Léon: The Story of a Friendship' Revisited Alexis Léon, Anna Maria Léon, Luca Crispi, 2022-10-20 James Joyce spent the last decade of his life in Paris struggling to finish his great final work *Finnegans Wake* amidst personal and financial hardship and just as Europe was being engulfed by the rising tide of fascism Bringing together new archival discoveries and personal accounts this book explores one of the central relationships of his final years that with his friend confidant and adviser Paul L. Léon Providing first hand accounts of Joyce's Paris circle which included Samuel Beckett and Vladimir Nabokov the book makes available again the text of Lucie Léon's personal memoir of the relationship between her husband and the Irish writer published as *James Joyce and Paul L. Durning, 2012-12-06 This book brings together much of the best policy oriented research on state and local mortgage revenue bond MRB programs Most of

this research was conducted to evaluate the impact of MRB subsidies on housing markets and potential home buyers All of the research is concerned with the so what question often ignored by economists it addresses the implications of the research results for public policy decisions concerning MRBs The need for this book becomes apparent when reading the transcripts of congressional hearings on MRBs At those hearings the policy debate seems underinformed Aside from discussions of the General Accounting Office s periodic evaluations of MRB programs and impassioned rebuttals by MRB proponents the hearing testimony consists mostly of assertions and anecdotal evidence with some yes MRBs work and no they don t exchanges Although the research in this book may not improve the level of the policy debate on MRBs it can inform decision makers experts and citizens interested in housing policy about issues that should be examined when considering the future of MRBs Also it can point other researchers interested in housing policy in the direction of the questions about MRB programs that need additional attention

**Just War Thinkers Revisited** Daniel R. Brunstetter,Cian

O'Driscoll,2024-11-25 This book comprises essays that focus on a range of thinkers who challenge the boundaries of the just war tradition The ethics of war scholarship has become a rigid and highly disciplined activity closely associated with a very particular canon of thinkers This volume moves beyond this by presenting thinkers not typically regarded as part of that canon but who have interesting and potentially important things to say about the ethics of war The book presents 20 profile essays on an eclectic cast of heretics humanists and radicals from ancient Greece to the twenty first century who lived through and theorized about violence The book asks how ethics of war scholars might benefit from engaging with them Some of these thinkers engage directly with to augment or criticize the just war tradition while others contribute to military thinking across the ages pushing the boundaries of what was acceptable in war Many proffer alternative moral frameworks regarding the legitimacy of political violence The present volume thus invites scholars to reconsider the ethics of war in a way that challenges the standard delineation between just war theory realism and pacifism and to reflect on how those positions might inform our own approach to these matters This book will be of much interest to students of just war theory ethics of war war studies and International Relations
