Sister Of The Bride 1575

Paul Bushkovitch

Sister Of The Bride 1575:

A Bride for the Tsar Russell E. Martin, 2012-06-15 From 1505 to 1689 Russia's tsars chose their wives through an elaborate ritual the bride show. The realm's most beautiful young maidens provided they hailed from the aristocracy gathered in Moscow where the tsar's trusted boyars reviewed their medical histories, evaluated their spiritual qualities, noted their physical appearances and confirmed their virtue. Those who passed muster were presented to the tsar who inspected the candidates one by one usually without speaking to any of them and chose one to be immediately escorted to the Kremlin to prepare for her wedding and new life as the tsar's consort. Alongside accounts of sordid boyar plots against brides, the multiple marriages of Ivan the Terrible and the fascinating spectacle of the bride show ritual, *A Bride for the Tsar* offers an analysis of the show's role in the complex politics of royal marriage in early modern Russia. Russell E. Martin argues that the nature of the rituals surrounding the selection of a bride for the tsar tells us much about the extent of his power, revealing it to be limited and collaborative, not autocratic. Extracting the bride show from relative obscurity, Martin persuasively establishes it as an essential element of the tsarist political system.

A landmark in the study of early modern Europe, this two-volume collection makes available for the first time a selection of the most important texts from court and civic festival books. Festival entertainments were presented to mark such occasions as royal and ducal entries to capital cities, dynastic marriages, the birth and christening of heirs, religious feasts, and royal and ducal funerals. *Europa Triumphans* represents the chronological and trans-European range of the court and civic festival. These festivals are considered not simply as texts but as events and are introduced by groups of scholars, each with a specialist knowledge of the political, social, and cultural significance of the festival and of the iconography, spectacle, music, dance, voice, and gesture in which they were expressed. To demonstrate the geographic spread and political significance of festivals and to illustrate the range of aesthetic languages they deploy, the festivals included in these two volumes are grouped in the following sections: Henri III, Genoa, Poland, Lithuania, The Netherlands, The Protestant Union, La Rochelle, Scandinavia, and The New World. These texts provide many valuable insights into the variety of political systems and historical circumstances that formed them. Beautifully produced with 148 black and white and 23 colour illustrations, *Europa Triumphans* represents an invaluable reference source for the study of early modern Europe. It presents texts both in transcription and translated into English and is supplemented with introductory essays and commentaries. *Europa Triumphans* is co-published by Ashgate and the Modern Humanities Research Association in conjunction with the AHRB.
