

Культура епохи Відродження

В основі культури епохи Відродження (14-17ст) лежить принцип гуманізму, утвердження гідності і краси реальної людини, її розуму та волі, її творчих сил. На відміну від культури Середньовіччя, гуманістична культура Відродження носила світський характер. Жагуча спрага пізнання реального світу і захоплення ним сприяли піднесенню науки і привели до відображення в мистецтві найрізноманітніших сторін дійсності і передали величний пафос багатьом творінням художників.

Важливу роль для становлення мистецтва Відродження мало нове розуміння античної спадщини. Вплив античності найсильніше позначився на формуванні культури Відродження в Італії, де збереглося безліч пам'ятників давньоримського та давньогрецького мистецтва.
