Social Work With Families Theory And Practice:

Social Work with Families Robert T. Constable, Daniel B. Lee, 2004 Social Work with Families Carlton E. Munson, 1980 Up to now family practice books have focused almost exclusively on therapy in their approach to the complex problems facing the contemporary family This up to date collection of 32 articles on social work with families goes beyond any available book in its examination of the dynamics of family behavior It takes a comprehensive view of the American family using developmental theory to organize and illuminate the various aspects of family life and its relation to society Social Work with Families touches every facet of family dynamics that the social worker is likely to encounter in practice It begins with an overview of the major components of developmental theory the societal institutional group interactional and individual psychological aspects The following sections apply this analytic framework Thus in Part II the family is analyzed as an institution in relation to other institutions governmental economic educational and religious The third section focuses on the family experiencing problems as a unit e g marital difficulties parent child conflict problems of indebtedness and other aspects of coping The final part considers the family in which an individual has been identified as the primary focus of concern because of retardation various physical malfunctions alcoholism emotional difficulties or terminal illness Because the developmental approach takes both institutional and individual elements of human behavior into account it offers a uniquely insightful means for viewing ethnic minority issues Social Work with Families makes a major contribution to the establishment of a logical integrated scheme for analyzing the family providing student and practitioner alike with a realistic framework for diagnosing and treating the American family in strife CARLTON E MUNSON author of Social Work Supervision The Free Press 1979 and Social Work Education and Practice is Associate Professor at the Graduate School of Social Work of the University of Houston Texas 99a compare the Boston police strike police reform in Ireland fighting for it getting the Beria Reserve the political prisoner in relation to social welfare the new social welfare and parole services today practice **Social Work Treatment** Francis J. Turner, 2011-03-15 First published in 1974 Social Work Treatment remains the most popular and trusted compendium of theories available to social work students and practitioners It explores the full range of theoretical approaches that drive social work treatment and knowledge development from psychoanalysis to crisis intervention This treasure trove of practice knowledge equips professionals with a broad array of theoretical approaches each of which shine a spotlight on a different aspect of the human condition Emphasizing the importance of a broad based theoretical approach to practice it helps the reader avoid the pitfalls of becoming overly identified with a narrow focus that limits their understanding of clients and their contexts This sweeping overview of the field untangles the increasingly complex problems ideologies and value sets that define contemporary social work practice The result is an essential A to Z reference that charts the full range of theoretical approaches available to social workers regardless of their setting or specialty Critical social work with children and families Steve Rogowski, 2013-03-27 This

book traces the changing fortunes of radical and critical social work examining the theory context and application of such approaches Advancing the notion that critical practices are both necessary and possible in the neoliberal world despite the challenges critical practices face it explores new approaches to family and child services arguing for emancipatory practices that are geared toward meeting immediate needs while still offering a vision of a more just and equal future society Including case studies key point summaries and suggestions for further reading this is a thorough new resource for students and teachers

Social Work Practice with Fathers Jennifer L. Bellamy, Brianna P. Lemmons, Qiana R. Cryer-Coupet, Jennifer A. Shadik, 2022-10-31 Social workers need to work with fathers across many service systems but lack guidance on how to do so and most engagement assessment and intervention work for family serving systems is mother and child focused Father inclusive readings and resources are also limited Drawing on the expertise of well regarded research and practice experts in the field this comprehensive book provides guidance to social work practitioners and researchers on how to engage assess and serve fathers Instructors can use the text to include fathers in courses on the human behavior and social environment family systems clinical practice diversity or service systems Social service systems unfortunately have often struggled to positively engage men as parents Recent demographic trends indicate that fathers are providing more direct care to children and single father households are one of the most rapidly growing demographic groups in the United States Barriers to their successful engagement include biases and assumptions about men and fathers a lack of father friendly policies and practices in the field limited training on how to work with fathers and relatively limited father inclusive social work research until recently This book addresses these barriers It is a guide to social workers in their efforts to better serve men as parents and does so from an ecological and systems perspective Multiple case examples and practical tools are provided as well as specific content on major social service systems Topics explored include Father Engagement Organizational Father Friendly Assessments Interventions with Fathers Setting the Course for Future Theory Research and Practice with Fathers Social Work Practice with Fathers Engagement Assessment and Intervention is a book that could be folded into foundation courses in social work or used by practitioners in the field It is an essential text for graduate students in social work psychology sociology child development allied health and similar disciplines and professions and a go to resource for helping professionals practitioners such as social workers psychologists and licensed professional counselors Advanced undergraduate students in these disciplines and professions also will find the text useful in their studies and work
