Whiting,Paul H. B. Godwin,1976 **Hidden Tibet** Sergius L. Kuzmin,2011-01-01 Tibet is a land of mysteries It is not only about religion and occultism its history remains largely hidden This book disproves some of the erroneous views on the history and religion of the Tibetans Tibet has never been a part of China At the time when China was an inalienable part of the Mongolian Yuan Empire and Manchu Qing Empire Tibet was a separate country dependent on the Mongol and Manchu emperors but never lost its statehood A widespread view that Tibet was an integral part of neighboring empires is related to an ancient Chinese concept of the emperor s universal power Chinese claims to the legacy of the Mongol and Manchu empires are unfounded Incorporating the name of the state into the dynasty of China concept ties sovereign states of other nations to Chinese dynastic history The inclusion of Tibet into the People s Republic of China was not legitimate Tibet is an occupied country This book traces the history of Tibetan statehood from ancient times to our days describes the life of the Tibetans at the times of Feudalism and Socialism the coercive inclusion of Tibet into People s Republic of China the suppression of the national liberation movement the Cultural Revolution and subsequent reforms Many pictures and data concerning these events are being published for the first time The book has garnered much interest in Russia particularly in academic and political science circles **News-Tibet** ,2007 **The Tibetans: Two Perspectives on Tibetan-Chinese Relations** Chris Mullin,Phuntsog Wangyal,1983-08-02 This report provides information on the historical and current situation in Tibet with the aim of contributing to public understanding of the problems It consists of two parts The author of part one compares the theoretical basis for relations between the Chinese Government and minority groups with actual

practice in the largest autonomous region Tibet His account outlines life in Tibet before during and after the 1950 1959 uprising and describes the situation today regarding education religion language and administration He points out that the professed desire of the government to preserve minority cultures has not worked in practice and that Tibet is the least successful example of relations between the government and a minority group While health and welfare of minority groups may have improved official policy has led to the suppression of Tibetan religion and culture with the aim of integrating the Tibetan people in Chinese culture He contends that political oppression and human rights violations are continuing The author of part 2 describes the history of Tibet and of the Dalai Lamas and of the Chinese invasion and its aftermath including the situation of Tibetans in exile He concludes that racial discrimination is becoming increasingly part of the Tibetan problem and warns that the longer the delay in reaching a settlement the more likely that any traces of Tibetan culture remaining will be destroyed Please note that the terminology in the fields of minority rights and indigenous peoples rights has changed over time MRG strives to reflect these changes as well as respect the right to self identification on the part of minorities and indigenous peoples At the same time after over 50 years work we know that our archive is of considerable interest to activists and researchers Therefore we make available as much of our back catalogue as possible while being aware that the language used may not reflect current thinking on these issues Tibet : status of the SinoTibetan dialogue : hearing , **The**
