

A movie poster for the film 'Sisters in Arms'. The top half features a close-up of two Black women in military uniforms. The woman on the left is in profile, looking down, while the woman on the right looks forward with a determined expression. They are both wearing olive green berets and collared uniforms with green buttons. The background is a blue sky with several military aircraft flying. The bottom half of the poster is a large, aged, yellowish-brown envelope with a red and white striped flap. The title 'Sisters in Arms' is written in a large, red, cursive font across the envelope. A circular postmark with the word 'PARIS' is visible on the right side of the envelope, and some faint, illegible text is on the left.

**Sisters in Arms** Erica Ruppert, 2021-07-23 Michelle de la Fortuna's research brought her back to the lonely Massachusetts coast and to the house of the reclusive Sisters of Providence For more than sixty years the Sisters have stood watch here first against the terrible pandemic that devastated their town and then against a more insidious threat from the depths of the sea Drawn into the mystery by the last remaining member of the Sisterhood Michelle begins to unravel the connections between the legends the Sisters and her own family history Generational horror with a great Occult Seventies feel Erica Ruppert weaves the sea myth and isolation into a novella rich with creepy atmosphere and deft characterization Recommended Scott R. Crang, 2020-09-03 During the Second World War some 600 000 women were absorbed into the Women's

Auxiliary Air Force the Auxiliary Territorial Service and the Women's Royal Naval Service. These women performed important military functions for the armed forces both at home and overseas and the jobs they undertook ranged from cooking, typing and telephony to stripping down torpedoes, overhauling aircraft engines and operating the fire control instruments in anti-aircraft gun batteries. In this wide-ranging study which draws on a multitude of sources and combines organisational history with the personal experiences of servicewomen, Jeremy Crang traces the wartime history of the WAAF, ATS and WRNS and the integration of women into the British armed forces. Servicewomen came to play such an integral wartime role that the military authorities established permanent regular post-war women's services and in so doing opened up for the first time a military career for women. *Sisters in Arms* Helena Page Schrader, 2015-05-30

During World War II a few carefully selected women in the US and the UK were briefly given the unprecedented opportunity to fly military aircraft. Yet the story of these pioneer women pilots is made even more intriguing by the fact that despite many notable similarities in the utilization and organization of the women in their respective countries they experienced radically different fates. Throughout the war the contribution of the women of the British ATA to the war effort was recognized and praised both from official quarters and in the press. By contrast the American WASPs were first glamorized and made into Hollywood stars and then subjected to a slander campaign. What accounts for this dramatic difference in the treatment of women pilots doing essentially the same job? This book seeks to answer these questions. The women who participated in the ATA and WASP have been allowed to speak for themselves. The story these women have to tell is exciting and intriguing. *Catholic Women's Rhetoric in the United States* Elizabeth A. Wright, Christina R. Pinkston, 2022-01-28

Building on various feminist theories of ethos, the authors in this collection explore how North American Catholic women from various periods, races, ethnicities, sexualities and classes have used elements of the group's positionality to make change. The women considered in the book range from the earliest Catholic sisters who arrived in the United States to women who held the Church hierarchy accountable for the sexual abuse scandals. The book analyzes women such as those in an African American order who developed an ethos that would resist racism. Chapters also consider better-known Catholic women such as Dolores Huerta, Mary Daly and Joan Chittister. **Sisters in Arms** Julie Wheelwright, 2020-02-20

SHORTLISTED FOR THE BRITISH ARMY BOOK OF THE YEAR 2021. A long overdue assertion on the role of women on the battlefield. This book is going straight on my daughter's bookshelf. Dan Snow, historian, TV presenter and broadcaster. *Sisters in Arms* shows the many faces of women in combat from the myths of the ancient world to the headline-grabbing conflicts of today, with a scrupulous attention to their different contexts but a common compassion for their struggles and achievements. Boyd Tonkin, journalist and author. Wheelwright not only uncovers neglected female warriors but she brings their temperaments, talents, fancies and foibles to life. Professor Joanna Bourke, Birkbeck University of London. *Sisters in Arms* charts the evolution of women in combat from the Scythian warriors who inspired the Amazonian myth to the passing soldiers and sailors of the eighteenth century and on to

the re emergence of women as official members of the armed forces in the twentieth century Author Julie Wheelwright traces our fascination with these forgotten heroines using their own words including official documents diaries letters and memoirs to bring their experiences vividly to life She examines their contemporary legacy and the current role of women in the armed forces while calling into question the enduring relationship between masculinity and combat
