Social Security The Inherent Contradiction Studies In Public Policy:

Social Security Peter J. Ferrara, 1980 Social Insurance and Social Justice Leah Rogne, Carroll Estes, Brian Grossman, Brooke Hollister, Erica Solway, 2009-03-23 We must tell the story of how social insurance programs have assured basic economic and health security for millions of Americans This book is a must read for anyone who cares about these goals From the Foreword by Barbara Kennelly President and CEO National Committee to Preserve Social Security and Medicare This politically charged provocative text serves as an introduction to social insurance programs examining all aspects of these hotly debated policies The editors cover cutting edge topics including Social Security and privatization universal health insurance and how America's changing demographics will impact social security in the years to come Five key sections cover the critical topics Social Insurance History Politics and Prospects examines the foundational social insurance principles upon which Social Security Medicare and other programs are based What's at Stake identifies the risks posed to women minorities and the elderly if they could no longer depend on social insurance programs The Ongoing Debates on Social Insurance discusses public opinions of social insurance programs and responds to arguments supporting privatization Critical Perspectives on Social Insurance Reform presents international experiences and policy trends and analyzes reform movements from a social justice perspective Teaching Social Insurance Critical Pedagogy and Social Justice presents pedagogical strategies to help students understand influence and engage in an informed debate about social policy **The Origins of U.S. Social Security Program Problems:** Napoleon Imarhiagbe, PhD, 2016-03-22 The book explores the chronology of the Social Security program prior to the Great Depression The author rigorously examines what led to the development of Social Security insurance partially in an attempt to determine whether it is necessary to reform the Social Security program He demonstrates the economic implications of the rise of the elderly population in the United States and how democratic governance affects the Social Security program The author objectively examines the strengths and weaknesses in the privatization of the United States Social Security program The author also elucidates political ideologies of social security in democratic nations globally and how political parties view their social security systems as they try to stabilize their systems *Social Security* Peter J. Ferrara, Peter Ferrara, 1985 Based on papers presented at a conference held by the Cato Institute in Washington D C in June 1983 Includes bibliographical references *Social Security and Its Discontents* Michael Tanner, 2004 Tanner Cato Project on Social Security Choice brings together work by leaders in Social Security reform examining problems of the current system and offering proposals for reform Contributors in economics law and philosophy many affiliated with the Cato Institute examine aspects of the problem related to issues such as property rights the impact of Social Security reform on low income workers and how stock market declines affect the reform debate They advocate allowing younger workers to privately invest their Social Security taxes through individual accounts **The Politics of Policy Change** Daniel Béland, 2012-03-06 For generations debating the expansion or contraction of the American

welfare state has produced some of the nation's most heated legislative battles. Attempting social policy reform is both risky and complicated, especially when it involves dealing with powerful vested interests, sharp ideological disagreements, and a nervous public. *The Politics of Policy Change* compares and contrasts recent developments in three major federal policy areas in the United States: welfare, Medicare, and Social Security. Daniel B. Land and Alex Waddan argue that we should pay close attention to the role of ideas when explaining the motivations for and obstacles to policy change. This insightful book concentrates on three cases of social policy reform or attempted reform that took place during the presidencies of Bill Clinton and George W. Bush. Land and Waddan further employ their framework to help explain the meaning of the 2010 health insurance reform and other developments that have taken place during the Obama presidency. The result is a book that will improve our understanding of the politics of policy change in contemporary federal politics.

PEACE STUDIES, PUBLIC POLICY AND GLOBAL SECURITY - Volume II Ursula Oswald Spring, Ada Aharoni, Ralph V. Summy, Robert Charles Elliot, 2010-07-24. *Peace Studies Public Policy and Global Security* is a component of *Encyclopedia of Social Sciences and Humanities* in the global *Encyclopedia of Life Support Systems EOLSS* which is an integrated compendium of twenty-one Encyclopedias. The Theme on *Peace Studies Public Policy and Global Security* provides the essential aspects and a myriad of issues of great relevance to our world such as Processes of Peace and Security, International Security, Peace Development and Environment, Security Threats, Challenges, Vulnerability and Risks, Sustainable Food and Water Security, World Economic Order. This 11-volume set contains several chapters, each of size 5000-30000 words, with perspectives on issues in Peace studies, Public Policy, and Global security. These volumes are aimed at the following five major target audiences: University and College students, Educators, Professional practitioners, Research personnel, and Policy analysts, managers, and decision makers and NGOs.

Insuring Inequality Jerry R. Cates, 2025-10-01. The establishment of the Social Security Board in 1935 confronted administrators and policy makers with basic value decisions: Should the system serve to raise the incomes of America's neediest citizens? Or did that aim smack too much of the ideology of redistribution of wealth? Would it rob workers of incentives to provide for their own futures and reward idleness? The conflict of values was played out on a political stage marked by infighting, deception, and short-sighted compromise. The result is the social security system we know today: one that benefits those who need it least and one that is in a perpetual state of financial difficulty. *Insuring Inequality* is a penetrating analysis and indictment of that bureaucracy which felt the welfare of America's aged was an acceptable price to pay for the preservation of an ideologically correct social insurance system, a system that would not seriously challenge income inequality in America. Previously unresearched documents not only reveal that social insurance discriminates against the poor and this was a foreseen intended consequence, but they also reveal that the leaders predicted a financially troubled system and did little to prevent it.

Impact of Budget Proposals on Health Entitlement Programs, Medicare United States Congress. House. Committee on the Budget, 1985. *Literature of Liberty*, 1981. *Economic Theory, Welfare, and the*

State Athanasios Asimakopulos, Robert D. Cairns, 1991-02-01 *Economic Theory Welfare and the State* looks at how economic theory can be used to investigate and analyse the operations of market economies and to provide the basis for improvements in government policy making The collection begins with two chapters on the history of economic thought followed by an exploration of possible areas of conflict between the interests of groups and individuals and an insightful blend of economic history and economic theory that sheds light on the Canadian government's policy of settling the Prairies by providing land grants Also included are a critical analysis of rational expectations models and their use in econometrics an examination of why money should be treated as a public good and two contributions on international trade theory Two chapters deal with the problem of maintaining satisfactory levels of employment and three chapters examine different aspects of public pensions Among the contributors to this volume are a former teacher of Weldon's his fellow students and colleagues and former students They are Louis Ascah Athanasios Asimakopulos Clarence Lyle Barber Kenneth E Boulding John Burbidge Robert D Cairns John S Chipman John H Dales Christopher Green Peter Howitt Murray C Kemp Gideon Rosenbluth Robin Rowley Thomas K Rymes David Schwartzman Dan Usher and Shigemi Yabuuchi **Beyond the Status Quo** Cato Institute, 1985

The Great Risk Shift Jacob S. Hacker, 2019-02-04 On the eve of the financial crisis Jacob S Hacker wrote the policy book of the year E J Dionne Jr Washington Post demonstrating and explaining the hidden story of growing economic insecurity In this fully revised and updated second edition he brings his powerful expos of The Great Risk Shift up to date with startling new evidence and compelling new ideas Hacker shows that the safety net was unraveling long before the late 2000s as more and more economic risk shifted from the broad shoulders of government and business onto the fragile backs of American families Whether the problem is risky jobs brought on by corporate restructuring and the gig economy of contingent work risky families created by the rising costs and instabilities of parenthood risky retirement caused by the collapse of traditional guaranteed pensions or risky health care fueled by skyrocketing costs and unstable coverage Hacker shows what has changed and why the ways in which ordinary Americans have been affected and how we can fight back Behind the risk shift he contends is the Personal Responsibility Crusade eagerly embraced by corporate leaders and conservative politicians who speak of an economic nirvana in which Americans are free to choose But the result Hacker reveals has been very different a harsh new world of economic insecurity in which far too many Americans are allowed to fall behind Blending powerful human stories big picture analysis and compelling ideas for reform this remarkable volume has become a rallying point in the struggle for economic security in an increasingly uncertain world **A Challenge to Social Security** Richard V. Burkhauser, Karen C. Holden, 2013-10-22 *A Challenge to Social Security The Changing Roles of Women and Men in American Society* is a collection of papers that deals with social security reform The papers concern insurance and pure income transfer aspects of various proposals and the assumptions regarding the family and work behavior found in each proposal The proposed reforms attempt to fix the shortcomings of the Old Age Survivors Insurance OASI Program

sometimes at the expense of reducing the subsidy for women who remain at home or through alterations of the subsidy's nature. Other papers discuss the current spouse benefits under the dual entitlement rule, homemaker credits, child care drop out years, and one going against the grain: earnings sharing. One paper sees earnings sharing as the only way to provide security to the homemaker without being unfair to the working wife. Other papers tackle the issues of women and a two-tier social security system, the double-decker alternative to eliminate dependency under social security, and the social security reform from a feminist's perspective. This collection can prove useful for economists, sociologists, political scientists, and policy makers involved in welfare and social security.

Social Security Charles W. Meyer, 1987-01-01 **Policy Review**, 1980

Economics of Income Redistribution G. Tullock, 2013-11-11 **New Governance and the European Employment Strategy** Samantha Velluti, 2010-03-10. This book examines the European Strategy for Employment (EES) and its implementation through the Open Method of Coordination, exploring what the EES reveals about recent developments in EU social governance and offering new insights and fresh perspectives into the operation of New Governance and its relationship with law and constitutionalism.

Comparative Social Policy Kennett, Patricia, 2001-08-01. This text explores the new context of social policy and considers how cross-national theory and research can respond to the challenges facing welfare. It is suitable for undergraduate and masters-level students of social policy.

Is the Welfare State Justified? Daniel Shapiro, 2007-07-09. In this book, Daniel Shapiro argues that the dominant positions in contemporary political philosophy—egalitarianism, positive rights theory, communitarianism, and many forms of liberalism—should converge in a rejection of central welfare state institutions. He examines how major welfare institutions such as government-financed and administered retirement pensions, national health insurance, and programs for the needy actually work. Comparing them to compulsory private insurance and private charities, Shapiro argues that the dominant perspectives in political philosophy mistakenly think that their principles support the welfare state. Instead, egalitarians, positive rights theorists, communitarians, and liberals have misunderstood the implications of their own principles, which in fact support more market-based or libertarian institutional conclusions than they may realize. Shapiro's book is unique in its combination of political philosophy with social science. Its focus is not limited to any particular country; rather, it examines welfare states in affluent democracies and their market alternatives.
