Books in the Life of a Child Maurice Saxby, 1997-10-15. Books in the Life of a Child explores the value of books and reading in the stimulation of children's imagination and their fundamental importance in the development of language and true literacy. It examines not only the vast range of children's books available but also how to introduce young people to the joys of reading in the home, the school, and in the community. The book has been written as a resource for all adults, especially teachers, student teachers, librarians, and parents, and those who care about the value of literature for children. It is a comprehensive and critical guide with chapters on the history of children's literature and an analysis of its many forms and genres, from poetry, fairytale, myth, legend, and fantasy through realistic and historical fiction to humour, pulp fiction, and information books.

Norfolk Folk Tales for Children Dave Tonge, 2018-09-03. From dark, dangerous dogs and wily, wicked wyrms to poor, penniless pedlars and lanky, long-limbed lads, Norfolk is steeped in stories. Some had their beginnings here, growing in the telling until they were as big as Norfolk's skies. Others were brought here by travellers from far away, even Viking raiders long ago. Stories that in time would change to suit our Norfolk ways, for as everyone knows, we do different. This is a collection of tales reworked and rewritten by Dave Tonge so that children might learn something of this most special county, its places and people, its strange and wondrous dialect. In this collection of stories, each introduced with snippets of local history, we journey to a place where fact, fiction, truth, and lies become as one.
