Steel City William J. Miller,2022-09-01 Steel City is the story of the 1890s golden age of Pittsburgh when its technological innovations and wealth creation made it the Silicon Valley of its day Pittsburgh was first in steel food processing and electricity and the leaders of those industries Carnegie Frick Heinz and Westinghouse are names we still know today Amid this fevered atmosphere Jamie Dalton a recent Yale graduate and son of a corporate lawyer must decide whether to accede to his father's wishes and pursue a career in law or the steel business or follow his own instincts and become a newspaperman The greatest natural disaster of the 19th century the Johnstown Flood confirms his choice to be a

journalist and Jamie goes on to cover Pittsburgh's business titans labor strikes and assassination attempts While reporting on the unions of the era he is exposed to a very different world symbolized by his infatuation with a mysterious woman under the sway of an Eastern European anarchist Jamie struggles with balancing the access he has to Pittsburgh's business elite while maintaining the objectivity to tell the hard truths about those same people Ultimately he must thwart a terrorist plot that could disrupt the massive corporate merger that would restructure the nation's largest industry steel **American**

Workman Maxwell King,Louise Lippincott,2022-04-12 American Workman presents a comprehensive novel reassessment of the life and work of one of America's most influential self taught artists John Kane With a full account of Kane's life as a working man including his time as a steelworker coal miner street paver and commercial painter in and around Pittsburgh in the early twentieth century the authors explore how these occupations shaped his development as an artist and his breakthrough success in the modern art world A rough and tumble blue collar man prone to brawling and drinking Kane also sought out beauty in the industrial world he inhabited This Kane paradox brawny and tough sensitive and creative was at the heart of much of the public's interest in Kane as a person The allure of the Kane saga was heightened all the more by the fact that he did not achieve renown until he was at the age at which most people are retiring from their professions Kane's dedication to painting resulted in a fascinating body of work that has ended up in some of America's most important museums and private collections His dramatic life story demonstrates the courage strength and creativity of his generation of workmen They may be long gone but thanks to Kane they cannot be forgotten *Travel and Dislocation in Contemporary*

American Fiction Aliko Varvogli,2012-03-12 This book offers a critical study and analysis of American fiction at the beginning of the twenty first century It focuses on novels that go outward literally and metaphorically and it concentrates on narratives that take place mainly away from the US's geographical borders Varvogli draws on current theories of travel globalization and post national studies and proposes a dynamic model that will enable scholars to approach contemporary American fiction and assess recent changes and continuities Concentrating on work by Philip Caputo Dave Eggers Norman Rush and Russell Banks the book proposes that American literature's engagement with Africa has shifted and needs to be approached using new methodologies Novels by Amy Tan Garrison Keillor Jonathan Safran Foer and Dave Eggers are examined in the context of travel and globalization and works by Chang rae Lee Ethan Canin Dinaw Mengestu and Jhumpa Lahiri are used as examples of the changing face of the American immigrant novel and the changing meaning of national belonging U.S.

Journal of the American Bankers Association American Bankers Association,1921 **Bound in the Bond of Life** Beth Kissileff,Eric Lidji,2020-10-27 On October 27 2018 three congregations were holding their morning Shabbat services at the Tree of Life Synagogue in Pittsburgh's Squirrel Hill neighborhood when a lone gunman entered the building and opened fire

He killed eleven people and injured six more in the deadliest anti-Semitic attack in American history. The story made international headlines for weeks following the shooting but Pittsburgh and the local Jewish community could not simply move on when the news cycle did. The essays in this anthology written by local journalists, academics, spiritual leaders and other community members reveal a city's attempts to come to terms with an unfathomable horror. Here members from each of the three impacted congregations are able to reflect on their experiences in a raw, profound way. Local journalists who covered the story as it unfolded explore the personal and public aspects of reporting the news. Activists consider their work at a calm distance from the chaotic intensity of their daily efforts. Academics mesh their professional expertise with their personal experiences of this shattering event in their hometown. A local rabbi shares his process for crafting messages of comfort even as he attempts to reckon with his own feelings. Bringing these local voices together into a chorus raises them over the din of international chroniclers who offer important contributions but cannot feel the intensity of this tragedy in the same way as Pittsburghers. The essays in this anthology tell a collective story of a city shaken to its very core but determined that love will ultimately win. A portion of the proceeds from the sale of this book will go to Jewish Family and Community Service of Pittsburgh <https://www.jfcsph.org> which serves individuals and families of all faiths throughout the Greater Pittsburgh community.

The American Landscape: The American image Graham Clarke, 1993

Crucible of Freedom Eric Leif Davin, 2012-07-10. This book explores the relation between democracy and industrialization in United States history. Over the course of the 1930s, the political center almost disappeared as the Democratic New Deal became the litmus test of class with blue-collar workers providing its bedrock of support while white-collar workers and those in the upper income levels opposed it. By 1948, the class cleavage in American politics was as pronounced as in many of the Western European countries such as France, Italy, Germany or Britain with which we usually associate class politics. Working people created a new America in the 1930s and 1940s which was a fundamental departure from the feudalistic and hierarchical America that existed before. They won the political rights of American citizenship which had been previously denied them. They democratized labor-capital relations and gained more economic security than they had ever known. They obtained more economic opportunity for them and their children than they had ever known and they created a respect for ethnic workers which had not previously existed. In the process, class politics redefined the political agenda of America as for the first time in American history, the political universe polarized along class lines. Eric Leif Davin explores the meaning of the New Deal political mobilization by ordinary people by examining the changes it brought to the local, county and state levels in Pittsburgh, Allegheny County and Pennsylvania as a whole.
