Social Partnership In The European Union:

Social Partnership in the European Union H. Compston, J. Greenwood, 2001-05-13 This study examines the extent to which the development and operation of social partnership at EU level can be explained in terms of the logic of self interest as opposed to factors such as the influence of ideas or of cultural or ideological values The editors have assembled a team of international authors with rare expertise who present fresh and original data based on extensive research interviews with the main players from the highest level through to those involved in the detail of the negotiations *Social Partnership and Economic Performance* Bernard Casey, Michael Gold, 2000-01-01 There has been a marked trend towards decentralisation of labour market regulation in many European countries This book assesses the impact of social partnership and social protection on the macroeconomic performance of member states of the EU

Local Partnership and Social Exclusion in the European Union John Benington, Mike Geddes, 2013-12-16 This book explores local partnership based initiatives to tackle European wide problems of poverty and social exclusion A major comparative study of the fast developing theme of social exclusion the contributors look at its causes effects and at the ways it might be combatted Based on in depth cross national research from areas across Europe it provides a uniquely authoritative account of the complexities of policy development in the EU and will be invaluable to researchers in European studies politics and economics

The Gender Pay Gap and Social Partnership in Europe Hazel Conley, Donata Gottardi, Geraldine Healy, Barbara Mikołajczyk, Marco Peruzzi, 2018-12-06 The gender pay gap GPG exists in every European country but it varies considerably even in EU member states covered by the same legal principles on pay equality Part of the variation can be explained by different patterns of social partnership With current policy pressure to de centralise collective bargaining and increase the percentage of pay linked to productivity what role can social partnership play in tackling the GPG Reporting on the findings of the European Commission funded research project Close the Deal Fill the Gap this book uses an interdisciplinary analysis involving legal economic and sociological expertise to explore the role of social partnership in GPG in Italy Poland and the UK Selected on the basis of their contrasting profiles in terms of legal regulation industrial relations systems of collective bargaining coverage of collective agreements and differing rates of the GPG the in depth study provides important insights into the main issues underlying the problem of reducing the gender pay gap which have led to guidelines in the negotiation of arrangements on GPG related issues Based on a unique comparative interdisciplinary and action oriented research project it will be of great interest to all researchers and advanced students with an interest in women s representation in the workforce and the gender pay gap as well as practitioners and policy makers in organisations such as trade unions and employers associations

Administrative Law and Policy of the European Union Herwig C.H. Hofmann, Gerard C. Rowe, Alexander H. Türk, 2011-10-27 This book is a comprehensive detailed and highly systematic treatment which both describes and critically analyses the administrative law and policy of the European Union

The Institutions of the Enlarged European Union

Edward Best, Thomas Christiansen, Pierpaolo Settembrini, 2008 This book in addition of being remarkable academic reading contributes on the highest scholarly level to the furthering of our understanding of performance of the EU institutions which is essential for practitioners and researchers in the midst of the institutional crisis Dominik Vuleti Croatian International Relations Review an impressively detailed introduction to the institutions and committees that form the core frameworks of EU activities including the EU Parliament the European Central Bank and the effects of EU membership expansion The Institutions of the Enlarged European Union is very strongly recommended as an addition to governmental and university library International Studies reference collections in general and European Union Studies supplemental reading lists in particular Midwest Book Review The International Studies Shelf This excellent book in the series of studies on EU reform and enlargement is not as dry as it first appears The contributors outline the key changes as well as patterns of continuity in the institutional policies of the EU and their research which I feel will be highly beneficial to lawyers economists and politicians I found the book to be invaluable for postgraduate and advanced undergraduate students of EU politics and administrative science as well as researchers practitioners and journalists working in the fields of European studies more widely Phillip Taylor The Barrister This timely comprehensive and authoritative study provides much food for thought for European policy makers particularly in the current situation of uncertainty about the Lisbon Treaty The authors basically upbeat findings that despite the arrival of twelve new member states in one big bang and one after shock it has been pretty much business as usual for the EU's institutions will comfort both those who worried about the EU's capacity to act in the absence of institutional reform and those who argued that such reform was unnecessary But the editors identify a number of emerging dynamics that will be of concern to all who care about the Union's democratic future increasing formalisation of meetings and procedures on the one hand coupled with an increase in informal pre cooked deals on the other increasing primacy of the administrative over the political and a growing trend towards presidentialisation within the institutions with continued efficiency requiring more emphasis on the primus than on the pares The editors conclude that while the European Union's institutional system continues to function and might even become more efficient the price to be paid could further distance the Union from the citizens it seeks to serve Martin Westlake Secretary General European Economic and Social Committee Brussels Belgium This volume reports a thorough appraisal of how the EU institutions have fared since the 2004 enlargement In essence the answer is more of the same with no evidence of gridlock Business has been conducted in similar ways and at similar levels of output helped by procedural adaptation The new member states have slotted into the existing routines of the Union Helen Wallace European Institute London School of Economics and Political Science UK How have the main institutions and decision making processes of the EU responded to the arrival of new member states This book assesses the actual state of the EU institutions in the years after the 2004 enlargement examining each of the main institutional actors as well as trends in legislative output implementing measures and non legislative approaches The contributors outline the key

changes as well as patterns of continuity in the institutional politics of the EU The analysis finds that breakdown has been avoided by a combination of assimilation of the new member states and adaptation of the system without any fundamental transformation of the institutions Nonetheless they conclude that it **Democracy in the European Union** Liana Giorgi, Ingmar von Homeyer, Wayne Parsons, 2006-09-27 An invaluable exploration of the concern that transfers of power to European Union institutions are producing a worrying new form of democratic deficit While ongoing reforms of these institutions promise to render decision processes at European level more transparent and accountable these expert authors examine whether there is a European public sphere for citizens and their representatives to discuss deliberate and evaluate issues of public relevance They show how the process of European integration has given rise to a new object of study European society and why key questions concerning identity citizenship democracy government and institutions are being raised anew and are major political concerns at European and Member State level With six case studies of EU policy making and representative institutions they analyze the intensity of participatory practices in four dimensions mobilization of societal actors public contestation and debate openness of decision making and responsiveness of policy makers This book will be of strong interest to students and researchers of the European Union European politics European studies as well as those concerned with more theoretical aspects of governance and the public sphere **The Economic and Social Law of the European Union** Josephine Shaw, Jo Hunt, Chloe Wallace, 2017-09-16 This title provides students with a clear accessible and highly engaging analysis of substantive law of the EU in the most comprehensive text of its kind as well as containing chapter summaries questions suggestions for further reading and annotated web addresses **European Union Politics** Michelle Cini, Nieves Pérez-Solórzano Borragán, 2016 Presentation de l'éditeur European Union Politics is the most complete current issues led textbook on the European Union Written by an expert team of contributors it fully equips students to understand the European Union and the topical debates and issues which surround it Alongside comprehensive coverage of the history theory institutions and policies of the EU the book features a whole section on contemporary issues and current debates including democracy and legitimacy in the EU public opinion the economic crisis and a brand new chapter on the future of the EU which is written by a leading expert in the subject The accessible and wide ranging nature of this text makes it the ideal starting point for all those wishing to fully understand the workings of this ever evolving subject Helpful learning features throughout the text including key points questions and examples support students learning and the book is fully supported by an extensive Online Resource Centre designed to help students take their learning further **European Union Politics** Michelle|Borragan Cini (Nieves Perez-Solorzano), 2025 This edited textbook covers a broad range of topics being taught in courses on the European Union The 25 chapters are written by experts from around the world and provide extensive coverage of history theories institutions and actors policies and issues and debates Social developments in the European Union 2013 David Natali (OSE), 2014-06-01 The European Union has gone through a crucial period marked by

growing anti EU sentiments and the difficult implementation of its largely renewed socio economic governance After years of in depth innovations and the hope of reinvigorating the E M U social dimension European institutions have engaged in a lively debate on how to exit the recession and relaunch the integration project While most Member States have continued to pursue punitive austerity programmes at a time when 27 million Europeans are unemployed and a quarter of the EU population is at risk of poverty most stakeholders namely the trade union movement and policymakers agree on the need for an EU driven growth strategy This 2013 edition of Social developments in the European Union provides key insights from analysts and scholars Through the critical assessment of the EU economic governance of the last few years contributors have set guidelines for a reinforced EU social protection and investment plan The proposals for a pan European unemployment insurance scheme and an EU minimum income scheme are analysed together with a renewed focus on the gender dimension of European social policies Beyond economic and social governance this volume critically reviews national reforms of labour market policies While the state of the European economy is still gloomy the institutional and policy reforms proposed here represent an opportunity to unveil a new path for Europe

Social policy in the European Union: state of play 2015 David Natali (OSE), Bart Vanhercke (OSE), 2015-09-23 The sixteenth edition of Social policy in the European Union state of play has a triple ambition First it provides easily accessible information to a wide audience about recent developments in both EU and domestic social policymaking Second the volume provides a more analytical reading embedding the key developments of the year 2014 in the most recent academic discourses Third the forward looking perspective of the book aims to provide stakeholders and policymakers with specific tools that allow them to discern new opportunities to influence policymaking In this 2015 edition of Social policy in the European Union state of play the authors tackle the topics of the state of EU politics after the parliamentary elections the socialisation of the European Semester methods of political protest the Juncker investment plan the EU s contradictory education investment the EU s contested influence on national healthcare reforms and the neoliberal Trojan Horse of the Transatlantic Trade and Investment Partnership TTIP

A European Social Union after the Crisis Frank Vandenbroucke, Catherine Barnard, Geert De Baere, 2017-08-24 Today many people agree that the EU lacks solidarity and needs a social dimension This debate is not new but until now the notion of a social Europe remained vague and elusive To make progress we need a coherent conception of the reasons behind and the agenda for not a social Europe but a new idea a European Social Union We must motivate define and demarcate an appropriate notion of European solidarity We must also understand the legal and political obstacles and how these can be tackled In short we need unequivocal answers to questions of why what and how on that basis we can define a clear cut normative and institutional concept That is the remit of this book it provides an in depth interdisciplinary examination of the rationale and the feasibility of a European Social Union Outstanding scholars and top level practitioners reflect on obstacles and solutions from an economic social philosophical legal and political perspective

Treaty on the Functioning of the European Union - A

Commentary Robert Böttner, Hermann-Josef Blanke, 2024-06-07 The Commentary on the Treaty on the Functioning of the European Union four volumes is a major European project that aims to contribute to the development of ever closer conceptual and dogmatic standpoints with regard to the creation of Europeanised research on Union law Following on from the Commentary on the Treaty on European Union this book presents detailed explanations article by article of all the provisions of the TFEU discussing the application of Union law in the national legal orders and its interpretation by the Court of Justice of the EU The authors are academics and practitioners from all across Europe and different legal traditions some from a constitutional law background others experts in the field of international law and EU law Reflecting the various approaches to European legal culture this book promotes a system concept of European Union law toward more unity notwithstanding its rich diversity grounded in national traditions

The European Union and Human Rights Jan

Wouters, Manfred Nowak, Anna-Luise Chané, Nicolas Hachez, 2020-12-17 With the adoption of the Lisbon Treaty the profile of human rights issues has greatly risen in relation to EU policies whether internal or external The EU has thereby made the commitment to ensure that all its actions are compliant with human rights and seek to promote them Yet the EU's commitment has come under scrutiny not only for its ground breaking character but also because recent events have put it to the test This volume has been designed to take stock of these developments to comprehensively discuss the conceptualization and operationalization of the EU's commitment to human rights throughout the EU's relationships policies actions and legislative activity and to critically assess its outcome This title is divided into four parts Framework presents the issues related to human rights promotion by the EU Actors delves into the relationships that play a part at home or abroad in regards to human rights policies and judgements Policies takes a case study approach and systematically reviews a range of EU internal and external policies to assess their human rights impact and implementation and finally Strategies provides an integrated assessment of the design and implementation of the EU's commitment to human rights This book brings together essays from around the world each discussing different aspects of EU commitment and evaluating the extent to which the EU is delivering on it Each chapter provides an introduction to the state of affairs discusses opportunities and challenges and provides recommendations As such it is an essential reference book on human rights policies throughout the EU and their impact throughout the world

Policy Concertation and Social Partnership in Western Europe Stefan Berger, Hugh

Compston, 2002-02 Policy concertation the determination of public policy by means of agreements struck between governments employers and trade unions continues to thrive in Western Europe despite the impact of liberalizing trends that were expected to lead to its demise This volume brings together a team of 23 experts with the aim to undertake paired historical and political studies of policy concertation in ten West European countries which were then subjected to systematic comparative analysis It shows that overall the incidence of broad policy concertation in Western Europe can be explained by the changing configurations of just three variables

The European Social Dialogue Under Articles 138 and 139 of the EC

Treaty Christian Welz, 2008-01-01 Describes analyses and assesses the European social dialogue from a combined theoretical and normative perspective and applies theoretical strands stemming from industrial relations EC law and political theory to an understanding and assessment of the genesis actors processes and outcomes of the European social dialogue through 2007

Social Developments in the European Union 2011 David Natali, Bart Vanhercke, 2012 2011 was a year marked by some key progress in European integration new moves towards Treaty revision new rules for economic and budgetary coordination and a more evident role of the EU in national policymaking In parallel the destabilisation of the euro zone progressed the long term effects of the Greek crisis have not been tackled by European policymakers while tension shifted from the EU periphery to the very core of the euro zone Most Member States pursued punitive austerity measures All these trends undoubtedly represent worrying signs for the future of the European Social Model The European Union is therefore dealing with crucial questions about its future sustainability the fate of the euro is in jeopardy as is the very meaning of the European integration project A new compromise is needed between economic competitiveness and social solidarity Otherwise the risk will be an increase in public disaffection towards Europe and reciprocal accusations of egoism and lack of strategic views among the Member States This 2011 edition of Social developments in the European Union examines the ways in which the EU has changed in this turbulent phase Institutional innovations were paralleled by new economic governance tools and further reinforcement of the austerity paradigm Beyond economic governance this volume sheds light on the state of European social dialogue the role of structural funds the fate of the social dimension of Europe 2020 and the activities of the European Court of Justice Analysis of the EU level is complemented by a critical review of national reforms especially in the case of health care

The European Sectoral Social Dialogue Anne Dufresne, Christophe Degryse, Philippe Pochet, 2006 SALTSA a joint programme for working life research in Europe P facing t p

Labor, Employment, and Social Policies in the EU Enlargement Process Lodovico Pizzati, Bernard Funck, 2002 The process of transition to a market economy and integration into the EU has strained the labour markets of central and eastern European countries and these developments pose a number of challenges to their social policies This volume presents the contributions given at an international labour conference held in Austria in June 2001 to investigate these issues It provides the latest labour trends in EU accession countries and compares them to previous experiences of European integration It reviews existing labour market policies and social protection mechanisms and discusses alternative strategies for employment creation in the region
