Social Structure and Organizations Revisited M. Lounsbury, M. Ventresca, 2002-07-03 This work gives practical voice to the theoretical questions and research designs of an emerging agenda for organization theory that engages questions about broader social structure and organizations with theory in cultural analysis stratification and entrepreneurship

History in Management and Organization Studies Behlül Üsdiken, Matthias Kipping, 2020-10-25 There has in recent times been an increasing interest in history broadly defined among management scholars But what specifically a historical approach or perspective can contribute to research on organizational fields organizations strategy etc and how exactly such historical research should be carried out remain questions that have been answered only partially if at all Building on the authors prior and ongoing work History in Management and Organization Studies From Margins to Mainstream is unique in presenting a comprehensive and integrated view of how history has informed management research with a focus on organization theory and strategy More specifically the volume provides an overview of how the relationship between history and management scholarship has evolved from the 19th century until today focusing mainly on the post World War II period and systematically surveys the kind of research programs within organization theory and strategy that have used historical data and or history as a theoretical construct while also identifying the remaining blind spots As a whole it offers a kind of roadmap for management scholars and historians to situate their research and hopefully find new roads for others to travel The book is intended for anybody conducting or planning to conduct historical research within management and organization studies and aims in particular at becoming a standard feature of research methods courses in business schools and departments of management

Stanford's Organization Theory Renaissance, 1970-2000 Frank Dobbin, Claudia Bird Schoonhoven, 2010-04-09 Between 1970 and 2000 Stanford University enabled and supported an interdisciplinary community of organizations training research and theory building This title summarizes the contributions of the main paradigms that emerged at Stanford in those three decades and describes the sociological conditions under which this environment came about

Research Handbook on Nonprofit Governance Donnelly-Cox, Gemma, Meyer, Michael, Wijkström, Filip, 2021-12-07 This multi perspective Research Handbook provides a clear pathway through the nonprofit governance research field pushing beyond the borders of current theory to expand and deepen the analytical framework for nonprofit governance It offers an analysis of the basics including definitions organizational forms and levels of governance and takes a critical approach towards the normative and prescriptive tendencies in much of contemporary governance scholarship

Rethinking the "L" Word in Higher Education: The Revolution of Research on Leadership Adrianna Kezar, Rozana Carducci, Melissa Contreras-McGavin, 2011-10-19 In these times of change and challenge in higher education pleas for leadership have become frequent However the type of leadership required within this new context of globalization demographic changes technological advancement and questioning of social authority may call for different skills requiring a

re education among campus stakeholders if they want to be successful leaders In the past twenty years there has been a revolution in the way that leadership is conceptualized across most fields and disciplines Leadership has moved away from being leader centered individualistic hierarchical focused on universal characteristics and emphasizing power over followers Instead a new vision has emerged leadership that is process centered collective context bound non hierarchical and focused on mutual power and influence processes This volume summarizes research and literature about new conceptualizations of leadership to inform practice This is volume 31 number 6 of the ASHE Higher Education Report a bi monthly journal published by Jossey Bass See our entire list of ASHE Higher Education Report titles for a wide variety of critical issues facing Higher Education today **Organizations, Policy, and the Natural Environment** Andrew J. Unlawful Advances Celene Reynolds, 2025-08-19 The remarkable story of the women who defined sexual harassment as unlawful sex discrimination under Title IX When the US Congress enacted Title IX of the Education Amendments of 1972 no

one expected it to become a prominent tool for confronting sexual harassment in schools Title IX is the civil rights law that prohibits education programs from discriminating on the basis of sex At the time however the term sexual harassment was not yet in use this kind of misconduct was simply accepted as part of life for girls and women at schools and universities In *Unlawful Advances* Celene Reynolds shows how the women claiming protection under Title IX made sexual harassment into a form of sex discrimination barred by the law Working together feminist students and lawyers fundamentally changed the right to equal opportunity in education and schools obligations to ensure it Drawing on meticulously documented case studies Reynolds explains how Title IX was applied to sexual harassment linking the actions of feminists at Cornell Yale and Berkeley Through analyses of key lawsuits and an original dataset of federal Title IX complaints she traces the evolution of sexual harassment policy in education from the early applications at elite universities to the growing sexual harassment bureaucracies on campuses today and how the work of these feminists has forever shaped the law university governance and gender relations on campus Reynolds argues that our political and interpretive struggle over this application of Title IX is far from finished Her account illuminates this ongoing effort as well as the more general process by which citizens can transform not only the laws that govern us but also the very meaning of equality under American law [Handbook of Organizational Change and Innovation](#) Marshall Scott Poole, Andrew H. Van de Ven, 2004-08-26 In a world of organizations that are in constant change scholars have long sought to understand and explain how they change This book introduces research methods that are specifically designed to support the development and evaluation of organizational process theories The authors are a group of highly regarded experts who have been doing collaborative research on change and development for many years *The Psychology of Entrepreneurship* J.
