Kabala

קבל

The *Kabbala* originated as an inner esoteric teaching of Judaism. It is a method of teaching which was passed from Master to disciple, from teacher to pupil. *Kabbala* is the Hebrew word meaning "to receive" inner wisdom; "from mouth to ear", an oral tradition. There is no single book called the *Kabbala*, rather it is a body of knowledge. Two primary texts are: *The Sepher Yetzirah* "The Book of Formation" and *The Zohar* "The Book of Splendor". Various spellings can be found in referring to the *Kabbala* / *Kabbalah*. These variations correspond with different historical periods and traditions.

THE TREE
OF LIFE
□ ~ ~ ~ □
Otz Chilm

The term "Tree of Life" was popularized during the Middle Ages. The ten Sephiroth are "emanations," or "spheres."

Each circle, Sephiroth = a vessel, and represents an energy. Energies across from each other balance one another. Severity without Mercy is cruelty. Mercy without Severity is weakness.

The Tree of Life is a visual representation of the path of return to God. By ascending from bottom to top in reverse order (10 back to 1) through the Sephiroth: or by a more direct path through the middle pillar.

The Tree of Life can be used as a template for a multitude of systems that give understanding and thus allow one to arrange and order life in the manner of a filing cabinet.

The Paths Of The Kabala:

The Path of Kabbalah Michael Laitman, Rav Michael Laitman, 2005-01-01 Kabbalists state that there is no reality at all but something called His Essence the Upper Force and this is what we perceive as our world As uncanny as it sounds this notion hides in its wings the very prospect of freedom for every person for every nation and for the entire world The structure and the perception of reality are the surface of this book But the story of humanity or more accurately of the human soul is the undercurrent that drives the reader forward in this book It is about you about me about all of us This book is about the way we were the way we are the way we will be and most importantly it is about the best way to get there In this neatly structured composition every part speaks of a different aspect of Kabbalah It starts with our perception of reality our perception of the Creator and the evolution of our soul in the spiritual worlds including explanatory drawings The book also clears up misconceptions about Kabbalah and explains in plain words how to experience the spiritual realm of our lives

Awakening to the Spirit Within: Eight Paths Pamela Smith Allen, PhD, 2003-09-12 The premise of *Awakening to the Spirit Within* is that all beings are connected by a spiritual energy which forms the essence of who they truly are Eight paths which facilitate an awakening to this essence are explored Native American Spirituality Taoism Hinduism Buddhism Kabbalah Jesus and the Christ Within Sufism and The New Thought Movement Practice exercises and references are also included This book highlights some of the unique gifts which various spiritual traditions have to offer our world In addition it explores the mystical threads of connection which underlie them Like the title suggests it also gives ways of listening to guidance from within The author includes messages from her own inner guidance in an effort to illustrate how this may occur Her openness provides more warmth and intimacy than is usually found in such a book In these uncertain times there has been an upsurge of interest in books related to spirituality religion and mysticism People are looking for ways to heal rather than destroy our planet That is why this book and others like it are so timely and important in moving us closer to our shared goal of creating a more peaceful and harmonious world
