

REVELATION

The background image is a surreal landscape. In the center, a dark, silhouetted tree stands on a dark, rounded hill. At the base of the tree, a bright, glowing light emanates, casting a warm, orange glow. The sky above is filled with swirling, fiery clouds in shades of red, orange, and purple. The overall atmosphere is dramatic and apocalyptic. The word "REVELATION" is superimposed over the center of the image in a large, white, serif font.

The Circle Revelation:

The Circle Revelation Andrew Philip Nicholas,1999-10-01 The Book of Revelation Leonard L. Thompson,1997-02-13

About seventy years after the death of Jesus John of Patmos sent visionary messages to Christians in seven cities of western Asia Minor These messages would eventually become part of the New Testament canon as The Book of Revelation What was John s message What was its literary form Did he write to a persecuted minority or to Christians enjoying the social and material benefits of the Roman Empire In search of answers to these penetrating questions Thompson critically examines the language literature history and social setting of the Book of the Apocalypse Following a discussion of the importance of the genre apocalypse he closely analyzes the form and structure of the Revelation its narrative and metaphoric unity the world created through John s visions and the social conditions of the empire in which John wrote He offers an unprecedented interpretation of the role of boundaries in Revelation a reassessment of the reign of the Emperor Domitian and a view of tribulation that integrates the literary vision of Revelation with the reality of the lives of ordinary people in a Roman province Throughout his study Thompson argues that the language of Revelation joins the ordinary to the extra ordinary earth to heaven and local conditions to supra human processes

The Book of Revelation Rudolf Steiner,2013-05-14 John s Book of Revelation the Apocalypse has been subjected to countless interpretations by theologians over the years mostly based on theory and speculation In contrast Rudolf Steiner spoke from his own direct experience and knowledge of the spiritual truths contained in St John s mysterious pictures Although he had previously presented his insights into the Book of Revelation a number of times in 1924 Steiner ventured to give a completely new perspective in response to a request by priests of The Christian Community by relating the subject closely to the work of the modern priest These priests felt the need to achieve a closer relationship with the Book of Revelation he wrote later I believed I would be able to contribute to such a closer relationship The spiritual paths I follow had enabled me to trace the apocalypticist s footsteps So I felt that with this course of lectures I would be able to achieve a depiction that would convey this priestly book in its true sense as a spiritual guide for the priest
