Taylor, 2006 French novels such as Madame Bovary and The Stranger are staples of high school and college literature courses This work provides coverage of the French novel since its origins in the 16th century with an emphasis on novels most commonly studied in high school and college courses in world literature and in French culture and civilization *The French Short Story*, 2024-09-09 *The Cultural Construction of Hidden Spaces*, 2024-05-13 This essay collection focuses on enclosure deception and secrecy in three spatial areas the body clothing and furniture It contributes to the study of private life and explores the micro history of hidden spaces The contents of pockets may prove a surer index to their owner's real thoughts than anything they say a piece of furniture with ingenious mechanisms created to conceal secrets may also reveal someone's attempts to break in and thus give away as much as it holds Though the book's focus is on particular material or imagined objects taken as a whole it exemplifies a range of interdisciplinary encounters between history literary criticism art history philosophy psychoanalysis sociology criminology archival studies museology and curating and women's studies *Finding the Woman Who Didn't Exist* Melanie C. Hawthorne, 2020-03-01 Gis le d Estoc was the pseudonym of a nineteenth century French woman writer and it turns out artist who among other things was accused of being a bomb planting anarchist the cross dressing lover of writer Guy de Maupassant and the fighter of at least one duel with another woman inspiring Bayard's famous painting on the subject The true identity of this enigmatic woman remained unknown and was even considered fictional until recently when Melanie C Hawthorne resurrected d Estoc's discarded story from the annals of forgotten history Finding the Woman Who Didn't Exist begins with the claim by expert literary historians of France on the eve of World War II that the woman then known only as Gis le d Estoc was merely a hoax More than fifty years later Hawthorne not only proves that she did exist but also uncovers details about her fascinating life and career along the way adding to our understanding of nineteenth century France literary culture and gender identity Hawthorne explores the intriguing life of the real d Estoc explaining why others came to doubt the experts and following the threads of evidence that the latter overlooked In focusing on how narratives are shaped for particular audiences at particular times Hawthorne also tells the story of the story which reveals how the habits of thought fostered by the humanities continue to matter beyond the halls of academe *Maupassant's Peasant Stories* Alice Agnes Keshishian, 1974 *The Continental Novel* Louise S. Fitzgerald, Elizabeth I. Kearney, 1983 **Kate Chopin** Per Seyersted, 1980-04-01 Kate Chopin was a nationally acclaimed short story artist of the local color school when she in 1899

shocked the American reading public with *The Awakening* a novel which much resembles *Madame Bovary*. Though the critics praised the artistic excellence of the book it was generally condemned for its objective treatment of the sensuous independent heroine. Deeply hurt by the censure Mrs Chopin wrote little more and she was soon forgotten. For decades the few critics who remembered her concentrated on the regional aspects of her work. In the *Literary History of the United States* where Kate Chopin is highly praised as a local colorist *The Awakening* is not even mentioned. In recent years however a few critics have given new attention to the novel emphasizing its courageous realism. In the present book Mr Seyersted carries out an extensive re examination of both the life and work of the author basing it on her total oeuvre. Much new Kate Chopin material such as previously unknown stories letters and a diary has recently come to light. We can now see that she was a much more ambitious and purposeful writer than we have hitherto known. From the beginning her special theme was female self assertion. As each new success increased her self confidence she grew more and more daring in her descriptions of emancipated woman who wants to dictate her own life. Mr Seyersted traces the author's growth as an artist and as a penetrating interpreter of the female condition and shows how her career culminated in *The Awakening* and the unknown story *The Storm*. With these works which were decades ahead of their time Kate Chopin takes her place among the important American realist writers of the 1890s.

The Tender Passion Peter Gay, 1999 *The Tender Passion* looks at the Victorian middle classes ideal and real notions of love.
