Wilson,1948 **To Further Develop an American Merchant Marine** United States. Congress. House. Merchant Marine and Fisheries,1930 **Sugar Plantations in the Formation of Brazilian Society** Stuart B. Schwartz,1985 Colonial Brazil was a multiracial society profoundly influenced by slavery and the plantation system This study examines the history of the sugar economy and the peculiar development of plantation society over a three hundred year period in Bahia a major sugar plantation zone and an important terminus of the Atlantic slave trade *Sugar and Society in China* Sucheta Mazumdar,2020-10-26 In this wide ranging study Sucheta Mazumdar offers a new answer to the fundamental question of why China universally acknowledged one of the most developed economies in the world through the mid eighteenth century paused in this development process in the nineteenth Focusing on cane sugar production domestic and international trade technology and the history of consumption for over a thousand years as a means of framing the larger questions the author shows that the economy of late imperial China was not stagnant nor was the state suppressing trade indeed China was integrated into the world market well before the Opium War But clearly the trajectory of development did not transform the social organization of production or set in motion sustained economic growth Collier's ,1917

Public Health Reports ,1929 *The Thirty Years War, 1618-1648* John Pike,2023-02-16 The Defenestration of Prague the coup d etat staged by Protestant Bohemian nobles against officials of the Hapsburg Emperor triggered the Thirty Years War When Habsburg Spain intervened in support of their Holy Roman Emperor relative what had started as a localised political and religious dispute in Germany transformed into a European and global conflict In seeking to exploit the Bohemian revolt Spanish Habsburg revanchist ambitions directed by the Spanish Count of Olivarez at the economically powerful Dutch Republic were allied with the Habsburg Emperor s counter reformation ambitions After the Bohemian defeat at the White Mountain in 1620 the war widened as the Dutch Republic England Transylvania Denmark Sweden and Richelieu s France all intervened to roll back Habsburg hegemony and restore the balance power There was extensive fighting across the globe as the Dutch and English sought to challenge the Spanish Habsburg global monopoly These colonial wars were a major factor in the Iberian revolutions with brought down the Habsburg Imperium Professor Charles Boxer called it the first world war It was a tragic war of attrition but also an epic story of remarkable individuals including the titans of the era Imperial General Wallenstein warrior King Gustavus sinister Count Olivarez and the masters of international intrigue realpolitik and diplomacy Cardinals Richelieu and Mazarin Above all there were the decisive victories of the under sung military genius of the era Lennart Torstensson The Treaties of Westphalia followed a war which not only changed the global balance of power but

accelerated over thirty years the transformation of the European continent from a world characterized by dynasties and the medieval concept of United Christendom to a European order that was recognisably modern **Reports from Secret and Select Committees of the House of Commons and Evidence** Great Britain. Parliament. House of Lords,1848 **Lukang** Donald R. DeGlopper,1995-10-12 Based on anthropological fieldwork in Lukang an old seaport in Taiwan this book examines the city s history economic structure and social organization It addresses such matters as an annual rock fight between the city s major clans the way votes are bought in local elections and why the inhabitants of a fairly large industrial and commercial city describe it as a cozy community where everyone knows everyone else The book uses the framework of a community study to address such large questions as the adequacy of Confucianism as model for Chinese society the nature of Chinese social organization beyond the realm of the family and kinship and the structure of Chinese cities rather than villages The argument of the book is propelled by a set of intellectual puzzles concerning the disjunctions if not contradictions between the structure of Chinese society or the city of Lukang and the ways the members of that society talk about their society and their own places in it **Philadelphia Year Book ...** Philadelphia Chamber of Commerce,1918 **Sugar** United States. Congress. Senate. Committee on Finance,1961 **Sugar** United States. Congress. Senate. Finance,1961 **The ship captain's medical guide** ,1868 The Ship Captain's Medical Guide Harry Leach,1868 **Louisiana Planter and Sugar Manufacturer** ,1912 **China's Island Frontier** Ronald G. Knapp,2019-03-31 Until the seventeenth century Professor Knapp reminds us Taiwan lay obscure off the southeast coast of China an island cloaked in anonymity and inhabited principally by aborigines Then rather abruptly the island was thrust into the maelstrom of European commercial expansion in East Asia which in its wake drew Chinese peasant pioneers across the straits to Taiwan This is the story told from many viewpoints of how Taiwan was transformed over a period of three centuries from a raw frontier to a stable entity with social and economic patterns similar to those found along the coastal mainland of southeastern China
