research and collaboration in this area
