Diasporas and Ethnic Migrants Rainer Munz, Rainer Ohliger, 2004-08-02 This work adopts a comparative approach to explore interrelations between two phenomena which so far have rarely been examined and analysed together namely the dynamics of diaspora and minority formation in Central and Eastern Europe on the one hand and the diaspora migration on the other *Routledge Handbook on Middle Eastern Diasporas* Dalia Abdelhady, Ramy Aly, 2022-08-08 Bringing together different strands of research on Middle Eastern diasporas the *Routledge Handbook on Middle Eastern Diasporas* sheds light on diverse approaches to investigating diaspora groups in different national contexts Asking how diasporans forge connections and means of belonging the analyses provided turn the reader's gaze to the multiple forms of belonging to both peoples and places Rather than seeing diasporans as marginalised groups of people longing to return to a homeland analyses in this volume demonstrate that Middle East diasporans like other diasporas and citizens alike are people who respond to major social change and transformations Those we count as Middle Eastern diasporans both in the region and beyond contribute to transnational social spaces and new forms of cultural expressions Chapters included cover how diasporas have been formed the ways that diasporans make and remake homes the expressive terrains where diasporas are contested how class livelihoods and mobility inflect diasporic practices the emergence of diasporic sensibilities and finally scholarship that draws our attention to the plurilocality of Middle Eastern diasporas Offering a rich compilation of case studies this book will appeal to students of Middle Eastern Studies International Relations and Sociology as well as being of interest to policymakers government departments and NGOs *The ^ADomestic Abroad* Latha Varadarajan, 2010-10-08 This book

proposes a re consideration of both the meaning of transnationalism and the nature of national and state identity in global politics In order to do this the author draws from two literatures that are rarely brought into conversation with International Relations scholarship postcolonial theory and historical materialism developing her argument through an analysis of the post 1947 Indian state and the relationship between its emergent economic power and its diaspora Nations Abroad Charles King, 2018-02-19 This book discusses trans border ethnic populations in the former Soviet Union in a broader conceptual context highlighting the importance of diaspora issues both for post Sovietologists and for scholars of comparative politics and international relations in general **Diasporas in the New Media Age** Andoni Alonso, Pedro Oiarzabal, 2010-04-01 The explosion of digital information and communication technologies has influenced almost every aspect of contemporary life

Diasporas in the New Media Age is the first book length examination of the social use of these technologies by emigrants and diasporas around the world The eighteen original essays in the book explore the personal familial and social impact of modern communication technology on populations of European Asian African Caribbean Middle Eastern and Latin American emigrants It also looks at the role and transformation of such concepts as identity nation culture and community in the era of information technology and economic globalization The contributors who represent a number of disciplines and national origins also take a range of approaches empirical theoretical and rhetorical and combine case studies with thoughtful analysis Diasporas in the New Media Age is both a discussion of the use of communication technologies by various emigrant groups and an engaging account of the immigrant experience in the contemporary world It offers important insights into the ways that dispersed populations are using digital media to maintain ties with their families and homeland and to create new communities that preserve their culture and reinforce their sense of identity In addition the book is a significant contribution to our understanding of the impact of technology on society in general

Cultures in Motion Peter N. Stearns, 2001-01-01
 Kulturens vandring fra forhistorisk tid til nutiden *Cultural Governance and Resistance in Pacific Asia* William A. Callahan, 2006-05-03 This text examines the politics of culture and the culture of politics in Pacific Asia through case studies on the South Pacific China South Korea Thailand and Southeast Asia The contexts and cultures of the chapters are wide ranging and Callahan skilfully ties them together with the objective of analyzing the relation between the state s cultural governance and resistance to it The themes covered include governmentality and cultural production popular culture and resistance East West relations gender identity and democracy civil society social movements and democracy national and transnational identity production Cultural Governance and Resistance in Pacific Asia addresses the dynamics between Asian studies and cultural studies and the overlap between comparative politics and international relations and as such will appeal to students and scholars of Asian studies cultural studies comparative politics sociology and anthropology alike
