The Heart Of Lichien:

The Heart of Lichien T. S. Clayton, 2005-02 Sennovia A land far to the north shadowed in mysticism A place spoken about only in whispers a place cursed Yet it is a place Kellen finds he has to go despite his fears as Black Guard invade his homeland He is captured by the rebels and unwittingly joins their cause to save the Throne and a beloved princess His path seems simple until he meets Sasheer a man hauntingly familiar handsome but more dangerous than all the dark whispers combined Plagued by nightmares he must decide what is real and what is imagined before the past kills them all *Lichen* Tufts Elizabeth C. Wright, 1860 *Observations on Pulmonary Consumption, Or An Essay on the Lichen Islandicus*

Jean-Baptiste Étienne Benoît Olive Regnault, 1804 **Trouble with Lichen** John Wyndham, 2022-07-05 A sharp amusing story The Guardian about the fountain of youth and its implications for women s rights by one of the twentieth century s most brilliant and neglected science fiction and horror writers whom Stephen King called the best writer of science fiction that England has ever produced It was a genius move for John Wyndham to center an age slowing narrative on women who are still today pressured to remain youthful looking forever or succumb to social invisibility Wyndham was uniquely gifted at skewering humankind s foibles while maintaining a shred of hope that our better angels would prevail Kate Folk from the introduction What if humans discovered the secret to prolonged life Francis Saxover and Diana Brackley two biochemists investigating a rare lichen separately discover that it has a remarkable property It slows the aging process almost to a halt Francis realizing the horrifying implications of an ever youthful wealthy elite decides to keep his findings a secret But the younger and more daring Diana sees an opportunity to overturn the male status quo and free women from the career versus children binary in short a chance to remake the world **Moss and Lichen** Elizabeth Lawson, 2024-12-13 A fascinating guide to the natural and cultural significance of mosses and lichens Moss and Lichen is a celebration of the extraordinary biology beauty and resilience of two unassuming organisms Endowed with unique abilities to thrive in extreme habitats mosses and lichens defy easy categorization Mosses which are integral to the plant kingdom and lichens which are a kingdom unto themselves colonize a variety of landscapes from rainforests to deserts to urban streets Long neglected for lacking flowers these organisms are now beloved for their significant role in maintaining the health of our world s ecosystem Elizabeth Lawson describes how mosses and lichens shape landscapes prevent erosion and sequester carbon but she also offers a wide ranging introduction to the biologists artists and writers inspired by their beauty Moss and Lichen will inspire a newfound appreciation for these unsung heroes of the natural world **Sweep of the Heart** Ilona Andrews, 2022-12-13

From the New York Times 1 bestselling author Ilona Andrews comes a fun and action packed new adventure in the Innkeeper Chronicles We invite you to relax enjoy yourself and above all remember the one rule all visitors must obey the humans must never know Life is busier than ever for Innkeeper Dina DeMille and Sean Evans But it s about to get even more chaotic when Sean s werewolf mentor is kidnapped To find him they must host an intergalactic spouse search for one of the most powerful

Alternative Temporalities Teresa Valentini,Angela Weiser,John Zilcosky,2024-11-30 Alternative temporalities have often emerged as a reaction to the normativizing force of time demonstrating that time can be used as an instrument of power and oppression but also as a means to resist this very oppression Alternative Temporalities draws on analyses of modern literature to examine this often neglected role of time By exploring forms of temporal resistance in artistic representation such as short stories and novels that challenge the imposition of colonial gender or capitalist temporal orders the book reveals how storytelling can be an essential tool in questioning and pushing back against coercive temporal structures The book analyses literary representations of time that challenge dominant temporalities and intersect different disciplines such as gender and sexuality studies trauma and Indigenous studies race and identity and religion It features narrative analyses proposing alternative embodied experiences of time focusing on topics including the temporality of the AIDS affected body the experience of time in prison and slowness in opposition to modern acceleration Ultimately Alternative Temporalities aims to create new theories as well as practices that may foster more diverse and inclusive ways of perceiving and embodying time

Victorian Poetry and the Culture of the Heart Kirstie Blair,2006-04-27 Victorian Poetry and the Culture of the Heart is a significant and timely study of nineteenth century poetry and poetics It considers why and how the heart became a vital image in Victorian poetry and argues that the intense focus on heart imagery in many major Victorian poems highlights anxieties in this period about the ability of poetry to act upon its readers In the course of the nineteenth century this study argues increased doubt about the validity of feeling led to the depiction of the literary heart as alienated distant outside the control of mind and will This coincided with a notable rise in medical literature specifically concerned with the pathological heart and with the development of new techniques and instruments of investigation such as the stethoscope As poets feared for the health of their own hearts their poetry embodies concerns about a widespread culture of heartsickness in both form and content In addition concerns about the heart s status and actions reflect upon questions of religious faith and doubt and feed into issues of gender and nationalism This book argues that it is vital to understand how this wider culture of the heart informed poetry and was in turn influenced by poetic constructs Individual chapters on Barrett Browning Arnold and Tennyson explore the vital presence of the heart in major works by these poets including Aurora Leigh Empedocles on Etna In Memoriam and Maud while the wide ranging opening chapters present an argument for the mutual influence of poetry and physiology in the period and trace the development of new theories of rhythm as organic and affective
