Social Policy And The Ethic Of Care:

Social Policy and the Ethic of Care Olena Hankivsky, 2004 In this book Hankivsky considers the implications of this ethic for a range of Canadian social policy issues Through a series of case studies she demonstrates the extent to which a care orientation differs from a justice orientation and provides an alternative normative framework for interpreting understanding and evaluating social policy She reveals why Canadian social policy is lacking and how it could be made more effective and robust by the inclusion of an ethic of care Jacket

Critical Ethics of Care in Social Work Bob Pease, Anthea Vreugdenhil, Sonya Stanford, 2017-10-06 This book argues that the concept of care is a political and a moral concept As such it enables us to examine moral and political life through a radically different lens The editors and contributors to the book argue that care has the potential to interrogate relationships of power and to be a tool for radical political analysis for an emerging critical social work that is concerned with human rights and social justice The book brings a critical ethics of care into the realm of theory and practice in social work Informed by critical theory feminism intersectionality and post colonialism the book interrogates the concept of care in a wide range of social work settings It examines care in the context of social neglect interdisciplinary perspectives the responsabilisation agenda in social work and the ongoing debate about care and justice It situates care in the settings of mental health homelessness elder care child protection asylum seekers and humanitarian aid It further demonstrates what can be learnt about care from the post colonial margins Aboriginal societies LGBTI communities and disability politics It demonstrates ways of transforming the politics and practices of care through the work of feminist mothers caring practices by men meditations on love rethinking self care extending care to the natural environment and the principles informing cross species care The book will be invaluable to social workers human service practitioners and managers who are involved in the practice of delivering care and it will assist them to challenge the punitive and hurtful strategies of neoliberal rationalisation The critical theoretical focus of the book has significance beyond social work including nursing psychology medicine allied health and criminal justice

defined by care While the value of care in private life is widely recognized its role in the public sphere is contested and subject to political debates In work organizations instrumentality frequently overrides considerations for colleagues and co workers well being while relationships are often sacrificed in the service of performance and meeting organizational targets The questions this volume attempts to address concerns the organizational conditions that make care flourish and how a caring organization functions in practice Specifically we examine what it means to care for each other and what enhances caring behaviours in organizations The volume ultimately focuses on how caring relations can contribute to making organizations better places In this perspective care involves the recognition of and the limitations of work as a key aspect of personal and social identity Because care exceeds the sphere of individual intimacy the book will also centre on the necessity for building caring institutions through a political process that considers the needs contributions and prospects of many different actors This book aims to contribute to academic discussions on care in organizations care work business and organizational ethics diversity caring leadership well being in organizations and research ethics Managers consultants policy makers and students will find reflections about the goodness of care in organizations and guidance about the ethical and practical difficulties of pursuing the project of building caring organizations

Ethics of Care Barnes, Marian, Brannelly, Tula, Lizzie Ward, Nicki Ward, 2015-10-28 Over the last twenty years research on feminist care ethics has flourished and this collection makes a unique contribution to that body of work Drawing on a wealth of practical experience across eight different disciplinary fields the international contributors demonstrate the significance of care ethics as a transformative way of thinking across diverse geographical political and interpersonal contexts From an analysis of global responsibilities to a reimagining of care from the perspective of people with learning disabilities each chapter highlights the necessity of thinking about the ethics of care within policies and practice

Applying Care Ethics to Business Maurice Hamington, Maureen Sander-Staudt, 2011-07-29 Applying Care Ethics to Business is a multidisciplinary collection of original essays that explores the intersection between the burgeoning field of care ethics and business Care ethics is an approach to morality that emphasizes relational particularist and affective dimensions of morality that evolved from feminist theory and today enjoys robust intellectual exploration Care ethics emerged out of feminist theory in the 1980 s and the greatest contribution to moral analysis among Women Studies scholars Today feminists and non feminist scholars are increasingly taking care ethics seriously Applying care to the marketplace is a natural step in its maturity Applying Care Ethics to Business is the first book length analysis of business and economic cases and theories from the perspective of care theory Furthermore given economic turbulence and the resulting scrutiny of market practices care ethics provides fresh and timely insight into ideal business values and commitments In many ways care ethics emphasis upon connection and cooperation as well as the growth and well being of the other make it appear to be the antithesis of the corporate character Nevertheless many contemporary theorists question if traditional moral approaches based on autonomous agents is adequate to address a shrinking and interconnected

world particularly one that is marked by global markets Applying Care Ethics to Business offers a unique opportunity to rethink corporate responsibility and business ethics Disability, Care and Family Law Beverley Clough,Jonathan Herring,2021-04-12 This book explores the series of issues that emerge at the intersection of disability care and family law Disability studies is an area of increasing academic interest In addition to a subject in its own right there has been growing concern to ensure that mainstream subjects diversify and include marginalised voices including those of disabled people Family law in modern times is often based on an able bodied autonomous norm but can fit less well with the complexities of living with disability In response this book addresses a range of important and highly topical issues whether care proceedings are used too often in cases where parents have disabilities how the law should respond to children who care for disabled parents and the care of older family members with disabilities It also considers the challenges posed by the UN Convention on the Rights of Persons with Disabilities particularly around the different institutional and state responsibilities captured in the Convention and around decision making for both disabled adults and children This interdisciplinary collection with contributors from law criminology sociology and social policy as well as from policy and activist backgrounds will appeal to academic family lawyers and disability scholars as well as students interested in issues around family law disability and care
