Six Modernist Moments In Poetry:

Six Modernist Moments in Poetry David Young, 2006 Along with the four poems written in English the two non English poems are presented and discussed in Young's own translations He describes the provenance of each of the six poems puts it in the context of its time and the poet's career and surrounds it with references to other poems that are quoted generously In this way each poem is not only fully explicated but also presented as a kind of preeminent example representing other poems of its type Combining close reading with contextual discussion this book is a significant contribution to the fields of poetry and modernism **BOOK JACKET**

The Rebellion of Forms in Modern Persian Poetry Farshad Sonboldel, 2024-02-08 An analysis of the aesthetic cultural and political aspects of alternative poetic movements and individual poets in three periods the Constitutional Revolution 1900 1920 the post constitutional era 1920 1940 and the ascendancy of modernism 1940 1960 Farshad Sonboldel shines new light on the history of modern Persian poetry by re imagining the roles that the aesthetic experimentations of alternative poets played in different phases of the literary revolution in modern Persian poetry Dominant narratives portray modern Persian poetry as a gradual rational and moderate change in the classical regime of aesthetics as well as a response to and reflection of cultural and socio political changes within Iranian society They also disregard the significance of radical experiments by alternative poets and undervalue the part they played in the initiation and progress of the so called literary revolution These mainstream narratives minimize the socio political engagement of literary works with the direct reflection of the social reality and thus neglect the way many alternative poems struggle with socio political issues through deconstructing the old and constructing new aesthetic systems Each chapter of *The Rebellion of Forms in Modern Persian Poetry* is centred around poems chosen for their potential to showcase notable experiments of pioneer movements and individuals in each given period Examining the formal and thematic aspects of these poems this book reformulates the story of modern Persian poetry and unravels the relationship between radical aesthetic changes in the practice of poetry and resistance against political and cultural domination in society

Abstraction in Modernist American Poetry Charles Altieri, 1989 Charles Altieri's groundbreaking new book sets modernist

American poetry in a precise cultural context by analyzing how major poets reacted to the challenge posed by modernist painting's radical critique of traditional representational models for art. It argues that modernist poets have tended to resist the received values of their contemporary culture by finding idealizing principles in modes of pure abstraction. It traces the use of such abstraction in literature from Wordsworth through Baudelaire and Mallarmé to T. S. Eliot, William Carlos Williams, Marianne Moore, and Gertrude Stein. There are summary chapters also on Wallace Stevens and Ezra Pound, considerations of C. Zanne and the Cubists, and a substantial theoretical discussion of the nature of abstract art. *Field of Light and Shadow* David Young, 2011-05-31 A gorgeous selection of the humane and moving poetry of David Young, a celebrated poet of the midwestern landscape and the people who live in it, with an expanded section featuring sixteen new poems exclusive to the paperback edition. A newly expanded career spanning volume from one of our most valuable living American poets, offering poems that display an exquisite ear tuned to the natural world to love and friendship and to the continually renewable possibilities of language, and new poems that reflect a continued artistic interest in these subjects. Young's settings are at once local and universal: an adolescence in Omaha, late summer on Lake Erie, a sleepless night in the backyard during a meteor shower. He moves with dazzling ease between culture and nature, between the literary and the philosophical microcosm and macrocosm. Here are poems on Osip Mandelstam and Chairman Mao, the meaning of boxcars on the track, the beautiful names of the months, and a fox at the field's edge, charged in each case by Young's fierce intelligence and candor in the face of grief and loss. We float through space. Days pass. Young writes in *The Portable Earth Lamp*: Sometimes we know we are part of a crystal where light is sorted and stored. His metaphysical reach, balancing remarkable humility with penetrating vision, is one of the great gifts of this exemplary career in poetry. **Irish University Review**, 2007 A journal of Irish studies

Du Fu Du Fu, 2008-11-04 Du Fu 712-770 is one of the undisputed geniuses of Chinese poetry, still universally admired and read thirteen centuries after his death. Now David Young, author of *Black Lab* and well known as a translator of Chinese poets, gives us a sparkling new translation of Du Fu's verse, arranged to give us a tour of the life, each chapter of poems preceded by an introductory paragraph that situates us in place, time, and circumstance. What emerges is a portrait of a modest yet great artist, an ordinary man moving and adjusting as he must in troubled times while creating a startling, timeless body of work. Du Fu wrote poems that engaged his contemporaries and widened the path of the lyric poet. As his society, one of the world's great civilizations, slipped from a golden age into chaos, he wrote of the uncertain course of empire, the misfortunes and pleasures of his own family, the hard lives of ordinary people, the changing seasons, and the lives of creatures who shared his environment. As the poet chases chickens around the yard, observes tear streaks on his wife's cheek, or receives a gift of some shallots from a neighbor, Young's rendering brings Du Fu's voice naturally and elegantly to life. I sing what comes to me in ways both old and modern, my only audience right now nearby bushes and trees, elegant houses stand in an elegant row too many if my heart turns to ashes, then that's all right with me from *Meandering River*. [Black Lab](#) David Young, 2009-03-04

David Young the distinguished poet and translator offers us a gorgeous cycle of poems attuned to the Midwestern seasons to weather both emotional and actual A writer of thrilling invention and humanity Young beckons the reader into an effortless proximity with the fox at the field s edge with the chattering crow and the startling first daffodils of spring In his tour of both exterior and interior landscapes the poet scatters his father s ashes and remembers losing his wife Chloe to cancer a loss at times still fresh after several decades pays homage to the wisdom of the Chinese masters whose aesthetic has helped shape his own and reflects on the gladdening qualities of a walk in a snowstorm with his black labrador Nemo and in this snowfall that I should detest late March and early April I m still rapt to see his coat so constellated starred re starred making a comic cosmos I can love Young s expert shaping of this world in which as he writes We re never going to get God right But we learn to love all our failures on the way becomes for the reader a fresh experience of life s mysterious goodness and of the abundant pleasure of the language that embodies it

William Carlos Williams, Frank O'Hara, and the New York Art Scene Paul R. Cappucci, 2010 To explore the depth of the literary connection between William Carlos Williams and Frank O Hara particularly in relation to their American roots this book examines their distinct responses to Abstract Expressionism or the New York School artists Although an outsider to this movement Williams paid attention to its increasing popularity and ultimately valued its importance in the progression of American art As an insider O Hara functioned as a vital critic and promoter of this group Foremost among the artists discussed here are Jackson Pollock Robert Mother well and David Smith Examining Williams s and O Hare s verse in light of these artists provides readers with a unique vantage point for understanding their appeal to these avant garde poets as well as for appreciating this moment in American art history It reveals a unique amalgamation of ideas about art and poetry that redefined creativity in mid twentieth century America
