The Church As Institution Concilium:

A Voice of Their Own William Anthony Clark, 2005 Examines community intimacy and authority in the church at the formative local ecclesial level examines contributions of several theologians concludes that a deeper appreciation for the enormous practical authority of local communities can help ground a renewal of the church's self understanding Provided by publisher Andrew M. Greeley Elizabeth Harrison, 1994 A needed and timely scholarly resource beneficial as a major resource for anyone studying Greeley's life and thought a masterful collation of Greeley materials *The Church* Frederick J. Cwiekowski, 2018-04-23 The historical context in which theological understandings have developed play an important role in our understanding of the modern church In this book Sulpician priest and scholar Frederick J Cwiekowski traces the theology of the church beginning with the community of disciples during Jesus ministry and the New Testament era He continues through the various periods of history highlighting events from both the East and West including the remarkable developments surrounding the Second Vatican Council the post conciliar period and today's pontificate of Pope Francis With this book intended for general readers and students of theology Cwiekowski hopes to promote an appreciation of the mystery that is the church

Charism in the Church Constant Leke Ngolefac, 2024-03-01 Charism is a hot contemporary issue The growing interest in the charisms is one of the significant religious developments of our time Opinions on charisms vary to a remarkable degree Unfortunately in some cases diverse viewpoints have led to confusion among Christians On the positive side though this developing interest in charisms has contributed to spiritual renewal and stimulated biblical research in this most important area of the Church's life The exponential growth of the Charismatic Pentecostal Movement throughout the world and especially in Africa urged led to choice of this topic on charisms In the Charismatic Pentecostal Movements the issue of charisms is very vital and extremely important It is at the centre of its spirituality and practice This Movement has spread to almost all major Christian confessions denominations and continues to attract many followers This work is unique among the many studies written on the charisms Even though the subject of charisms has received some scholarly attention most have not delved into the role of the charisms in the Church from Pauline perspective as this study does The following observations and reasons demonstrate that it is still meaningful and worthwhile to study charisms in Pauline letters

The Infallibility of the Church in Orthodox Theology Stylianos (Archbishop of Australia), 2008 Although several Orthodox theologians have significantly enhanced the development of Ecclesiology in the twentieth century the contribution of Archbishop Stylianos Harkianakis Primate of the Greek Orthodox Church in Australia remains without doubt a landmark in the history of that theological field today Essentially the author's consideration of the Church is that it is the most intimate and graced communion not only of human persons but of the entire created cosmos bonded together in a wondrous relationship with the uncreated God Unconfusedly and indivisibly united with God the Church therefore enjoys and rightly proclaims the truth ie it is infallible for the world's salvation and the glorification of God Ultimately his the author's theology of the Church

s infallibility ie it s truthfulness is simply a donological affirmation of the genuine presence of God among his people and the world at large

The Church and Cultures Louis J. Luzbetak,2015-03-31 Why should the church be concerned about cultures Louis J Luzbetak began to answer this question twenty five years ago with the publication of *The Church and Cultures* An Applied Anthropology for the Religious Worker Reprinted six times and translated into five languages it became an undisputed classic in the field Now by popular demand Luzbetak has thoroughly rewritten his work completely updating it in light of contemporary anthropological and missiological thought and in face of current world conditions Serving as a handbook for a culturally sensitive ministry and witness *The Church and Cultures* introduces the non anthropologist to a wealth of scientific knowledge directly relevant to pastoral work religious education social action and liturgy in fact to all forms of missionary activity in the church It focuses on a burning theological issue that of contextualization the process by which a local church integrates its understanding of the Gospel text with the local culture context

Dumitru Staniloae's Trinitarian Ecclesiology Viorel Coman,2019-10-09 Dumitru Staniloae is one of the most important but routinely neglected twentieth century Orthodox theologians Viorel Coman explores the ecumenical relevance of Staniloae s reflections on the interplay between the doctrine of the Trinity and the doctrine of the church in the context of the debates on the ecclesiological ramifications of the filioque Coman combines a historical and theological analysis of Staniloae s approach to the filioque Trinity and church The historical analysis shows the changes that have taken place over time in Staniloae s approach to the issue of the filioque and the doctrine of the church The theological analysis emphasizes the ecumenical contribution of the Romanian thinker to the fields of Trinitarian theology and ecclesiology Even though this book centers primarily around Staniloae s vision on the link between the doctrine of the Trinity and the Church it places his theological reflections in a solid dialogue with other Eastern Georges Florovsky Vladimir Lossky and John Zizioulas and Western theologians Karl Barth Yves Congar Karl Rahner and Walter Kasper

Theologies of Retrieval Darren Sarisky,2017-11-30 One of the most significant trends in academic theology today which emerges within Protestant Roman Catholic and Orthodox points of view is the growing interest in theologies of retrieval This mode of thinking puts a special stress upon subjecting classic theological texts to a close reading with a view toward using the resources that they provide to understand and address contemporary theological issues This volume offers an understanding of what theologies of retrieval are what their rationale is and what their strengths and weaknesses are The contributions provided by a distinguished team of theologians answer the important questions that existing work has raised expand on suggestions that have not yet been fully developed summarize ideas to highlight themes that are relevant to the topics of this volume and air new critiques that will spur further debate

theological research reflection and debate Ecclesiology is the theological driver of the ecumenical movement The main focus of the intense ecumenical engagement and dialogue of the past half century has been ecclesiological and this is the area where the most intractable differences remain to be tackled Ecclesiology investigates the Church's manifold self understanding in relation to a number of areas the origins structures authority doctrine ministry sacraments unity diversity and mission of the Church including its relation to the state and to society and culture The sources of ecclesiological reflection are the Bible interpreted in the light of scholarly research Church history and the wealth of the Christian theological tradition together with the information and insights that emerge from other relevant academic disciplines This Handbook considers the biblical resources historical development and contemporary initiatives in ecclesiology It offers invaluable and comprehensive guide to understanding the Church Yves Congar Gabriel Flynn, 2005 No theologian of the twentieth century is more deserving of a commemorative volume than Yves Congar The present symposium commends itself by the high quality of the multinational group of scholars contributing to it Quatri me de couverture
