The Herbert Correspondence:

The Herbert Correspondence William James Smith, University of Wales Press, 1963 *The Correspondence of Edmund Burke: Volume 10, Index* Edmund Burke, 1978-03-30 Edmund Burke PC 12 January NS 1729 1 9 July 1797 was an Irish statesman author orator political theorist and philosopher who after moving to England served for many years in the House of Commons of Great Britain as a member of the Whig party He is mainly remembered for his support of the cause of the American Revolutionaries and for his later opposition to the French Revolution The latter led to his becoming the leading figure within the conservative faction of the Whig party which he dubbed the Old Whigs in opposition to the pro French Revolution New Whigs led by Charles James Fox Burke was praised by both conservatives and liberals in the 19th century Since the 20th century he has generally been viewed as the philosophical founder of modern conservatism as well as a representative of classical liberalism Wikipedia **CCB** George Martin, 2025-10-16 The exemplary life of an extraordinary politician and reformer A meticulously researched substantial contribution to New York history Kirkus Reviews Though he held no elected or appointed office the New York City lawyer Charles C Burlingham had great influence with those who did and used it in unusual ways George Martin s surprising biography shows how one citizen working quietly behind the scenes became a power broker who transformed his country s civic life Growing up after the Civil War CCB as everyone called him was enthralled by America s dynamism of his city but shocked by the social costs of modernization and he deplored the endemic corruption of city politics eventually he let his law practice take a backseat to civil reform work His second career in meddling as he called it helped to put great judges on the bench among them Benjamin Cardozo and climaxed when he arranged the Fusion reform ticket on which Fiorello La Guardia swept to victory in 1933 Nor does Martin neglect Burlingham s private life his eccentric wife tragically afflicted son and daughter in law Dorothy Tiffany Burlingham who took CCB s grandchildren off to Vienna to be analyzed as she was by Sigmund and Anna Freud This adroit engaging account of a high spirited good hearted talented man chronicling his witty effective commitment to social betterment vividly documents a century of change in the ways Americans lived their cities were governed and their nation fought wars **A Guide to Archives and Manuscript Collections in the History of Chemistry and Chemical Technology** Colleen Wickey, Center for History of Chemistry (U.S.), 1987 A thorough inventory of research resources in American repositories the Guide lists collections in the history of chemistry and chemical engineering the chemical and pharmaceutical industries and a number of related chemical process industries and businesses from personal and professional papers of chemical scientists and engineers to business records of the chemical process industries [Guide to Research Collections of Former United States Senators, 1789-1995](#) Diane B. Boyle, 1995 **The English Deists** Wayne Hudson, 2015-10-06 Interprets the works of an important group of writers known as the English deists This title argues that this interpretation reads Romantic conceptions of religious identity into a period in which it was lacking It contextualizes these writers within the early Enlightenment which

was multivocal plural and in search of self definition

Peacemaking and Religious Violence Roger A

Johnson, 2011-05-26 From its very beginning Christian faith has been engaged with religious violence The first Christians were persecuted by their co religionists and then by imperial Rome Jesus taught them in such circumstances not to retaliate but to be peacemakers to love their enemies and to pray for their persecutors Jesus s response to religious violence of the first century was often ignored but it was never forgotten Even during those centuries when the church herself persecuted Christian heretics Jews and Muslims some Christians still struggled to bear witness to the peace mandate of their Lord In the thirteenth century Thomas Aquinas wrote a theology to help his Dominican brothers persuade Cathar Christians to return to their Catholic faith peacefully Ramon Lull a Christian student of Arabic and the Qur an sought to help his fellow Christians recognize the elements of belief they shared in common with the Muslims in their midst In the fifteenth century Nicholas of Cusa a Church Cardinal and theologian expanded Lull s project to include the newly discovered religions of Asia In the seventeenth century Lord Herbert an English diplomat and lay Christian began to identify the political union of church and government as a causal factor in the religious warfare of post Reformation Christendom One and a half centuries later Thomas Jefferson a lay theologian of considerable political stature won a political struggle in the American colonies to disestablish religion first in his home colony of Virginia and then in the new nation he helped to found All five of these theologians reclaimed the peace mandate of Jesus in their response to the religious violence of their own eras All of which points us to some intriguing Christian responses to religious violence in our own century as recounted in the epilogue **A**

Prologue, 1969 Rhetoric As Currency Davis W. Houck, 2001 Hoover the president of economic depression Roosevelt the president of recovery the public images of these two men are so firmly fixed that they offer shorthand ways to talk about the era we know as the Great Depression Yet their views on economic policy for taking the country out of its greatest economic calamity were not so different as is often supposed Indeed the famed journalist Walter Lippmann once claimed that Roosevelt s legislative measures represented a continuous evolution of the Hoover measures Moreover both Hoover and Roosevelt shared a Keynesian conviction that public confidence was vital to recovery They differed markedly of course in their ability to restore that confidence Roosevelt s advantage lay not just in his position in the changing of the guard He employed a skilled staff of speech writers and he had the negative example of Hoover before him from which to plot rhetorical strategies that would be more effective In *Rhetoric as Currency* Houck uses the historical context of the Great Depression to explore the relationship of rhetoric to the economy and specifically economic recovery He closely analyzes Hoover s rhetorical corpus from March 4 1929 through March 3 1933 and Roosevelt s from January 3 1930 through June 16 1933 This longitudinal study allows him to understand rhetoric as a process rather than a series of isolated discrete products Houck first examines Hoover s presidential rhetoric tracing its paradoxes and the radical shift that occurred in the final year

of his administration The Depression in his rhetoric was a foe to be vanquished by an optimistic Christian and civic faith not federal legislation Once he determined that federal intervention was indeed required he could not return to the dais rather he relied on an antagonistic press to carry his message of confidence Abdicating the rhetorical pulpit he left it in the hands of those opposed to him Houck then studies the economic rhetoric of Franklin Roosevelt as governor candidate president elect and finally president He traces the key similarities and differences in Roosevelt s economic rhetoric with particular attention to an embodied economics wherein recovery was premised less on mental optimism than a physical active confidence
