Sunbursts For The Spirit:

Sunbursts for the Spirit C. W. Vandenberg, 1979 The Seven Sages Patricia Anne Dye, 2013-04-22 Many world legends suggest that at any given time seven sages walk the Earth tasked with the responsibility to anchor wisdom on behalf of humanity Each one stands as the personification of a different rung of human consciousness Together they represent humanity's innate ability to save itself from doom itself Earthwhisperer knows the secrets of the Earth its pleasures and its pains Lila understands the nature and workings of sacred pleasure Solomon has learned how to wield both moral and ethical power Philomel has captured the art of immaculate loving and heartfelt joy Dattatreya lives out his version of crazy wisdom with his innovative family Marianina is Fey with a vast and accurate perspective on the human soul and its cosmic context Horus is a human sun the indicator of human destiny well above normal human consciousness At this time the sages have the profound challenge to help humanity reclaim balance compassion and hope when these qualities seem lost forever Through a whirling cascade of shifts in perception can the sages inspire each person to embrace his or her unique brand of wisdom in time

Science of Spirit Robert Donald Tonelli, 2011-01-17 Beyond the Secret Beyond the Power of Now is the Science of Spirit a Deeper look at life Why are we here alive on planet earth trapped in a life of 9 to 5 wage slavery Science of Spirit Lost Keys to the Kingdom of Heaven on Earth shows that all life on planet earth and in the universe is based on an evolution of consciousness from the beginning of time the Big Bang It clarifies the connectedness of all life with Science and to Spirit through the understanding of world old Hermetic Teachings in a balance of Reason and Faith Consciousness is the very fabric that all form is made out of and is the ground of all beingness of life Consciousness and the energy that makes up matter are inextricably combined or linked emerging in a sequence of events called occasions of experience that ultimately create our experiences in life and our reality The universe isn't made of things or particles It's a process It's made up of events The result of this evolution of consciousness is an Analogical Awareness of life living in the now moment of unlimited potentials for the growth of a new super conscious species of humanity moving through an Omega Point in time between 2011-2013 These Hermetic Teachings were clarified for me through the teaching of Ramtha and his Ancient Gnostic School much of what I have learned in 20 years my philosophy of life has its foundation in Ramtha's philosophy Our accelerating consciousness is moving to a quantum existence of Spirit in Mass God Man realized alive with all the lower species of life specifically the Sheeple of Economic Western Society The Science of Spirit is based on my personal experience my research and my understanding of the ancient philosophy that this work comes from It uses from research the philosophy and experience of other very credible people that have studied different aspects of a Science of Spirit as a philosophy to live by I use this eclectic approach to build an accurate model of reality based in consciousness that allows us to create our own reality once we rid ourselves of the illusions of society This approach gives credibility to my overall viewpoint a modern interpretation of a very old philosophy and way of life A Science of Spirit that is inherent in Mother Nature It goes in depth

about understanding What Consciousness Is An Analogical State of Awareness that is continuously evolving faster and faster to the eternal Now Moment It uses the discovery of a new perspective of the Mayan Calendar that is supposed to end in a religious Apocalypse at The Omega Point in time around 2012 as its foundational understanding of an Evolution of Consciousness on earth This philosophy and research show an Evolution of Consciousness a rising of an Analogical Awareness of life revealing a Science to the nature of Spirit It explains from a new perspective this battle between the Forces of Good and Evil at The End of Time This Ancient Science of Spirit philosophy explains how the primeval forces of life Spirit that are inherent in Mother Earth growing for 16 4 billion years are pitted against the dogmatic stagnant god fearing personalities that runs the Engines of Commerce of our Global Society with their focus on monetary control of the people and the planet This is a real life battle between evolving evolutionary beings against the Anti Christ Social Consciousness of The Multi National Corporations Religious dogmas talk about an Apocalypse at the end of time to help warn us of our impending doom the remarkable thing is that the word Apocalypse means the lifting of a veil or a disclosure to certain privileged persons of something hidden from the majority of humankind I will show in this book that the lifting of a veil is a rising of consciousness that knows no fear of the unknown and clarifies ancient predictions of the end days and the real battle of Armageddon This ancient Science The Secret Teachings of All Ages Manly P. Hall,2010-01-01 Acclaimed by Publishers Weekly as a classic reference dizzying in its breadth this volume explores the themes underlying ancient mythology philosophy and religion Hundreds of entries range from esoteric elements of Islamic and Christian history to arcane rituals practiced by Druids Freemasons alchemists and other secret societies 16 pages of color plates 100 black and white illustrations **The Secret Teachings of All Ages** Manly Palmer Hall,2025-11-18 This hardcover edition reprints Manly P Hall s 1928 bestselling classic compiling ancient and modern teachings from nearly 600 experts on the occult Includes 16 pages of color plates and over 100 black and white images **In the Spirit of Hegel** Robert C. Solomon,1985-10-31 The Phenomenology of Spirit was Hegel s grandest experiment changing our vision of the world and the very nature of philosophical enterprise In this book Solomon captures the bold and exhilarating spirit presenting the Phenomenology as a thoroughly personal as well as philosophical work He begins with a historical introduction which lays the groundwork for a section by section analysis of the Phenomenology Both the initiated and readers unacquainted with the intricacies of German idealism will find this to be an accessible and exciting introduction to this great philosopher s monumental work **Saving Paradise** Rita Nakashima Brock,Rebecca Ann Parker,2008 Saving Paradise offers a fascinating new lens on the history of Christianity asking how its early vision of beauty evolved into a vision of torture and what changes in society and theology marked that evolution *Hello, Norma Jean* Sue Dolleris,2010-12-20 It s the last day of July 1999 A few days before her 37th birthday Kate Davis has a near death experience and her guide back to life and recovery is Marilyn Monroe who prefers to be called Norma Jean During the next few days an extraordinary relationship develops between Kate and Norma Jean which
