The Beat Makers Anthony Hogan, 2017-08-15 The stories of the bands and the people who made Liverpool the home of Rock n Roll in the early sixties

Other Voices: Hidden Histories of Liverpool's Popular Music Scenes, 1930s-1970s Michael Brocken, 2016-05-23 At times it appears that a whole industry exists to perpetuate the myth of origin of the Beatles There certainly exists a popular music or perhaps rock origin myth concerning this group and the city of Liverpool and this draws in devotees as if on a pilgrimage to Liverpool itself Once within the city local businesses exist primarily to escort these pilgrims around several almost iconic spaces and places associated with the group At times it all almost seems spiritual One might argue however that like any function myth the music history of the Liverpool in which the Beatles grew and then departed is not fully represented Beatles historians and businessmen alike have seized upon myriad musical experiences and reworked them into a discourse that homogenizes not only the diverse collective articulations that initially put them into place but also the receptive practices of those travellers willing to listen to a somewhat linear exclusive narrative Other Voices therefore exists as a history of the disparate and now partially hidden musical strands that contributed to Liverpool's musical countenance It is also a critique of Beatles related institutionalized popular music mythology Via a critical historical investigation of several thus far partially hidden popular music activities in pre and post Second World War Liverpool Michael Brocken reveals different yet intrinsic musical and socio cultural processes from within the city of Liverpool By addressing such scenes as those involving dance bands traditional jazz

folk music country and western and rhythm and blues together with a consideration of partially hidden key places and individuals and Liverpool's first real record label an assemblage of other voices bears witness to an other seldom discussed Liverpool By doing so Brocken born and raised in Liverpool asks questions about not only the historicity of the Beatles Liverpool narrative but also about the absence of

New York Magazine, 1982-08-09 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

[The Cavern Club](#) Spencer Leigh., 2015-10-03 This is the story of the Cavern Club the most famous club in the world The Cavern saw the birth of the Beatles and Merseybeat and more Respected author music journalist and Merseybeat historian Spencer Leigh with a little help from Sir Paul McCartney who provides the Foreword tells the Cavern's history by talking to the owners hundreds of musicians who played at the club the backroom staff and fans Spencer paints a vivid picture of the Cavern from its days as a jazz club through the Beatles years to the present

Speech-less Matthew Latimer, 2010-09-07 New York Times Bestseller From a former White House speechwriter comes a deliciously candid memoir about official Washington a laugh out loud cri de coeur that shows what can happen to idealism in a town driven by self interest An entertaining book about what goes on or doesn't in Washington American Spectator Despite being raised by reliably liberal parents Matt Latimer is lured by the upbeat themes of the Reagan Revolution and in the tradition of Mary Tyler Moore sets off from the Midwest for the big city Determined to make it after all Matt daydreams of eradicating do nothing boondoggleism and leading America to new heights of greatness But first he has to find a job Like an inside the Beltway Dante Matt descends into Washington D C hell and snares a series of increasingly lofty but unsatisfying jobs with powerful figures on Capitol Hill When Fate offers Matt a job as chief speechwriter for Secretary of Defense Donald Rumsfeld and Matt finds he actually admires the man causing his liberal friends to shake their heads in dismay his youthful passion is renewed But Rummy soon becomes a pi ata for the press and the Department of Defense is revealed as alarmingly dysfunctional Eventually Matt lands at the White House his heart aflutter with the hope that here at last he can fulfill his dream of penning words that will become part of history and maybe pick up some cool souvenirs But reality intrudes once again More like The Office than The West Wing the nation's most storied office building is run by staffers who are in way over their heads and almost everything the public has been told about the major players Bush Cheney Rice Rumsfeld Rove is wrong Both a rare behind the scenes account that boldly names the fools and scoundrels and a poignant lament for the principled conservatism that disappeared during the Bush presidency Speech less will forever change the public's view of our nation's capital and the people who joust daily for its power Praise for Speech less Deft surprising darned entertaining Christopher Buckley It's a good read quite frankly the stories are funny
