Sofia Tolstaya, the Author Andrew Donskov,2022-02-22 Dealing with the most topical questions of the time Sofia Tolstaya's artistic works from parables to short stories novellas and memoirs show deep insights into the social context of nineteenth century Russia In his lengthy review of *My Life* along with other Tolstaya publications in *Canadian Slavonic Papers* the eminent Tolstoy scholar Hugh McLean 2011 laments the fact that it has taken so long almost a century after her death to focus academic attention on Sofia Tolstaya and that there has been no unified publication of her works scattered as they are among dated journals or not published at all This book aims to help fill this lacuna by offering a critical introduction to her literary output as a writer in her own right and presenting for the first time an anthology of her main artistic works some in fresh English translation and others never translated before *Twice Rejected* November,2022-12-29 You cursed child I always knew that you were a baggage from hell How dare you kill my husband You sent him back into the fire and now he is dead Koko Magnus an ugly and useless she wolf who was known as the girl who killed her father got a chance of redemption There is an opportunity came to give her heart to save her twin sister who was supposed to be the next Luna of the red moon pack Alpha Niyol the king of alphas lost his beloved mate and for two years he became a shadow of himself which affected his pack and the packs under him The moon goddess in her good will gave him a second chance mate in the most unexpected way ever Will he accept another mate *Narrating Social Work Through Autoethnography* Stanley L. Witkin,2014-06-03 Autoethnography is an innovative approach to inquiry located in the interstices between science and literature Blending researcher and subject roles autoethnographers use analytical strategies to explore the social and cultural contexts of meaningful life experiences and their implications for the present Social issues are described from the inside out producing narratives that reflect the messy experiential encounters of everyday life This collection illustrates the value of autoethnography as an inquiry approach for social work practice Covering such topics as international adoption cross dressing divorce cultural competence life threatening illness and transformative change contributors showcase the ambiguities doubts contradictions insights tensions and epiphanies that accompany their experiences This anthology provides a readable and unique example of an exciting new trend in qualitative research *Life's Miracles* Billy Boy Walker,2012-08-20 God has inspired me to write my story with the sole purpose in mind to allow me to go through and experience the trials of everyday events So one day I will experience the triumphs of His blessings For without the trials in my life no way will I be able to experience triumphs and the fullness of his grace I thank God daily for miraculously sparing
