The Lancet, 1867 *Sessional Papers*, 1891 Report of the Dominion fishery commission on the fisheries of the province of Ontario 1893 issued as vol 26 no 7 supplement , **The Chapel and Burial Ground on St Ninian's Isle, Shetland: Excavations Past and Present: v. 32** Rachel C. Barrowman, 2017-12-02 This volume is the definitive account of the excavation which led to the discovery of the magnificent hoard of 28 pieces of Pictish silverware on St Ninian's Isle Shetland in 1958 It includes a reassessment of the original archives and finds including an ogham stone found on the site in 1876 and a fantastic collection of glass beads as well as several new small scale excavations on the site of the chapel and its burial ground Taken together this work reveals a long sequence of settlement beginning in the Iron Age The first church was built on the site in the 8th century and accompanied by a long cist cemetery with cross incised stones and shrine sculpture The church may have continued in use into the 9th or 10th centuries and the recent work has confirmed that the famous hoard was buried into its floor There was a degree of continuity between the pre Christian and Christian burials with evidence that the site was a special place for burial before the advent of Christianity The report describes these burials in detail ending the story sometime between the 11th and end of the 12th centuries when an adult male who had died a violent death was moved to be buried on the site Thereafter the site was inundated with wind blown sand A new chapel with an accompanying long cist cemetery was then built above the earlier church and a chancel was added later The associated graveyard continued in use until around 1840 long after the building was demolished *History of France* Jules Michelet, 1847 **The Story of the Diamond Necklace Told in Detail for the First Time** Henry Vizetelly, 1867 [The General Highway Acts, 5 & 6 Will. 4, C. 50, and 25 & 26 Vict.
