The Guns Of Sacramento

William F. Deverell

The Guns Of Sacramento:

The Guns of Sacramento Geoffrey Allen, David Allen, 1978 The Portuguese galleon Sacramento was one of the great men o war of the seventeenth century Like so many others though her potential was never released Weighted down with her cargo a freak storm during her maiden voyage in 1617 drove her onto the rocks of Port Elizabeth where she broke up a loss that dealt a heavy blow to Portugal s global strategy This book traces that event then moves on to the discovery and salvage of the Sacramento by David Allen and colleague Gerry van Nickerk in 1976 Journal California. Legislature, 1860 *The Battle of Carthage, Missouri* Kenneth E. Burchett, 2012-12-01 The Battle of Carthage Missouri was the first full scale land battle of the Civil War Governor Claiborne Jackson s rebel Missouri State Guard made its way toward southwest Missouri near where Confederate volunteers collected in Arkansas while Colonel Franz Sigel s Union force occupied Springfield with orders to intercept and block the rebels from reaching the Confederates The two armies collided near Carthage on July 5 1861 The battle lasted for ten hours spread over several miles and included six separate engagements before the Union army withdrew under the cover of darkness The New York Times called it the first serious conflict between the United States troops and the rebels This book describes the events leading up to the battle the battle itself and the aftermath **The Marine Corps Gazette** , 1975 **The Journal of the Assembly, during the ... session of the Legislature of the State of California** California. Legislature. Assembly, California. Legislature. Senate, 1864 **Firearms Legislation** United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime, 1975 *The Macro Event* Andrew Adams, 2020-02-11 The United States political climate is prime for attack from enemies outside and within Two of the world s most dangerous Axis of Evil Iran and North Korea coordinate a nuclear missile attack designed to drive the United States to its knees Embedded groups of coordinated and well trained terrorist leaders lie waiting throughout the United States One group of radicals attacks Washington DC with a truck bomb to start the war Orders sent to other terrorist leaders around the country start the assembly of small armies of haters who aim to destroy what remains after the carnage of the nuclear attacks A critically injured president lies in a coma Many high ranking politicians are dead or missing A high altitude EMP electromagnetic pulse detonated successfully over Northern California destroys the power grids electronics and modern automobiles throughout the Western United States Secret plans created in advance by Homeland Security are the only salvation for the devastated desperate and stranded population The attack activates the plan known as the Macro Event Mass Casualty Relocation Operation The extensive well thought out MACRO Event plans must now deal with millions of stranded hungry and angry Americans now living in darkness Lee Andrew Garrett awakes in his hotel room in Las Vegas finding the twenty four hour city of light dark and panic stricken Thousands of locals and tourists have few choices except to fight for survival Lee Garrett s obsession with Doomsday preparation is now his salvation He quickly gathers his supplies and makes a dangerous trek out of Sin City Jake Rodriguez is winning big when the lights go out The army soldier on leave from Fort

Irwin California also knows getting out of Vegas is paramount Not as well prepared but a soldier Jake also finds danger as he moves quickly west toward his base in the Mohave Desert Surrounded by armed crazies taking advantage of the devastation and confusion Jake finds himself facing sure death Lee Garrett becomes his unlikely but lucky salvation United the two men continue their escape from Vegas into the desert toward the remote army base They arrive at Fort Irwin where they learn just how bad the attack has been Spread way too thin the government must somehow find ways to deal with the millions of expected refugees Lee Garrett s knowledge of his hometown makes him a valuable asset to one of the many small teams needed for control of the choke points out of Los Angeles The small town of Agua Dulce lies directly in the path of desperate people trying to flee the chaos of the big city Lee agrees to join a small force of soldiers Flown to Agua Dulce on military choppers Lee and Jake build a small but capable force of professionals and volunteers The soldiers police and volunteers band together helping the needy and fighting those who wreak havoc The situation goes from difficult to worse when a major terrorist cell heads toward Agua Dulce setting the stage for a major battle between good and evil The story does not end with this first book

Railroad Crossing William F. Deverell, 1994-03-02 Nothing so changed nineteenth century America as did the railroad Growing up together the iron horse and the young nation developed a fast friendship Railroad Crossing is the story of what happened to that friendship particularly in California and it illuminates the chaos that was industrial America from the middle of the nineteenth century through the first decade of the twentieth Americans clamored for the progress and prosperity that railroads would surely bring and no railroad was more crucial for California than the transcontinental line linking East to West With Gold Rush prosperity fading Californians looked to the railroad as the state s new savior But social upheaval and economic disruption came down the tracks along with growth and opportunity Analyzing the changes wrought by the railroad William Deverell reveals the contradictory roles that technology and industrial capitalism played in the lives of Americans That contrast was especially apparent in California where the gigantic corporate Octopus the Southern Pacific Railroad held near monopoly status The state s largest employer and biggest corporation the S P was a key provider of jobs and transportation and wielder of tremendous political and financial clout Deverell s lively study is peopled by a rich and disparate cast railroad barons newspaper editors novelists union activists feminists farmers and the railroad workers themselves Together their lives reflect the many tensions political social and economic that accompanied the industrial transition of turn of the century America
