

Sir Philip Sidney

Sir Philip Sidney

Sir Philip Sidney:

Sidney and His Circle Matthew Woodcock, 2010-05 In this compact yet wide ranging guide Matthew Woodcock presents a structured introduction to each of Sidney's major works *Sir Philip Sidney* Philip Sidney, 1983 An anthology grounded in the historic and aesthetic context of a crucial figure in 16th century English literature Sir Philip Sidney Mona Wilson, 1931 Sir Philip Sidney 30 November 1554 17 October 1586 was an English poet courtier and soldier and is remembered as one of the most prominent figures of the Elizabethan Age His works include *Astrophel and Stella* *The Defence of Poesy* also known as *The Defence of Poetry* or *An Apology for Poetry* and *The Countess of Pembroke's Arcadia* Wikipedia Sir Philip Sidney Philip Sidney, 1994 Born in 1554 Sir Philip Sidney was hailed as the perfect Renaissance patron soldier soldier lover and courtier but it was only after his untimely death at the age of thirty two that his literary achievements were truly recognized This collection includes supplementary texts such as his letters and the numerous elegies which appeared after his death help illustrate the wide spectrum of his achievements and the admiration he inspired in his contemporaries **Sir Philip Sidney** Dorothy Connell, 1977 Making use of a new appreciation of Sidney's proto novel *The Old Arcadia* 1580 and a rare 1579 letter newly discovered by this famous Elizabethan courtier poet and writer Dr Connell uses contemporary maps by Ortelius and other historical sources to bring to life the politics and art of Sidney and his circle throughout Europe *The Old Arcadia* was his first substantial work and this can be fruitfully compared to his more famous *New Arcadia* written in 1586 and left incomplete at his death this last was published in the 1590s by his sister Mary at a period when it strongly influenced Shakespeare and other writers of the later Elizabethan age **Sir Philip Sidney** Jan Adrianus van Dorsten, Dominic Baker-Smith, Arthur F. Kinney, 1986-01-01 **The Making of Sir Philip Sidney** Edward Berry, 1998-12-15 Does a poet make himself or do his culture and his fiction make him Sir Philip Sidney is one of the most popular and enduring of Elizabethan authors and one of those most preoccupied with the relationship between self society and art Edward Berry's *The Making of Sir Philip Sidney* explores how Sidney made or created himself as a poet by making representations of himself in the roles of some of his most literary creations *Philisides* *Astrophil* and the intrusive persona of *The Defence of Poetry* Focusing on the significance of these and other self representations throughout Sidney's career Berry combines biography social history and literary criticism to achieve a carefully balanced portrayal of the poet's life and work This is a book that makes a significant contribution to our understanding of Sidney and is likely to appeal to both students and scholars of Sidney as well as to those wishing to understand the cultural events that shaped this central figure of the English Renaissance Electronic Format Disclaimer Figure 2 removed at the request of the rights holder **Sir Philip Sidney** Dennis Kay, 1987 This volume is designed to guide students of Sidney through the labyrinth of Sidney scholarship now available Within the framework of a detailed bibliography and an account of Sidney's fluctuating reputation it presents some of the more representative and stimulating studies of recent years The essays have been selected both for their

individual qualities and because taken together they cover a wide range of Sidney's art and illustrate a variety of approaches to it. The essays should like the texts they study stimulate in their readers debate argument and real engagement with Sidney's masterpieces.

Sir Philip Sidney Albert Charles Hamilton, 1977-06-23 A general critical study of Sidney's life and works first published in 1977 his life in relation to his works and both in relation to his age In the late 1570s and early 1580s when the literary scene in England was barren Sidney emerged as the right man at the right moment to establish a national literature In his *Defence of Poetry* he formulated a poetic which showed why and how imaginative literature could be written in Protestant England and in his poetry and prose chiefly in *Astrophel and Stella* and the two versions of *The Countess of Pembroke's Arcadia* he revealed that the English language was as he claimed indeed capable of any excellent exercising of it Through the influence of his personality his critical insight and his brilliant achievement in both poetry and prose which Professor Hamilton in this study establishes through careful analysis Sidney became the central figure of the English literary Renaissance
