Anderson,2008-10-07 The choicest noir neo noir science fiction horror westerns midnight movies and more from critics like David Ansen Jami Bernard Roger Ebert Carrie Rickey Richard Schickel and Kenneth Turan Project 105 M. Rheinheimer,2017-07-20 Project 105 is a journal of modern poetry a form of art that will live on for as long as the heart beats Excerpt from *Rebuilt* I can t wait for you to read the words that have been broken down stripped apart cracked at the seams for they have been reconstructed recreated and resurrected to form my eighteen years of existence **Sirius** Jay B. Holberg,2007-02-22 This book tells two stories The first and most obvious is why the star known as Sirius has been regarded as an important fixture of the night sky by many civilizations and cultures since the beginnings of history A second but related narrative is the prominent part that Sirius has played in how we came to achieve our current scientific understanding of the nature and fate of the stars This is the first book to integrate the cultural history of Sirius with modern astrophysics in a way which provides a realistic view of how science progresses over time

Gemlore Diane Morgan,2008-06-30 Every culture has developed its own lore of rocks From the stones of Aaron s breastplate to the foundational rocks of the New Jerusalem from the creation tales of South America to the blood stones of Burma gems have taken their place in the mythology and magic of the human race This book details the lore attached to particular gems Each chapter covers a particular stone and discusses the gem s geological historical mythical and legendary qualities A valuable resource for anyone researching symbols myth history or literature this book also helps science students understand the humanistic context of gemstones and offers social studies students a fascinating view of gems in world cultures Each chapter covers a particular gemstone such as diamonds rubies sapphires and emeralds It also covers organic gems such as pearl coral and amber The chapters discuss the natural history of the stone including where the gem is found its value and its use the role the gem has played in history especially for certain famous stones such as the Hope Diamond and the myths powers and legends that have attached to the stone over the centuries Science students will appreciate the

humanistic context the book offers for gemstones while social studies students will appreciate its consideration of gems across times and places Students of literature and the arts will welcome the book s attention to gems as symbols and general readers will find it a fascinating guide to the lore and legend of precious stones *FBI Law Enforcement Bulletin* ,1982
