Super Apostle Brothers:

Super Apostle Brothers Daniel Preston, 2003 Two boys and a girl embark on a fictional story into the realm of Christian cults Their adventure illustrates the simplicity of the gospel of Jesus Christ the importance of having a personal relationship with God and how forgiveness plays a key role in recovering from spiritual abuse **Heralds and Community** Bo Young Kang, 2016-08-30 This book is part of the ongoing debate about Paul's understanding of the relationship between his own mission and the church's While this study endorses some previous scholarship on Paul's silence about the church's proactive evangelism in his letters it argues that explanations for such silence cannot be adequately made from exegetical conclusions on related texts alone Rather this study suggests that constructing a plausible conception of mission as understood by Paul influenced by the impact of the Jesus tradition and Jewish restoration eschatology is essential for explaining Paul's thinking Dr Kang proposes that Paul's silence regarding congregational evangelism is due to his unique two pronged conception of mission one being the event of eschatological heralds the other being the event of eschatological community *The Apostle Paul and His Letters* James B. Prothro, 2022-01-07 The letters of the Apostle Paul are central witnesses to the Christian faith and to the earliest history of Christianity And yet when students preachers and others turn to Paul they find many things hard to understand 2 Peter 3:16 in these ancient writings James Prothro's new book aims to help readers see the Apostle's faith and hope at work as he evangelized the nations Steeped in up to date scholarship and a passion for the gospel Paul preached Prothro draws readers into Paul's life and letters in order to help them hear the Apostle's voice The book's chapters offer introductions to Paul's background life and legacy an introduction to ancient letter writing a guide to understanding Paul's theology across the letters a survey of the portrait of Paul in the Book of Acts separate treatments of each letter's background and purpose treatments of key theological topics in each letter and a thorough outline of each letter showing its arguments and how they make sense Prothro introduces complex matters with clarity balance and an inviting style He not only offers answers but models how to ask questions helping us reason through Paul's letters as ancient documents and as Christian Scripture This book will prove a valuable introduction for those who study teach and preach these biblical books

The Signs of an Apostle C. K. Barrett, 2004-10-15 What did it mean to be an apostle in New Testament times What does it mean today C K Barrett explores these questions in a lively and penetrating manner First he surveys the New Testament to discover who the apostles were and what they did The relation between the original twelve apostles and later Christian leaders including Paul is also examined From the biblical background the author moves to the church today how does a church reflect its apostleship in its faith and preaching life and order The marks of an apostolic church are seen by Barrett within the context of radical theology and modern plans for church union As Methodist clergy involved in ecumenical issues and a noted New Testament scholar Barrett brings a refreshing perspective to his subject Pastors and laity alike will enjoy the clarity of style and vital approach to the church past and present *The Brother of Jesus and the Lost Teachings of*

Christianity Jeffrey J. Bütz, 2005-01-25 Reveals the true role of James the brother of Jesus in early Christianity Uses evidence from the canonical Gospels apocryphal texts and the writings of the Church Fathers to reveal the teachings of Jesus as transmitted to his chosen successor James Demonstrates how the core message in the teachings of Jesus is an expansion not a repudiation of the Jewish religion Shows how James can serve as a bridge between Christianity Judaism and Islam James has been a subject of controversy since the founding of the Church Evidence that Jesus had siblings contradicts Church dogma on the virgin birth and James is also a symbol of Christian teachings that have been obscured While Peter is traditionally thought of as the leader of the apostles and the rock on which Jesus built his church Jeffrey B tz shows that it was James who led the disciples after the crucifixion It was James not Peter who guided them through the Church s first major theological crisis Paul s interpretation of the teachings of Jesus Using the canonical Gospels writings of the Church Fathers and apocryphal texts B tz argues that James is the most overlooked figure in the history of the Church He shows how the core teachings of Jesus are firmly rooted in Hebraic tradition reveals the bitter battles between James and Paul for ideological supremacy in the early Church and explains how Paul s interpretations which became the foundation of the Church are in many ways its betrayal B tz reveals a picture of Christianity and the true meaning of Christ s message that are sometimes at odds with established Christian doctrine and concludes that James can serve as a desperately needed missing link between Christianity Judaism and Islam to heal the wounds of centuries of enmity Apostles and Prophets Opoku Onyinah, 2022-01-27 This book is an attempt to trace and find out the role of apostles and prophets in the Bible and then share these in a practical way to help the church of today It distinctively goes beyond the purview of the New Testament into the Old Testament and some ancient literature to bring out the wealth and depth of the subject and then makes a case for it Among others this book deals with the call of God the constitution and functions of a prophet and of an apostle Spiritual gifts the difference between apostles and prophets and how to test the manifestation of the Spirit One important issue which this book addresses is how the leadership of the church dropped from apostles to bishops You will enjoy reading it *Bible Knowledge Commentary* ,1983 The Bible Knowledge Commentary from Dallas Seminary will be welcomed by a wide spectrum of Bible students from the beginner who will find it easy to understand and easy to use to the advanced who will find it consistently thorough and reliable Second Corinthians Larry Kreitzer, 1996-11-01 This Guide explores the controversial place that 2 Corinthians has within Pauline studies Special attention is given to the contribution that the epistle makes to our understanding of Paul s views on such matters as his apostolic ministry his interpretation of scripture and his ecclesiology A summary of scholarly debate about the placement of 2 Corinthians within the larger setting of the Pauline corpus is also provided The Westminster Theological Wordbook of the Bible Donald E.
