James weaves together various perspectives to explore profound topics such as life death and energy. By drawing from the Law of Conservation of Energy Biblical references science and accounts of near death experiences he prompts readers to contemplate the interplay between existence consciousness and the relationship between science and spirituality. *Die Mentions* challenges our understanding of the world by inviting us to consider possibilities beyond our current grasp maybe even catching glimpses of what is happening within SPHERICAL Time. By looking at our 3rd and 4th dimensions through the eyes of the highest dimensions readers will discover a new perspective on science theology and nature. James uses the example of fish limited to perceiving only the 1st and 2nd dimensions unable to comprehend the full depth of higher dimensions. He applies this concept to the 12th dimension incorporating evidence from sciences mathematics theology and nature. Readers views will be transformed as they experience a broader understanding of the cosmos and their place within it.
