Suny College At Oswego Its Second Century Unfolds:

SUNY College at Oswego Dorothy Rogers, 1988-01-01 **SUNY at Sixty** John B. Clark ,W. Bruce Leslie, Kenneth P. O'Brien, 2010-02-01 A close examination of the history accomplishments and potential of the State University of New York system The State University of New York is America s largest comprehensive public university system with sixty four campuses including community colleges colleges of technology university colleges research universities medical schools academic medical centers and specialized campuses in fields as diverse as optometry ceramics horticulture fashion forestry and maritime training Despite its reputation for wide access demanding academic programs vital public services and cutting edge research little has been written about its fascinating history Originating in a lively conference held in spring 2009 to mark SUNY s sixtieth anniversary the book s authors examine SUNY s origins political landscape evolving mission institutional variety international partnerships leadership and more Taking its place alongside studies of state systems such as those in California Michigan and Texas this book is a long overdue effort to return SUNY to the national conversation about public higher education during the last half century Edited by a former interim chancellor of the system and two SUNY history professors and with a foreword by current Chancellor Nancy L Zimpher this book is essential reading for anyone interested in the problems and promise of public higher education in New York State or indeed anywhere **Noteworthy Women of Oswego County, New York** Natalie Joy Woodall, 2025-01-01 When called upon to name a noteworthy woman who lived in Oswego County New York most people would respond with Dr Mary Walker Elmina Spencer or Malvina Guimaraes And they would be correct these three women played a prominent role in the county s nineteenth century history Yet they were not the only ones Many others whose names are less well known accomplished much within the legal and cultural constraints of contemporary society including writer Julia McNair Wright artist Mary Austen Oliver and playwright Lottie Blair Parker Whether fighting to end slavery or for the right to vote running for political office or seeking reforms in women s place in society the thirty one women detailed in this book made a lasting impact in Oswego County and their country Today s professional women lawyers doctors judges professors and bankers stand on the shoulders of these pioneering foremothers who refused to let prevailing societal norms stifle their creativity and ambition *Ryūkyū Daigaku Kyōiku Gakubu kiyō* Ryūkyū Daigaku. Kyōikugakubu, 1994 〇〇〇〇〇〇 〇〇〇〇, 1990 Object Lessons Sarah Anne Carter, 2018-07-12 Object Lessons How Nineteenth Century Americans Learned to Make Sense of the Material World examines the ways material things objects and pictures were used to reason about issues of morality race citizenship and capitalism as well as reality and representation in the nineteenth century United States For modern scholars an object lesson is simply a timeworn metaphor used to describe any sort of reasoning from concrete to abstract But in the 1860s object lessons were classroom exercises popular across the country Object lessons helped children to learn about the world through their senses touching and seeing rather than memorizing and repeating leading to new modes of classifying and

comprehending material evidence drawn from the close study of objects pictures and even people In this book Sarah Carter argues that object lessons taught Americans how to find and comprehend the information in things from a type metal fragment to a whalebone sample Featuring over fifty images and a full color insert this book offers the object lesson as a new tool for contemporary scholars to interpret the meanings of nineteenth century material cultural and intellectual life
