The Parachute Ward A Canadian Surgeons Wartime Adventures In Yugoslavia:

The Parachute Ward Brian Jeffrey Street, 1987 A BESTSELLER IN CANADA NOW IN TRADE PAPERBACK This is the story of an authentic Canadian hero a man whose courage and determination saved the lives of countless soldiers and civilians in the besieged mountains of Yugoslavia during the Second World War On the night of May 12 1944 Major Colin Scott Dafoe a surgeon on assignment with Britain's Special Operations Executive parachuted into eastern Bosnia His mission was to provide medical aid to the men and women who were Marshal Tito's Partisans In a makeshift hospital constructed from parachutes Dafoe operated on the maimed and wounded And when an enemy offensive forced the Partisans into the rugged mountains and dense forests Dafoe and his portable parachute ward followed operating in the field of combat Based on Dafoe's own record of his wartime mission and through the reminiscences of his family friends and colleagues The Parachute Ward recounts the saga of a truly remarkable man **Journal of Special Operations Medicine** ,2006

Operation Kinetic Sean M. Maloney, 2018-07-01 In the late 1990s NATO led the Kosovo Force KFOR charged with stabilizing Kosovo and the former Yugoslav Republic of Macedonia after genocide and other atrocities were carried out in the Balkan region Operation Kinetic is not only a history of the origins and operations of the Kosovo Force but also a history of the vital operations conducted by the Canadian Army units and their allies assigned to KFOR during the crucial early days and months after entry into the province in 1999 and through 2000 Operating alongside American British French Norwegian Finnish and Swedish forces these surveillance and response units were instrumental in preventing violence in numerous areas before it could escalate and draw in the Serbian Army which could have led to further genocide or war in the region Sean M Maloney a Canadian military historian with extensive field experience in the Balkans draws on numerous interviews and firsthand accounts of an operation that would later serve as a model in preparing for similar efforts in Afghanistan and provide a blueprint for stabilizing operations around the world **Parleying with the Devil** Gaj Trifković, 2020-06-23 The Second World War in Yugoslavia is notorious for the brutal struggle between the armed forces of the Third Reich and the communist led Partisans Less known is the fact that the two sides negotiated prisoner exchanges throughout the war Under extraordinary circumstances these early communications evolved into a formal exchange agreement centered on the creation of a neutral zone quite possibly the only such area in occupied Europe where prisoners were regularly exchanged until late April 1945 saving thousands of lives The leadership on both sides used these points of contact to hold secret political talks for which they were nearly branded as traitors by their superiors in Berlin and Moscow Parleying with the Devil is the first comprehensive analysis of prisoner exchanges and the attendant contacts between the German occupation authorities and the Yugoslav Partisans Trifković argues that prisoner exchange had a decisive influence on prisoner of war policies on both sides and helped reduce the levels of violence for which this theater of war became infamous Parleying with the Devil reveals that these points of contact contrary to some claims did not lead to collusion between these two parties against other

Special Operations Forces SOF have never been an integral element of Canada's military capability. Although units have existed periodically throughout the country's history, they have always been in the shadows. However, the terrorist attack in the United States on September 11, 2001, changed that. In the aftermath of 9/11, SOF became the force of choice. *Casting Light on the Shadows* consists of a series of essays on SOF-related issues written by individuals with specialized knowledge and expertise in the field. As well as providing a solid foundation for SOF theory, historical background, and evolution, the book also highlights ongoing developments in SOF. *Canadiana*, 1986 *Bibliographie de la Vie Militaire Au Canada, 1867-1995* O. A. Cooke, Canada. Department of National Defence. Directorate of History and Heritage, 1997. Canadian military history and military matters have not been well represented in general in retrospective bibliographies of Canadian or in international military bibliographies. What has been attempted in this document is a bibliography of published primary sources and secondary works on Canadian military topics excluding poetry and fiction covering the period from Confederation to the present. Entries in the bibliography represent printed monographs, books, and pamphlets and serial titles. The prime criteria of inclusion were that the work be chiefly or uniquely both Canadian and military in its contents. Many in-house publications of the training pamphlet or regulations type have been included but only insofar as they tell us something of the armed forces themselves rather than details of tactical doctrine or of pieces of equipment. Works by or about Canadians serving with the armed forces of other countries have been included as well as materials relating to the military history of Newfoundland since 1867. *Invasions Without Tears* Monty Berger, Brian Jeffrey Street, 1994. Monty Berger was the first RCAF ground officer to land on the beaches of Normandy on June 7, 1944, washing ashore at dawn of D-Day 1. *Invasions Without Tears* based on a manuscript Mr. Berger wrote 50 years ago gives us a personal account both in the air and on the ground of what life was like with 126 Wing, one of the most formidable fighting forces of World War II. *The American Bibliography of Slavic and East European Studies*, 1988 **Alexander & His Successors** Pat Wheatley, Robert Hannah, 2009
