The Heart An Analysis Of Human And Divine Affectivity:

The Heart Dietrich Von Hildebrand, 2007 The second half of *The Heart* makes the philosophical analysis fruitful for our understanding of the affectivity of the God Man Here readers will not only find important contributions of theology and spiritually but also an illuminating re reading of familiar Scriptural passages **BOOK JACKET** **The Sacred Heart : an Analysis of Human and Divine Affectivity** Dietrich Von Hildebrand, 1965 **I Am With You Always** Benedict C.F.R. Groeschel, 2011-02-18 A Study of the History and Meaning of Personal Devotion to Jesus Christ for Catholic Orthodox and Protestant Christians The devotional life of Christians over the two millennia since Jesus birth has been one of motion changing and growing in response to the challenges presented to the Church the temperaments of newly baptized nations and controversies about how we can and should relate to God And yet the core of authentic Christian devotion has not changed it remains today as it was in the time of the Church Fathers the trusting and personal encounter with Christ that is both open and foundational to the life of all Christian believers In this book the well known spiritual writer and teacher Fr Benedict Groeschel C F R surveys the development and trials of Christian devotion from the days of the martyrs until the twentieth century Tracking it through the centuries and among sadly divided branches of Christianity he finds a commonality of experience and even of language that is constantly ignored among Christians themselves By observing what image of Christ the canvas of common devotion portrays he hopes we will move not to discredit this image but to sharpen it and make it more consistent with the New Testament and the ancient Church Though the devotional life is sometimes brushed off as unimportant in comparison to a theological understanding of Christ Groeschel warns that such dismissal threatens to make distant unknown and obscure the Savior who said I am with you always The answer instead is to draw near to Jesus in devotion and with authentic expressions of that devotion which themselves help paint the image of Christ found concretely in revelation onto the minds and daily life of the devout Begun on a pilgrimage to the Holy Land and the result of years of preparation and a whole life of guiding people as priest public preacher psychologist and spiritual director this book will help Catholic Orthodox and Protestant believers gain not only a comprehensive view of how pious Christians over the centuries have lived out their devotion to God but the examples and perspective they need to live more devoutly today *One of the Trinity Has Suffered: Balthasar's Theology of Divine Suffering in Dialogue* Joshua R. Brotherton, 2020-01-01 Hans Urs von Balthasar's discourse on the descent of Christ into hell and its implications for the Triune God have been disputed for half a century *One of the Trinity has Suffered* evaluates and revises von Balthasar's theology of divine suffering in a way that interacts with and significantly enriches contemporary Catholic theology In this book Joshua R Brotherton engages twentieth century Thomistic theology as well as the thought of Pope Emeritus Benedict XVI Joseph Ratzinger and Pope St John Paul II Drawing from the vast secondary literature on von Balthasar Brotherton offers a balanced assessment of his work on the topic of divine suffering both critical and appreciative Recognizing von Balthasar's laudable attempt to integrate mystical

spirituality and systematic theology Brotherton seeks to distinguish valid insights from confused mixtures of metaphorical meta symbolic and philosophical metaphysical discourse on God particularly with respect to the classical problem of how the Creator who willed to become incarnate may be said to suffer Truly One of the Trinity has suffered and yet this mystery of faith must be carefully explained and understood in conformity with sustained Catholic reflection on divine immutability and simplicity the dual nature and unique personhood of Christ the Trinity of divine subsistent relations the freedom of God in creating and becoming man the analogy of being the problem of evil and the immensity and infinite value of Christ s redemptive suffering

The Catholic Reception of Continental Philosophy in North America Gregory P. Floyd, Stephanie Rumpza, 2020-01-29 This volume by leading philosophers and theologians explores the reception of continental philosophy in North America and its ongoing relation to Catholic institutions What has prompted so many North American Catholics to support this particular school of thought Why do so many Catholics continue to find continental philosophy attractive and why do so many continental philosophers work in Catholic departments The establishment of the relationship between continental philosophy and Catholicism was not obvious nor was it easy Many of the contributors to this volume have played important roles in its development and in these pages they take a stance on this evolving relationship and demonstrate that the engagement is far from over Exploring the mutual interests that made this alliance possible as well as the underlying tensions the volume

provides for the first time an extended reflection on the historical institutional and intellectual relationship between Catholicism and continental philosophy on North American soil up to the present day *The New Yearbook for Phenomenology and Phenomenological Philosophy* Burt C. Rationality within Modern Psychological Theory James A. Harold, 2016-06-15 Rationality within Modern Psychological Theory examines the rational and irrational dimensions of human nature and of the psyche and logos Harold combines the traditionally divided views of classical philosophy's affirmation of the existence of intellect and modern psychology's emphasis on immanent psychological factors over rational transcendent relations By accepting the power of being in an adequate relation to reality while still admitting the manifold ways that people evade truth and reality psychologists will be able to emphasize the power of an individual to establish a truthful relation with reality This book is recommended for scholars of psychology and philosophy
