

STEPHEN BONSA

# SUITORS and SUPPLIANTS

THE LITTLE NATIONS AT VERSAILLES

From the pages of Colonel Bonsal's secret diary of the Peace Conference (1918-19) comes the inside story of what happened to the brilliant personalities and the dramatic pleas of the little nations last time . . .

By the author of "Unfinished Business"  
*Pulitzer Prize History for 1934*

Introduction by Arthur Krock

## **Suitors And Suppliants The Little Nations At Versailles:**

*Suitors and Suppliants* Stephen Bonsal, 2022-03-01 Col Bonsal's confidential notes diary published with the encouragement of Pres Wilson depict the hopeless complexities of making peace among the small nations previously absorbed in the three former European empires at the end of World War I      **Suitors and Suppliants** Stephen 1865-1951 Bonsal, 2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Suitors and Suppliants Stephen 1865-1951 Bonsal, 2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      **Suitors and suppliants: the little nations at Versailles, introd** Stephen Bonsal,      **Nation, State, and Territory** George W. White, 2007-04-26 Globalization seems to

be making nation states increasingly irrelevant yet their number has continued to grow in recent years New nation states emerged out of the ruins of the Soviet Union and Yugoslavia more still may come as Palestinians Kurds Chechens and other peoples struggle tenaciously to establish their own Nation State and Territory shows that national identities are as potent as ever Today many conflicts rage over places and territories of historical linguistic and religious significance Many analyses however only consider the economic and geostrategic value of territory George W White shows that national identity is intimately bound to specific places and territories Nation state and territory are mutually defining and reinforcing phenomena and through careful analysis White examines their origins evolutions and relationships to provide a better understanding of the interactions and conflicts of the world's nation states      *Beyond the Arab Disease* Riad Nourallah, 2006-07-13 Presenting bold and original insights this book examines the policies and diplomacies pursued by Arab and Western governments while discussing both the political and cultural roles played by the modern Arab World It explores

the various facets of the malaise affecting the Arab world stressing the urgent call for reform and recovery as well as the need to address major issues including inter Arab affairs relations with a hegemonic USA and peace with Israel In addition the book provides new perspectives on a range of topics including Arab and Muslim diplomacy literature and culture often as these interact with Western models and paradigms in an increasingly interconnected but challenging world Employing a combination of disciplines and discourses the book aids learners and policy makers in better understanding the Arab world s successes and failures in its problematic relations with the West and modernity **The Russian Bureau** Linda

Killen,2021-05-11 The American position on Russia during the First World War was defined by the same idealism that guided our relations with other countries Woodrow Wilson and American leaders had hailed the Revolution of March 1917 as an expression of the true spirit of Russia a harbinger of democracy The Bolshevik revolt and the civil war that followed were in their eyes only temporary disturbances Still the growth of the new democracy would only prosper if the Russians could restore order to their beleaguered land In this book Linda Killen examines a hitherto neglected instrument of American policy in Russia the Russian Bureau of the War Trade Board With support from the administration the bureau was established by Congress in October 1918 as a public corporation with a fund of 5 million to facilitate trade between Russia and America for government and business leaders thought that the Russians could be helped to resolve their problems with the income from trade The bureau was also to assist in two areas essential to trade stabilizing the currency and restoring the transportation system With the signing of the peace treaty however the bureau as a wartime agency was dissolved in June 1919 and its work assigned to the State Department As one of the first American attempts at foreign aid the bureau s program was necessarily tentative but Linda Killen shows that as a specific case the bureau offers an instructive example It reveals a widespread ignorance of Russian affairs both in government and in business circles More importantly it demonstrates the fatal weakness of an idealistic policy that was blind to political realities Perhaps the bureau s most tangible accomplishment came when its 5 million were finally transferred to the Trans Siberian Railroad to purchase new equipment Yet ironically it was the hated Bolsheviks who benefitted from this aid when they seized Siberia and used the new equipment to restore the rail line to efficient operation This detailed study of the Russian Bureau sheds new light on a turbulent and tragic area of American diplomacy Unfortunately the democratic Russia that Wilson sought to help may never have existed except in his mind and never came to be **Consumed by War** Richard C. Hall,2021-05-11

Europe endured such incessant political discord throughout the twentieth century that some historians refer to the period s conflicts as the Long War During the Balkan wars of 1912 1913 regional fighting in southeastern Europe ignited conflict across the continent that continued through both world wars and the Cold War In Consumed by War European Conflict in the 20th Century Richard C Hall illuminates the complex diplomatic and military struggles of a region whose instability rooted in a nineteenth century nationalistic fervor provided a catalyst for the political events that ensued From the assassination of Archduke Franz

Ferdinand in 1914 to the incarceration of Radovan Karadzic in 2008 this narrative history appeals to general readers and scholars interested in a fresh interpretation of a complicated and brutal era      **Land and Power** Harold I.

Nelson,2019-06-28 Originally published in 1963 this book examines the territorial settlement with Germany at the end of the First World War It approaches it from the standpoint of British official attitudes and policy in order to discover the pre Paris Peace Conference evolution of British governmental thinking on German boundary issues to bring out the relationship between British attitudes and those of their allies and to determine British influence on the drafting of the territorial provisions of the ill fated Treaty of Versailles      **Catalog of Copyright Entries. New Series** Library of Congress.

Copyright Office,1947 Includes Part 1 Books Group 1 1946      **The ^AWilsonian Moment** Erez Manela,2007-07-23 This book tells the neglected story of non Western peoples at the time of the Paris Peace Conference of 1919 showing how Woodrow Wilson s rhetoric of self determination helped ignite the upheavals that erupted in the spring of 1919 in four disparate non Western societies Egypt India China and Korea      **Realm of the Black Mountain** Elizabeth

Roberts,2024-10-24 Montenegro was admitted to the UN as its 192nd member in June 2006 thus recovering the independence it had lost nearly ninety years earlier at the Versailles Peace Conference This is the first full length history of the country in English for a century tracing the history of the tiny Balkan state from its earliest roots in the medieval empire of Zeta through its consistently ambiguous and frequently problematic relationship with its larger neighbour Serbia the emergence of a priest warrior ruler in the shape of the Vladika and its emergence from Ottoman suzerainty at the Congress of Berlin In more recent history the book focuses on Montenegro s troubled twentieth century its prominent role in the Balkan wars its unique deletion from world maps as an independent state despite being on the winning side in the Great War its ignominious role in the wars leading to the disintegration of Yugoslavia and its final reemergence as a member of the international community on the anniversary of the Battle of Kosovo in 2006 Since independence Montenegro has grappled with the question of Euro Atlantic integration including membership of NATO achieved and the EU applicant Even as it has fought to define its identity it has gone from being one of the poorest nations in the Western Balkans to having the highest per capita income of the region It successfully navigated democratic transition in 2020      **Conference Interpreting - A**

**Trainer's Guide** Robin Setton,Andrew Dawrant,2016-06-29 This companion volume to Conference Interpreting A Complete Course provides additional recommendations and theoretical and practical discussion for instructors course designers and administrators Chapters mirroring the Complete Course offer supplementary exercises tips on materials selection classroom practice feedback and class morale realistic case studies from professional practice and a detailed rationale for each stage supported by critical reviews of the literature Dedicated chapters address the role of theory and research in interpreter training with outline syllabi for further qualification in interpreting studies at MA or PhD level the current state of testing and professional certification with proposals for an overhaul the institutional and administrative challenges of running a high

quality training course and designs and opportunities for further and teacher training closing with a brief speculative look at future prospects for the profession

**The First World War and the Nationality Question in Europe**, 2020-11-04 This volume assembles the papers presented at the conference The International Context of the Galician Language Brotherhoods and the Nationality Question in Interwar Europe Council of Galician Culture Santiago de Compostela October 2016 The different contributions written by historians political scientists and linguists shed new light on the political development of the nationality question in Europe during the First World War and its aftermath covering theoretical developments and debates social mobilization and cultural perspectives They also address the topic from different scales blending the global and transnational outlook with the view from below from the local contexts with particular attention to peripheral areas whilst East European and West European nationalities are dealt with on an equal footing covering from Iberian Galicia to the Caucasus Contributors are Bence Bari Stefan Berger Miguel Cabo Stefan Dyroff Lourenzo Fernandez Prieto Johannes Kabatek Joep Leerssen Ramon Miguez Xosha M. Neixez Seixas Malte Rolf Ramon Villares and Francesca Zantedeschi

**The Shield of Achilles** Philip Bobbitt, 2011-07-06 We are at a moment in world affairs when the essential ideas that govern statecraft must change For five centuries it has taken the resources of a state to destroy another state This is no longer true owing to advances in international telecommunications rapid computation and weapons of mass destruction The change in statecraft that will accompany these developments will be as profound as any that the State has thus far undergone from the Prologue The Shield of Achilles is a classic inquiry into the nature of the State its origin in war and its drive for peace and legitimacy Philip Bobbitt a professor of constitutional law and a historian of nuclear strategy has served in the White House the Senate the State Department and the National Security Council in both Democratic and Republican administrations and here he brings his formidable experience and analytical gifts to bear on our changing world Many have observed that the nation state is dying yet others have noted that the power of the State has never been greater Bobbitt reconciles this paradox and introduces the idea of the market state which is already replacing its predecessor Along the way he treats such themes as the Long War which began in 1914 and ended in 1990 He explains the relation of violence to legitimacy and the role of key individuals in fates that are partially but only partially determined This book anticipates the coalitional war against terrorism and lays out alternative futures for the world Bobbitt shows how nations might avoid the great power confrontations that have a potential for limitless destruction and he traces the origin and evolution of the State to such wars and the peace conferences that forged their outcomes into law from Augsburg to Westphalia to Utrecht to Vienna to Versailles The author paints a powerful portrait of the ever changing interrelatedness of our world and he uses his expertise in law and strategy to discern the paths that statehood will follow in the coming years and decades Timely and perceptive The Shield of Achilles will change the way we think about the world

**Paul Hymans** Sally Marks, 2010-04-01 Paul Hymans was the champion of the small states in the League of Nations Commission at the Paris Peace Conference and was rewarded by becoming the League

s first president He thereby brought about Belgium s transition from the status of sheltered child to full participation in much great power diplomacy Britain, Bulgaria, and the Paris Peace Conference, 1918-1919 Patrick J. Treanor,2019-11-20 Since at least 1876 Britain s policy toward Bulgaria had been derivative of her policy toward the Turkish Straits and it continued to be so during the period from the conclusion of the Armistice of Salonika until the signature of the Treaty of Neuilly British policy was the main factor in shaping the Treaty of Neuilly and therefore exercised an important influence on the simultaneously unfolding Bulgarian power struggle and on setting that country s political agenda for years to come

**Monthly Bulletin** San Francisco Public Library,1919 **Korea: Outline of a Civilisation** Kenneth M.

Wells,2015-06-29 This outline of Korea s civilisation is a cultural history that examines the ways the Korean people over the past two millennia understood the world and viewed their place in society In the traditional era the interaction between several broad religious and philosophical traditions and social institutions state interests and at times external pressures provides the framework of the story In the modern era the chief concern is with the rapid and momentous cultural changes that have occurred over the past one and a half centuries in the idea and spread of education the rise in influence of students the development of mass culture the redefinition of gender and the continuing importance of religion *Victory Without Peace* William N Still,2017-01-15 *Victory Without Peace* concentrates on the U S Navy in European and Near Eastern waters during the post World War I era As participants in the Versailles peace negotiations the Navy was charged with executing the naval terms of the Armistice as well as preserving stability and peace U S warships were deploying into the Near East Baltic Adriatic and Northern Europe while simultaneously withdrawing its demobilized forces from European waters This signifies the first time the U S Navy contributed to peacetime efforts setting a precedent continues today Conversely Congressional appropriations handicapped this deployment by demobilization general naval policy and postwar personnel and operating funds reductions Though reluctant to allocate postwar assets into seemingly unimportant European and Near Eastern waters the Navy was pressured by the State Department and the American Relief Administration s leader Herbert Hoover to deploy necessary forces Most of these were withdrawn by 1924 and the European Station assumed the traditional policy of showing the flag
