The Hagakure Code To The Way Of The Samurai:

The Way of the Samurai, Hagakure, Illustrated Edition Ptw Edutainment, 2020-10-20 Hagakure Hidden Leaves was originally written in Japanese by Yamamoto Tsunetomo a Samurai in the early 1700s It contains philosophies centered on loyalty devotion purity selflessness and living in the present moment with a strong clear mind Although the Hagakure was written centuries ago for Samurai warriors that no longer exist the wisdoms within are still practical even in our modern times There is surely nothing other than the single purpose of the present moment A man s whole life is a succession of moment after moment There will be nothing else to do and nothing else to pursue Live being true to the single purpose of the moment Matters of great concern should be treated lightly and matters of small concern should be treated seriously

Potholm,2016-08-03 The third book in Professor Christian Potholm s war trilogy which includes Winning at War and War Wisdom Understanding War provides a most workable bibliography dealing with the vast literature on war and warfare As such it provides insights into over 3000 works on this overwhelmingly extensive material Understanding War is thus the most comprehensive annotated bibliography available today Moreover by dividing war material into eighteen overarching themes of analysis and fifty seminal topics and focusing on these Understanding War enables the reader to access and understand the broadest possible array of materials across both time and space beginning with the earliest forms of warfare and concluding with the contemporary situation Stimulating and thought provoking this volume is essential for an understanding of the breadth and depth of the vast scholarship dealing with war and warfare through human history and across cultures
