Social Psychology Edward Alsworth Ross,1908 *Social Psychology* Edward Alsworth Ross,1921 It requires some hardihood to put forth this the pioneer treatise in any language professing to deal systematically with the subject of social psychology In spite of infinite pains and thirteen years of experience in university teaching of the subject I feel sure this book is strewn with errors The ground is new and among the hundreds of interpretations inferences and generalizations I have ventured on no doubt scores will turn out to be wrong Of course I would strike them out if I knew which they are I would hold back the book could I hope by longer scrutiny to detect them But I have brought social psychology as far as I can unaided and nothing is to be gained by delay The time has come to hand over the results of my reflection to my fellow workers in the hope of provoking discussions which will part the wheat from the chaff and set it to producing an hundred fold Preface PsycINFO Database Record c 2007 APA all rights reserved **Social psychology** Edward A. Social Psychology Edward Alsworth Ross, 2017-09-16 Excerpt from *Social Psychology An Outline and Source Book* At the moment of launching this work I pause to pay heartfelt homage to the genius of Gabriel Tarde Solicitous as I have been to give him due credit in the text no wealth of excerpt and citation can reveal the full measure of my indebtedness to that profound and original thinker While my system has swung wide of his I am not sure I should ever have wrought out a social psychology but for the initial stimulus and the two great construction lines conventionality and custom yielded by his incomparable *Lois de l'homme* If only this expression of my gratitude could reach him
