Sister Circle:

The Sister Circle Vonette Z. Bright, Nancy Moser, 2003 A Victorian house becomes a refuge for seven woman of all ages and backgrounds as they bond together in sisterhood *Soothe Your Nerves* Angela Neal-Barnett, 2010-06-15 Do you or someone you love suffer from bad nerves Denise is constantly on edge She s convinced something bad is going to happen Ruth will drive an hour out of her way to avoid driving over a bridge When she has to do it her chest thumps her heart starts racing and she breaks out in a sweat She s beginning to think she shouldn t leave her house Bernice hasn t slept in two months for fear that the witch is going to ride her again What do these women have in common They are struggling with crippling anxiety disorders Thousands of Black women suffer from anxiety What s worse is that many of us have been raised to believe we are Strong Black Women and that seeking help shows weakness So we often turn to dangerous quick fixes that only exacerbate the problem like overeating and drug and alcohol abuse or we deny that we have problems at all In *Soothe Your Nerves* Dr Angela Neal Barnett explains which factors can contribute to anxiety panic and fear in Black women and offers a range of healing methods that will help you or a loved one reclaim your life Here finally is a blueprint for understanding and overcoming anxiety from a psychological spiritual and Black perspective *Still Working While Black* Antione D. Tomlin, 2023-06-01 Just as the first edited volume of this book *Working While Black The Untold Stories of Student Affairs Practitioners* examined student affairs professionals narratives and how they navigate their professional experiences this one has a similar aim This new volume birthed from the overwhelmingly positive feedback and massive interest from other Black professionals needing to share and tell their stories So with that in mind a goal of this book is to share more of the untold stories of Black student affairs practitioners by Black student affairs practitioners Tomlin 2022 p X This book crafted from an asset based approach chapter authors share the challenges and opportunities they have experienced due to being a Black while working as a student affairs practitioner Additionally chapter authors provide poignant advice on how current and potential student affairs professionals can successfully navigate the field Authors within the book are from various student affairs areas and have a wide range of knowledge expertise and lived experiences Such areas include Greek Life Residence Life Athletics International Student Support Diversity Access Career Services Financial aid Enrollment and more Given the depth and breadth of experiences and expertise each chapter will provide poignant suggestions for student affairs practitioners across the nation and institutions looking to understand these experiences to support their employees better College campuses and spaces operate as models of the greater society Therefore all of the challenges and issues of racism discrimination and anti Blackness are present Rankin et al 2017 While students experience these challenges and issues first hand so do the folx hired to support students the student affairs practitioners Kanagala and Oliver 2019 claimed that for institutions of higher education to be equitable and inclusive college administrators faculty and staff including student affairs professionals must attend to the needs of students especially students with multiple marginalized identities p

410 I argue the same is accurate in creating more equitable and inclusive spaces for student affairs employees Student affairs practitioners Blackness must be accepted to move toward equity and inclusivity So this book roars student affairs and white colleagues please respect our Blackness Our Blackness is a part of our story not yours Tomlin 2022 p 176 Higher education institutions can learn much from the stories shared in this book that can inform the recruitment and retention of Black professionals Thus Still Working While Black The Untold Stories of Student Affairs Practitioners is a must read for all higher education professionals and institutions looking for strategies to support Black student affairs practitioners

Pauly, 2023-09-25 Feminist Mentoring in Academia offers a varied collection of autoethnographic and research based accounts of support struggle and resilience from the ivory tower Contributors write about the moments in between where feminist mentoring initiates renews thrives and sometimes struggles The work presented in this book highlights how feminist mentoring happens between professor and student junior faculty and tenured and occurs repeatedly Featuring contributions from scholars at varying points in their academic careers the chapters of this book propose best feminist mentorship practices disclose personal narratives and critique traditional forms of mentoring with visions for feminist mentorship futures Scholars of communication feminist studies higher education and sociology will find this book of particular interest Sister Circle: The Power of Sisterhood Cheryle T. Ricks, 2015-01-09 This book is written with courage and bracing honesty The author before she does anything else shares her own story of pain and confusion thereby making it clear that she writes from a well of understanding This is not some abstract checklist of what it takes to be a whole woman rather it is a heartfelt guide composed by a woman who has suffered through and survived the very challenges she wants to help other women overcome Every woman should give this book to at least one other woman and certainly every mother to her daughter And it must be pointed out no man will be the poorer for reading this for a better understanding of how very different a woman's struggles and needs are from his own This book says Woman heal thyself The author makes it clear that this must happen first before a woman can heal others and that this can only happen by embracing God's healing love The author's tone is conversational sometimes even humorous in the midst of calamity Clearly recalled details draw the reader into her experiences teaching through example and the message of God's omnipresence and faithfulness is brought home repeatedly There is universally sound advice here for struggling men as well you are not the mistakes you make Xulon Press Every woman should have a mentor or friend they can look to for advice during both the challenging and joyful times in life Cheryle T Ricks is that friend and through her conversational style of writing you feel as if she's right next to you as you read Her transparency lends authenticity to her life story and credibility to her wise words You'll walk away from this book feeling as if you've made a new friend Erika Bennett Xulon Press Editor **Handbook of Social Justice Interventions in Education** Carol A. The Unchosen Me Rachelle Winkle-Wagner,2009-12-01 Racial and gender inequities persist among college students despite ongoing efforts to combat them Students of color face alienation stereotyping low expectations and lingering racism even as they actively engage in the academic and social worlds of college life The Unchosen Me examines the experiences of African American collegiate women and the identity related pressures they encounter both on and off campus Rachelle Winkle Wagner finds that the predominantly white college environment often denies African American students the chance to determine their own sense of self Even the very programs and policies developed to promote racial equality may effectively impose unchosen identities on underrepresented students She offers clear evidence of this interactive process showing how race gender and identity are created through interactions among one s self others and society At the heart of this book are the voices of women who struggle to define and maintain their identities during college In a unique series of focus groups called sister circles these women could speak freely and openly about the pressures and tensions they faced in school The Unchosen Me is a rich examination of the underrepresented student experience offering a new approach to studying identity race and gender in higher education
