The Parisian Worlds Of Frederic Chopin:

The Parisian Worlds of Frédéric Chopin William G. Atwood, 1999-01-01 In 1831 Chopin stopped in Paris on his way to London fleeing his native Warsaw after Russia's brutal repression of an insurrection there. Entranced by the lively social and artistic scene in the city, the musician remained there until his death in 1849. In this engaging book, William Atwood recreates the Paris that Chopin knew, providing vivid details about its places, people, and politics and showing how these affected the sensitive musician during an enormously fruitful period in his career. Drawing on many contemporary sources, Atwood brings to life the musicians, writers, artists, courtesans, salon hostesses, politicians, doctors, businessmen, and messianic Polish emigres who lived in Paris. He describes the theaters, music halls, and salons of Paris as well as its less glamorous worlds filled with the political conflicts and economic fluctuations of the July Monarchy. He tells about the city's newly awakened social consciousness and the philosophers and writers, including George Sand, who fostered it. The book sheds brilliant new light on both Paris and Chopin and will be delightful reading for lovers of the city or the musician. Frédéric Chopin William Smialek, Maja Trochimczyk, 2015-06-05 Frédéric Chopin: A Research and Information Guide is an annotated bibliography concerning both the nature of primary sources related to the composer and the scope and significance of the secondary sources which deal with him, his compositions, and his influence as a composer. The second edition includes research published since the publication of the first edition and provides electronic resources. *Undergraduate Musicology Research: Studies in Music History* Daniel Szelogowski, 2019-11-08 This book contains a collection of three research papers during undergraduate coursework by Daniel Szelogowski. The works recall three lesser-known composers: Francesco Landini, Frédéric Chopin, and Karol Szymanowski, all of which have many sources of misinformation or lack of information overall.

New Illustrated Lives of Great Composers: Chopin Ates Orga, 2015-03-15 **Chopin in Britain** Peter Willis, 2017-12-14 In 1848, the penultimate year of his life, Chopin visited England and Scotland at the instigation of his aristocratic Scots pupil Jane Stirling. In the autumn of that year, he returned to Paris. The following autumn, he was dead. Despite the fascination the composer continues to hold for scholars, this brief but important period and his previous visit to London in 1837 remain little known. In this richly illustrated study, Peter Willis draws on extensive original documentary evidence as well as cultural artefacts to tell the story of these two visits and to place them into aristocratic and artistic life in mid-nineteenth-century England and Scotland. In addition to filling a significant hole in our knowledge of the composer's life, the book adds to our understanding of a number of important figures, including Jane Stirling and the painter Ary Scheffer. The social and artistic milieux of London, Manchester, Glasgow, and Edinburgh are brought to vivid life. **A Most Beautiful Deception** Melissa Morelli Lacroix, 2014-01-21 Melissa Morelli Lacroix explores the love, longing, loss, and pain, grief, and healing found in the music of Frédéric Chopin, Clara Schumann, and Claude Debussy in a series of poetic cycles that respond to each composer's work. Lacroix writes with her ear finely tuned to the music of death and decay, to the harmonies and discords.

of music nature and human desire Always in *A Most Beautiful Deception* we find the chords of love and devotion being torn apart by the deterioration of the body Lacroix uses her research into the composers lives to add layers and nuance thus creating a complex triangle between the reader the music and the poet Woven almost imperceptibly into these accounts of three composers and their respective fights against the decay of the body and the mind lies the thread of the poet s own relationships and loss
