Orth, 2019-10-14 Here and abroad no other Pennsylvania Dutch motifs have come to be prized more than those created by John Bieber 1763 1825 of Oley Township Berks County Without a doubt the hallmark of a Bieber dower chest hope chest is its huge bulbous flat hearts diligently laid out with compass The heart motif was the most reoccurring symbol among 18th century immigrant artisans This book celebrates the craftsmanship and history of these Americana pieces of furniture Color pictures capture the beauty of these various works of art and are a step to cataloging them before they are lost to time 164pp color illus Masthof Press 2019 Powwowing in Pennsylvania: Braucherei & the Ritual of Everyday Life (Soft Cover) Patrick J. Donmoyer, 2018-02-05 This cultural exploration offers an unparalleled presentation of Pennsylvania's ritual healing traditions known as powwowing or Braucherei in Pennsylvania Dutch through original primary source materials including manuscripts ritual objects and books most of which have never before been available to English speaking readers Although methods and procedures have varied considerably over three centuries of ritual practice within the Pennsylvania Dutch cultural region the outcomes and experiences surrounding this tradition have woven a rich tapestry of cultural narratives that highlight the integration of ritual into all aspects of life as well as provide insight into the challenges conflicts growth and development of a distinct Pennsylvania Dutch folk culture 343pp color illus index PA German Cult Heritage Center 2018 Volume IV of the Annual Publication Series of the Pennsylvania German Cultural Heritage Center at Kutztown University **Pietism in Germany and North America 1680-1820** Hartmut Lehmann, James Van Horn Melton, 2016-12-05 This collection explores different approaches to contextualizing and conceptualizing the history of Pietism particularly Pietistic groups who migrated from central Europe to the British colonies in North America during the long eighteenth century Emerging in German speaking lands during the seventeenth century Pietism was closely related to Puritanism sharing similar evangelical and heterogeneous characteristics Dissatisfied with the established Lutheran and Reformed Churches Pietists sought to revivify Christianity through godly living biblical devotion millennialism and the establishment of new forms of religious association As Pietism represents a diverse set of impulses rather than a centrally organized movement there were inevitably fundamental differences amongst Pietist groups and these differences and conflicts were carried with those that emigrated to the New World The importance of Pietism in shaping Protestant society and culture in Europe and North America has long been recognized but as a topic of scholarly inquiry it has until now received little interdisciplinary attention Offering essays by leading scholars from a range of fields this volume provides an interdisciplinary overview of the subject Beginning with discussions about the definition of Pietism the collection next looks at the social political and cultural dimensions of Pietism in German speaking Europe This is then followed by a section investigating the attempts by German Pietists to establish new

religiously based communities in North America The collection concludes with discussions on new directions in Pietist research Together these essays help situate Pietism in the broader Atlantic context making an important contribution to understanding religious life in Europe and colonial North America during the eighteenth century The Red Church Or the Art of Pennsylvania German Braucherei C. R.
