Theatre Model of Tragedy Edwin Wong, 2019-02-04 WHEN YOU LEAST EXPECT IT BIRNAM WOOD COMES TO DUNSINANE HILL The Risk Theatre Model of Tragedy presents a profoundly original theory of drama that speaks to modern audiences living in an increasingly volatile world driven by artificial intelligence gene editing globalization and mutual assured destruction ideologies Tragedy according to risk theatre puts us face to face with the unexpected implications of our actions by simulating the profound impact of highly improbable events In this book classicist Edwin Wong shows how tragedy imitates reality heroes by taking inordinate risks trigger devastating low probability high consequence outcomes Such a theatre forces audiences to ask themselves a most timely question what happens when the perfect bet goes wrong Not only does Wong reinterpret classic tragedies from Aeschylus to O'Neill through the risk theatre lens he also invites dramatists to create tomorrow's theatre As the world becomes increasingly unpredictable the most compelling dramas will be high stakes tragedies that dramatize the unintended consequences of today's risk takers who are taking us past the point of no return

is crucial in two respects firstly it has a wide spectrum addressing readers with interests in the play from its early impact as the first sixteenth century revenge tragedy to its afterlife in print on the stage in screen adaptation and bibliographical studies Secondly the collection appears at a time when Kyd and his play are back in the spotlight through renewed critical interest several new stage productions between 2009 and 2013 and its firm presence in higher education curriculum for English and drama

A Cultural History of Tragedy in the Age of Empire Michael Gamer, Diego Saglia, 2021-05-20 This volume traces a path across the metamorphoses of tragedy and the tragic in Western cultures during the bourgeois age of nations revolutions and empires roughly delimited by the French Revolution and the First World War Its starting point is the recognition that tragedy did not die with Romanticism as George Steiner famously argued over half a century ago but rather mutated and dispersed converging into a variety of unstable productive forms both on the stage and off In turn the tragic as a concept and mode transformed itself under the pressure of multiple social historical and political ideological phenomena This volume therefore deploys a narrative centred on hybridization extending across media genres demographics faiths both religious and secular and national boundaries The essays also tell a story of how tragedy and the tragic offered multiple means of capturing the increasingly fragmented perception of reality and history that emerged in the 19th century Each chapter takes a different theme as its focus forms and media sites of performance and circulation communities of production and consumption philosophy and social theory religion ritual and myth politics of city and nation society and family and gender and sexuality

Staging Reform, Reforming the Stage Huston Diehl, 2019-06-07 Huston Diehl sees Elizabethan and Jacobean drama as both a product of the Protestant Reformation a reformed drama and a producer of Protestant habits of thought a reforming drama According to Diehl the popular London theater which flourished in the years after Elizabeth reestablished Protestantism in England rehearsed the religious crises that disrupted divided energized and in many respects revolutionized English society Drawing on the insights of symbolic anthropologists Diehl explores the relationship between the suppression of late medieval religious cultures with their rituals symbols plays processions and

devotional practices and the emergence of a popular theater under the Protestant monarchs Elizabeth and James. Questioning long held assumptions that the reformed religion was inherently antitheatrical, she shows how the reformers invented new forms of theater even as they condemned a Roman Catholic theatricality they associated with magic, sensuality and duplicity. Using as her central texts the tragedies of Thomas Kyd, Christopher Marlowe, William Shakespeare, Thomas Middleton and John Webster, Diehl maintains that plays of the period reflexively explore their own power to dazzle, seduce and deceive. Employing a reformed rhetoric that is both powerful and profoundly disturbing, they disrupt their own stunning spectacles. Out of this creative tension between theatricality and antitheatricality emerges a distinctly Protestant aesthetic.
