Six Studies In Hypocrisy:

Six Studies in Hypocrisy Giles Playfair, 1969 The Trials of Masculinity Angus McLaren, 2008-04-15 In this path breaking history of manhood and masculinity Angus McLaren examines how nineteenth and twentieth century western society created what we now take to be the traditional model of the heterosexual male **The Encryption of Finnegans Wake Resolved** Grace Eckley, 2017-12-19 At risk of life and reputation the reform journalist W T Stead 1849 1912 exposed child vice and white slavery in London and established age 16 for statutory rape Concluding the 1914 Portrait Joyce saluted the Old father old artificer stand me now and ever in good stead and set the path of future works The exemplary life and devotions of Stead provided James Joyce with a model a theme and a purpose Joyce integrated Steadfacts with his own personal emerging autobiography and interpretation of the ongoing Irish national international and even cosmic events In this book Eckley uses new sources to unravel forgotten languages motifs and metaphors and recognizes obscurity as a chrysalis factor in Joyce s *Finnegans Wake* to illuminate Stead s influence on Joyce This book of *Finnegans Wake* criticism will open paths for exciting new efforts in studying Joyce *Governing Morals* Alan Hunt, 1999-08-13 This evocative and broad ranging book traces the history of moral regulation in Britain and the US from the late seventeenth century to the present day Specific coverage is given to movements such as the Society for the Reformation of Manners and the Vice Society the sexual abuse and anti pornography movements and contemporary self help movements Hunt argues that the main impetus for moral regulations often stems from the middle classes rather than those with institutional power but most significantly they provide classic instances of the intimate link between the governance of others and the governance of the self Using the work of Foucault this book analyses how projects of self regulation can manifest themselves into the regulation of others Concurrent with this is the rise of health discourses which play a central role in contemporary discussions of moral governance A Widening Sphere (Routledge Revivals) Martha Vicinus, 2013-10-08 First published in 1977 this book is a companion volume to *Suffer and Be Still* It looks at the widening sphere of women s activities in the Victorian age and testifies to the dual nature of the legal and social constraints of the period on the one hand the ideal of the perfect lady and the restrictive laws governing marriage and property posed limits to women s independence on the other hand some Victorian women chose to live lives of great variety and complexity By uncovering new data and reinterpreting old the contributors in this volume debunk some of the myths surrounding the Victorian woman and alter stereotypes on which many of today s social customs are based Palaces of Pleasure Lee Jackson, 2019-06-25 An energetic and exhilarating account of the Victorian entertainment industry its extraordinary success and enduring impact The Victorians invented mass entertainment As the nineteenth century s growing industrialized class acquired the funds and the free time to pursue leisure activities their every whim was satisfied by entrepreneurs building new venues for popular amusement Contrary to their reputation as dour buttoned up prudes the Victorians reveled in these newly created palaces of pleasure In this vivid

captivating book Lee Jackson charts the rise of well known institutions such as gin palaces music halls seaside resorts and football clubs as well as the more peculiar attractions of the pleasure garden and international exposition ranging from parachuting monkeys and human zoos to theme park thrill rides He explores how vibrant mass entertainment came to dominate leisure time and how the attempts of religious groups and secular improvers to curb immorality in the pub variety theater and dance hall faltered in the face of commercial success The Victorians unbounded love of leisure created a nationally significant and influential economic force the modern entertainment industry

Broken Engagements Saskia Lettmaier, 2010-02-11 The common law action for breach of promise of marriage originated in the mid seventeenth century but it was not until the nineteenth century that it rose to prominence and became a regular feature in law courts and gossip columns By 1940 the action was defunct it was inconceivable for a respectable woman to bring such a case before the courts What accounts for this dramatic rise and fall This book ties the story of the action s prominence and decline between 1800 and 1940 to changes in the prevalent conception of woman her ideal role in society sexual relations and the family It

argues that the idiosyncratic breach of promise suit and Victorian notions of ideal femininity were inextricably and fatally entwined. It presents the nineteenth century breach of promise action as a codification of the Victorian ideal of true womanhood and explores the longer term implications of this infusion of mythologized femininity for the law in particular for the position of plaintiffs. Surveying three consecutive time periods: the early nineteenth century, the high Victorian, and the post-Victorian periods, and adopting an interdisciplinary approach that combines the perspectives of legal history, social history, and literary analysis, it argues that the feminizing process by shaping a cause of action in accordance with an ideal at odds with the very notion of women going to law imported a fatal structural inconsistency that at first remained obscured but ultimately vulgarized and undid the cause of action. Alongside more than two hundred and fifty real-life breach of promise cases, the book examines literary and cinematic renditions of the breach of promise theme by artists ranging from Charles Dickens to P. G. Wodehouse to expose the subtle yet unmistakable ways in which what happened and what changed in the breach of promise courtroom influenced the changing representation of the breach of promise plaintiff in nineteenth and early twentieth-century literature and film.

Madams Fergus Linnane, 2011-10-24 At a time when there were almost no career openings for women, a group of intrepid and gifted females scaled the heights of what was literally a man's world: they became bawds. Mother Clap women bawds were often known as Mother ran male brothels or Molly Houses. Elizabeth Holland had an immense moated mansion built on Bankside and for thirty years entertained the aristocracy, including royalty. When troops attempted to stop her trade and eject her from the house, she and her girls drove them off. The Georgian bawd Charlotte Hayes held a Cyprian Fete at which gentlemen of the highest breeding first watched athletic young men copulating with nubile whores and then joined in themselves. Fergus Linnane reveals the other side of London's years of pomp and splendour, painting a vivid picture of the bawds, their girls, and their clients. *Madams* is fresh and original, offering humour, insight, and a very candid view of the sexual behaviour of Londoners through the ages.

Risk and Substance Use Susanne MacGregor, Betsy Thom, 2020-02-17 This interdisciplinary collection examines the role that alcohol, tobacco, and other drugs have played in framing certain groups and spaces as dangerous and in influencing the nature of formal responses to the perceived threat. Taking a historical and cross-national perspective, it explores how such groups and spaces are defined and bounded, as well as the processes by which they come to be seen as risky. It discusses how issues of perceived danger highlight questions of control and the management of behaviours, people, and environments, and it pays attention to the way in which sanctions and regulations have been implemented in a variety of often inconsistent ways that frequently impact differently on different sections of the population. Bringing together a range of case studies drawn from different countries and across different periods of time, the chapters collected here illustrate issues of marginalisation, stigmatisation, human rights, and social expectations. It is of interest to a diverse audience of historians, philosophers, human geographers, anthropologists, sociologists, and criminologists interested in substance use and misuse, deviance, risk, and power among other
