### **Summa Of The Christian Life 3 Volume Set:**

**Christian Faith (Two-Volume Set)** Friedrich Schleiermacher, 2016-09-01 Christian Faith is one of the most important works of Christian theology ever written. The author, known as the father of theological liberalism, correlates the entirety of Christian doctrine to the human experience of and consciousness of God. A work of exhaustive scholarship written in deep sympathy with the ministry of congregations and church bodies, Christian Faith has inspired admiration and debate from all quarters of the Christian family since its first publication in 1821. This is the first full translation of Schleiermacher's Christian Faith since 1928 and the first English language critical edition ever. Edited by top Schleiermacher scholars, this edition includes extensive notes that detail changes Schleiermacher made to the text and explain references that may be unfamiliar to contemporary readers. Employing shorter sentences and more careful tracking of vocabulary, the editors have crafted a translation that is significantly easier to read and follow. Anyone who wishes to understand theology in the modern period will find this an indispensable resource.

**Monstrous Fictions** Carl J. Rasmussen, 2016-09-14 The Reformer John Calvin has influenced America in a formative way. Calvin remains respected as a theologian to whose work intellectuals on both the right and left appeal. In the nineteen nineties, Evangelicals and Catholics Together (ECT) formed a politically influential ecumenical coalition to oppose abortion and change the culture. Its ecumenism of the trenches influenced the administration of George W. Bush and continues to influence religious elements in the Tea Party. Evangelicals in the coalition presume to speak for Calvin. This book provides a counter argument. Calvin rejects the ethics advocated by ECT: an ethics of individual virtue, conscience, and natural right. Instead, he affirms an ethics of obedience to the authority of secular government as an institution with a divinely ordained mandate. This work considers the following themes in Calvin: Calvin on Faith; Modern and postmodern philosophical approaches including Reformed epistemology; do not explain how Calvin understood faith; Faith is divine activity; Belief is human activity; Faith is not a belief system or worldview on which to base a political theology. The author provides four Augustinian theses about Calvin on faith: Calvin on Sanctification; Calvin rejected virtue ethics or an ethics of individual conscience; His ethics require self-denial and service; An important requirement of his ethics is obedience to government. The author provides three theses about Calvin on sanctification as a critique of attempts to revive virtue ethics: Calvin on Natural Law; Calvin's doctrine of natural law is one of the most vexed issues in Calvin studies. The author provides five theses to clarify Calvin's doctrine of natural law: For Calvin, secular government transcends the authority of conscience, and Christians in conscience are required to obey it. In conclusion, the author discusses Karl Barth's interpretation of Calvin and its relevance for the church's struggle against the Third Reich. Based on his analysis of Calvin, he provides a defense of gay marriage and the right to terminate a pregnancy, as well as an analysis of religious freedom. Calvin would reject ECT's theology of virtue, conscience, and natural law. But he would affirm its ecumenism as a possible path out of culture war.

**The English Catalogue of Books: v. [1]. 1835-1863** Sampson Low, James Douglas Stewart, 1864 [A Philosophical Walking Tour with C. S. Lewis](#) Stewart Goetz, 2015-01-01 Although it has been almost seventy years since Time declared C S Lewis one of the world's most influential spokespersons for Christianity and fifty years since Lewis's death his influence remains just as great if not greater today While much has been written on Lewis and his work virtually nothing has been written from a philosophical perspective on his views of happiness pleasure pain and the soul and body As a result no one so far has recognized that his views on these matters are deeply interesting and controversial and perhaps more jarring no one has yet adequately explained why Lewis never became a Roman Catholic Stewart Goetz's careful investigation of Lewis's philosophical thought reveals oft overlooked implications and demonstrates that it was at its root at odds with that of Thomas Aquinas and thereby the Roman Catholic Church

ABOUT VOLUME FOUR All the world s religions are experiencing rapid change due to a confluence of social and economic global forces Factors such as the pervasive intrusion of globalizing political and economic developments polarized and morally equivalent presentations seen in the media and the sense of surety demanded in and promised by a culture dominated by science are some of the factors that have placed extreme pressure on all religious traditions This has stimulated unprecedented responses by religious groups ranging from fundamentalism to the syncretistic search for meaning As religion takes on new forms the balance between individual and community is disrupted and reconfigured Religions often lose the capacity to recall their ultimate purpose or lead their adherents toward it This is the situation we call the crisis of the holy It is a confluence of threats challenges and opportunities for all religions This volume explores the contours of pressures changes and transformations and reflects on how all our religions are changing By identifying commonalities across religions as they respond to these pressures The Crisis of the Holy recommends ways religious traditions might cope with these changes and how they might join forces in doing so
