War at the Margins Lin Poyer, 2022-09-30 *War at the Margins* offers a broad comparative view of the impact of World War II on Indigenous societies Using historical and ethnographic sources Lin Poyer examines how

Indigenous communities emerged from the trauma of the wartime era with social forms and cultural ideas that laid the foundations for their twenty first century emergence as players on the world s political stage With a focus on Indigenous voices and agency a global overview reveals the enormous range of wartime activities and impacts on these groups connecting this work with comparative history Indigenous studies and anthropology The distinctiveness of Indigenous peoples offers a valuable perspective on World War II as those on the margins of Allied and Axis empires and nation states were drawn in as soldiers scouts guides laborers and victims Questions of loyalty and citizenship shaped Indigenous combat roles from integration in national armies to service in separate ethnic units to unofficial use of their special skills where local knowledge tilted the balance in military outcomes Front lines crossed Indigenous territory most consequentially in northern Europe Southeast Asia and the Pacific Islands but the impacts of war go well beyond combat Like others around the world Indigenous civilian men and women suffered bombing and invasion displacement forced labor military occupation and economic and social disruption Infrastructure construction and demand for key resources affected even areas far from front lines World War II dissolved empires and laid the foundation for the postcolonial world Indigenous people in newly independent nations struggled for autonomy while other veterans returned to home fronts still steeped in racism National governments saw military service as evidence that Indigenous peoples wished to assimilate but wartime experiences confirmed many communities commitment to their home cultures and opened new avenues for activism By century s end Indigenous Rights became an international political force offering alternative visions of how the global order might make room for greater local self determination and cultural diversity In examining this transformative era War at the Margins adds an important contribution to both World War II history and to the development of global Indigenous identity

ABOUT THE AUTHOR Sister Lucia Treanor FSE earned a doctorate in comparative literature from the City University of New York She currently teaches writing at The Catholic University of America in

Washington DC The author of several books articles and academic essays in a variety of Catholic and secular publications she is related to Captain Elwood Ewart via her mother Lucy Casey McCaffrey who is his cousin [Survival in the South Pacific](#) Robert Richardson,2024-09-30 This account of oft forgotten aspects of the war that is also a powerful survival story is highly recommended for the casual reader of military history as well as the serious scholar of the Pacific war Journal of America s Military Past In September 1943 as America began advancing from its foothold on Guadalcanal a young American airman was lost in heavy weather over the South Pacific on what was expected to be a routine flight In examining that loss and the events leading up to a rescue attempt on an island in the South Pacific and bringing together societies utterly alien to each other Survival in the South Pacific brings together the big themes of the Pacific War Lieutenant Leonard Richardson and his comrades had been swept from their homes across America trained at speed for war and dispatched to one of the remotest places on the globe American war plans in place when Pearl Harbor was attacked poorly reflected the capabilities of its military and the limits imposed by America s far flung and indefensible territories The Germany First policy had resulted in a deeply uncertain future for forces in the South Pacific and Australia the United States was unprepared for the global war that came to it in late 1941 even as the pipeline of men and materiel began to fill Young Allied and Japanese aviators sailors and soldiers were not the only ones thrown into the swirling maelstrom of war that had engulfed the Pacific the indigenous islanders were also immersed in a new reality In bringing together individual stories of men at war this book gives a new perspective on the Pacific War *Books in Print Supplement* ,2002 **Forthcoming Books** Rose Army,2003 [Subject Guide to Books in Print](#) ,1997 **Books in Print, 2006-2007** ,2006 *World War II Memories* Lena R. Gelott Styles,2002 *Memoirs of the War in the Pacific, 1941-1945* Charles Danner Bishop,1997 The author a 1939 College of Charleston graduate presents his memories of the Pacific war [South Pacific at Seventeen](#) James Richard Snellen,2008 Entering the service at age seventeen Navy veteran James Snellen recounts his World War II experiences aboard the USS Cofer APD 62 and his mine sweeping duties within the South Pacific **Pollywog and Shellback Tales of the South Pacific** John H. Gamble,2011 Learn about little known combat ventures aboard a U S Navy vessel during World War II from the eyewitness accounts of Navy veteran John Gamble Pollywog and Shellback Tales of the South Pacific describes life as a World War II sailor in the Pacific theater Gamble throws us onboard his ship the same way he was thrown at breakneck speed Leaving high school friends behind Gamble joins the U S Navy and is trained as a radioman in the new technology of radar He learns the basics of Navy life forms friendships along the way and helps to make his ship what the admirals need it to be a fighting machine to defeat the enemy and bring peace back to the Pacific While Pollywog and Shellback Tales of the South Pacific is not a complete summary of Gamble s wartime experiences the stories give an astounding look at what it was like to be a sailor on a Navy ship during the battles of the Pacific Glimpse the individual perspective of combat at sea and imagine one man s commitment to his country no matter the cost John Gamble Sr was born and raised in the Atlantic coast region of what

is now part of New York City Many years after returning from naval combat in the Pacific he was one of relatively few workers fortunate enough to have worked on the lunar landing module this was destined to make the first moon landing He could see the whole world opening up and felt caught in the upheaval as his generation came into being He witnessed Einstein's theories become reality as the atom was split and the scientific wonder gave birth to a horrific nuclear arms race He witnessed what were then the world's two tallest buildings being erected and witnessed their demise Mindful of Nostradamus's papers he grew fascinated as the changes in technology brought new dimensions to his thinking According to Gamble there are many bittersweet moments in life We must choose to have hope and be among those who desire to see a hopeful future

**The Rising Sun Sets** Gary P. Hansen,2018-07-26 Many veterans of war upon their return home choose to never speak about their time serving in the military hoping to put it behind them and forget But some veterans don't hesitate to share their stories and experiences with anyone who will listen Whether talking about it is their way of coping with what they witnessed and endured an effort to pass on to the next generation a small slice of history or an attempt to preserve the memories for themselves doesn't really matter What matters is that countless veterans have shared their stories Laurin Hansen was such a veteran He told of his time serving in the U S Army during WWII to his sons and wife during family road trips He spoke of his experiences to his sons as they sat for hours in a fishing boat and during chilly evenings in a north woods hunting cabin This book is the result of the stories told by an American father who proudly served his country as recalled by his oldest son This work of creative nonfiction was lovingly compiled to honor his father's memory The author also uses interviews with some of his dad's Army buddies and wartime letters from soldiers to loved ones back home to aid in his painstaking efforts to maintain historical accuracy and detail The Rising Sun Sets is written in a way that will give the reader a true sense of one soldier's time in New Guinea the Philippines and other South Pacific Islands during the war Follow Laurin Hansen and his squad of American soldiers from basic training to face to face combat to the eventual occupation of Japan and get a glimpse of what it was like to be on the receiving end of heart pounding bonzai charges by fanatical Japanese soldiers contrasted with the boredom of day after day with no enemy contact all while trying to adjust to the unfamiliar and sometimes brutal

environment of the islands The amazing coincidences that occurred during this story are hard to believe when one ponders the odds but none the less they happened One of these soldiers suffered overwhelming odds of being vastly outnumbered yet he survived and was awarded the Congressional Medal of Honor for his actions
