**should my heart stop beating  
i want you to know  
i love you all  
and just can't let go  
it's pushing me down  
the things that i see  
my mind should be free  
im trapped with no hope  
i don't know how i cope**

**you know why i write this letter  
we all know it isn't gonna get better  
day by day  
i have to say  
my last goodbye  
this is no lie  
tomorrow its will be done  
don't try to run  
face the truth with staring eyes  
because now i've said my last goodbyes  
tomorrow i end the pain**

**it is the end of the lane  
goodbye my dear**

Its more than 1,400 entries provide information on fundamental approaches and theories, various mental health disorders, assessment tools, and psychotherapeutic interventions, and the social, legal, and cultural frameworks that have contributed to debates in abnormal and clinical psychology. Key features include 1,400 signed articles contained in 7 volumes and available in choice of print and/or electronic formats. Although organized A to Z, front matter includes a Reader's Guide grouping related entries thematically. Back matter includes a Chronology, Resource Guide, Bibliography, and detailed Index. Entries conclude with References, Further Readings, and Cross References to related entries. The Index, Reader's Guide, themes, and Cross References between and among entries all combine to provide robust search and browse features in the electronic version.
