

Socialism After Communism

The New Market Socialism

Christopher Pierson

Socialism After Communism

Ying Liu

Socialism After Communism:

Socialism After Communism Christopher Pierson,1995 Christopher Pierson assesses the evidence of terminal decline but finds rather a whole series of deep seated challenges to traditional forms of socialist and social democratic thinking Above all these problems are to be found in the political economy of social democracy and its commitment to incremental change in the context of an increasingly globalized market economy The latter chapters of the book are devoted to an assessment of market socialism one of the most vigorous and innovative attempts to seek to recast socialist aspirations under these quite changed circumstances In essence market socialism represents an attempt to reconcile new forms of social ownership with the seeming ubiquity of the market Having outlined this position Pierson carefully and systematically critiques it and in the process develops a set of distinctive arguments about the nature of social ownership the potential of the labor managed economy and the appropriate forms for an extension of economic democracy

Socialism and Communism John Murphy,2014-07-15 The story of socialism and communism is a saga of idealism and cynicism revolution and repression power and powerlessness The entire political and economic history of the modern era is contained in this account forming a detailed and lively panorama The world is still grappling with age old questions regarding governance equality justice and freedom As this enthralling text details so vividly socialism and communism attempted to answer these questions definitively In that they failed but in doing so they highlighted the importance of the questions themselves and of the ordinary people whose lives hang in the balance waiting for answers

The Economics of Socialism After World War Two J. Wilczynski,2017-07-28 The most comprehensive and contemporary source available on socialist economic systems this book employs economic data from eight East European countries and Russia to provide readers with a thorough accurate picture of formerly Communist economies J Wilczynski carefully analyzes the major focal points of socialistic economics planning and market profit production and growth accumulation consumption labor land pricing money and banking fiscal policy and control domestic and foreign trade and international economics The treatment of the subject is objective and constructive when comparisons are made with capitalist economies both the strengths and weaknesses of socialism are brought out This is not however a book on comparative economic systems but rather a complete discourse on the actual principles of socialist economics Controversial issues such as the role of planning and the market profit rates of growth the consumer s place labor incentives pricing and controls are particularly well done This book can be used as a guide to the economics of formerly communist regimes and as text for courses in developmental economics and comparative economic systems It is well written by a scholar intimate with the plans policies and failures of communist economies from the close of The Second World War to the demise of Communist rule in Eastern Europe

Understanding Communism vs. Socialism Suma Pothuvaal,2025-01-03 Understanding Communism vs Socialism clears up the complex concepts of communism and socialism through engaging chapters and exercises We discuss the history of various countries in a story format to enhance your understanding By

comparing different ideologies and economic structures we aim to provide a crystal clear understanding of communism and socialism We highlight the roles of key proponents like Karl Marx Friedrich Engels Lenin and Stalin Our book includes graphs statistical data and relevant figures to keep you connected to the topic It explains how transitions from one ideology or system to another occur highlighting their advantages and disadvantages This book offers a balanced view of both concepts presenting various alternatives and leaving it up to you to decide which ideology is best We make the differences between the two ideologies clear through multiple perspectives The exercises are interesting and research oriented helping you understand how politics and history before and after the world wars were influenced by these ideologies Written in simple and easy to understand language this book includes useful appendices and is designed to enhance your understanding with engaging and informative content

The Capitalist Transformation of State Socialism David Lane,2013-11-20 David Lane outlines succinctly yet comprehensively the development and transformation of state socialism While focussing on Russia and the countries of Eastern Europe he also engages in a discussion of the Chinese path In response to the changing social structure and external demands he outlines different scenarios of reform He contends that European state socialism did not collapse but was consciously dismantled He brings out the West's decisive support of the reform process and Gorbachev's significant role in tipping the balance of political forces in favour of an emergent ascendant class In the post socialist period he details developments in the economy and politics He distinguishes different political and economic trajectories of countries of the former USSR the New Member States of the European Union and China and he notes the attempts to promote further change through coloured revolutions The book provides a detailed account not only of the unequal impact of transformation on social inequality which has given rise to a privileged business and political class but also how far the changes have fulfilled the promise of democracy promotion wealth creation and human development Finally in the context of globalisation the author considers possible future political and economic developments for Russia and China Throughout the author a leading expert in the field brings to bear his deep knowledge of socialist countries draws on his research on the former Soviet Union and visits to nearly all the former state socialist countries including China

An Encyclopedic Dictionary of Marxism, Socialism and Communism J. Wilczynski,2019-10-08 No detailed description available for An Encyclopedic Dictionary of Marxism Socialism and Communism

Political Ideologies Vincent Geoghegan,Rick Wilford,2014-03-21 Now in its fourth edition Political Ideologies An Introduction continues to be the best introductory textbook for students of political ideologies Completely revised and updated throughout this edition features A comprehensive introduction to all of the most important ideologies Brand new chapters on multiculturalism anarchism and the growing influence of religion on politics More contemporary examples of twenty first century iterations of liberalism socialism conservatism fascism green political theory nationalism and feminism Enhanced discussion of the end of ideology debates and emerging theories of ideological formation Six new contributors Accessible and packed with both historical and

contemporary examples this is the most useful textbooks for scholars and students of political ideologies The contributors to this volume have all taught or carried out research at the School of Politics International Studies and Philosophy of Queen's University Belfast or have close research connections with the School Self-management and the Crisis of Socialism Michael Wayne Howard,2000 While some conclude from the revolutions of 1989 that socialism is dead interest in socialism continues because of persisting problems of contemporary capitalism In this exciting text Michael W Howard offers critiques of liberal communitarian postmodern and some Marxist perspectives in order to develop a left liberal defense of a model of self managed market socialism that includes a basic income for all Specific applications of his view include analyses of its implications for the global marketplace the changing nature of workplaces and media restructuring and ownership This work is sure to be of interest to social scientists public policy makers and economists as well as to feminists ecologists and others concerned with how market socialism is relevant to their social issues **Political Ideologies and the Democratic Ideal** Terence Ball,Richard Dagger,Daniel I O'Neill,2015-07-17 Political Ideologies and the Democratic Ideal 9 e thoroughly analyzes and compares political ideologies to help readers understand these ideologies as acutely as a political scientist does Used alone or with its companion Ideals and Ideologies A Reader 9 e this best selling title promotes open mindedness and develops critical thinking skills Symbolic Traces of Communist Legacy in Post-Socialist Hungary Lisa Pope Fischer,2016-09-12 In Symbolic Traces of Communist Legacy in Post socialist Hungary Lisa Pope Fischer shows how personal practices symbolically refurbish elements from the Communist era to fit present day challenges A generation who lived through the socialist period adapt to post socialist Hungary in a global context Life histories weave together case studies of gift giving procurement strategies harvest ritual healthcare and socialist kitsch to illustrate turns towards mysticism neo traditionalism nostalgia nationalism and shifts in time place People's unrequited past longing for future possibilities of a Western society facilitate desires for a lost way of life Not only does this work gain understanding of an aging population's life experiences and the politics of everyday practices but also social change in a modern global world

The End of the Communist Revolution Robert V. Daniels,2002-11 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company **The Two Red Flags** Dr David Childs,David Childs,2002-02-07 First published in 1999 Routledge is an imprint of Taylor Francis an informa company Socialisms: Old and New Tony Wright,2006-06-19 This is a revised and updated edition of Tony Wright's critically acclaimed work that first appeared a decade ago It provides a lucid and accessible survey of the major strands of socialist thinking right up to the present day and includes an assessment of the renewal of socialism in Britain It is an indispensable text for students and a stimulating guide to socialism past and present But it is also a book with an argument Tony Wright makes the case for a socialism that learns the lessons of its own history roots itself in an ethic of community and applies traditional values in new ways It is a book for everyone who wants to understand where socialism has come from and where it might still be going *Socialisms* Anthony Wright,1996 In this

stimulating introduction to the subject Tony Wright argues that the contradictions within socialism arise from the absence of a single socialist tradition despite Marxist attempts to claim the title of the true socialism

Socialism and Modernity Peter Beilharz, 2009 This first collection of Peter Beilharz's highly influential thought traces the themes and problems manifestations and trajectories of socialism and modernity as they connect and shift over a twenty year period Woven throughout Beilharz's analysis is the urgent question of modern utopia how do we imagine freedom and equality in modernity The essays in this volume explore the relationship between socialism and modernity across the United States Europe and Australia from the mid 1980s to the turn of the twenty first century a time that witnessed the global triumph of capitalism and the dramatic turn away from Marxism and socialism to modernity as the dominant perspective According to Beilharz we have seen the expansion of a kind of Weberian Marxism with the concept of revolution giving way to the idea of pluralized forms of power and the idea of rupture giving way to the postmodern sense of difference These changes come together with the discourse of modernism both aesthetic and technological Socialism and modernity Beilharz argues are fundamentally interrelated In correcting the conflation of Marxism Bolshevism and socialism that occludes contemporary political thinking he reopens a space for discussion of what socialist politics might look like now in the postcommunist postcolonial postmodern moment

Ten Essays for a 21st Century Socialism Tony Andréani, 2024-10-07 This book explores possible and realistic alternatives to a capitalism that is no longer sustainable whether economically socially or for a habitable planet Arguing that these alternatives can only be of socialist orientation the author moves from a discussion of works that attempted to explain the failure of the socialisms of the 20th century to a consideration of models for a new socialism Through consideration of issues including the role of public services the functions of public enterprises the creation of a socialized sector planning and different forms of democracy this volume espouses a model of economic democracy capable of dealing with market mechanisms without being dominated by them as new world geopolitics emerge A synthesis of proposals for socialist alternatives to today's hegemonic form of shareholder capitalism Ten Essays for a 21st Century Socialism will appeal to scholars of sociology political theory and economics with interests in contemporary socialism

Communism in Eastern Europe Melissa Feinberg, 2021-12-29 Communism in Eastern Europe is a ground breaking new survey of the history of Eastern Europe since 1945 It examines how Communist governments came to Eastern Europe how they changed their societies and the legacies that persisted after their fall Written from the perspective of the 21st century this book shows how Eastern Europe's trajectory since 1989 fits into the longer history of its Communist past Rather than focusing on high politics Communism in Eastern Europe concentrates on the politics of daily life melding political history with social cultural and gender history It tells the history of this complicated era through the voices and experiences of ordinary people By focusing on the complex interactions of everyday life Communism in Eastern Europe illuminates the world Communism made in Eastern Europe its politics and culture values and dreams successes and failures This book is an engaging introduction to the

history of Communist Eastern Europe for any reader It is ideal for adoption in a wide array of undergraduate and graduate courses in 20th century European history Using Political Ideas Barbara Goodwin,2016-12-19 Using Political Ideas is a unique blend of political philosophy political theory and history of political thought It combines a critique of the major ideologies of recent and contemporary society with an analysis of the ideas that form the very stuff of political debate By exposing the interplay between ideas and ideologies it shows why political opponents often speak at cross purposes and why rational agreement is so hard to achieve in politics The sixth edition of this well respected and widely known text will be welcomed by those interested in questions such as Is equality more important than personal freedom Does the majority have the right to dictate to the minority in multicultural society Is nationalism a progressive force in the world Politics does not stand still there are always new controversies and ideological conflicts and the climate of discussion changes The 6th edition of this best selling book is fully updated and includes a new chapter on authoritarian ideologies to reflect the growing extreme right wing politics in parts of Europe This edition also provides a variety of new learning features a comprehensive glossary detailed lists of further reading and a list of questions for discussion Global Geographies of Post-Socialist Transition Tassilo Herrschel,2006-09-27 Since the formal raising of the Iron Curtain there has been much interest in post socialism and the process of post socialist transition This timely book provides a systematic review and analysis of the process of transition Herrschel explores recent theories concepts and debates on post socialism and the notion of transition provides a systematic topical account of post socialist transitions around the world as evidence by social economic and political processes examines case studies of post socialist transition in east and Central Europe the former Soviet Union Asia and South East Asia and Africa and Latin America brings together theoretical and practical aspects by examining what lessons can be learned from recent experiences Global Geographies of Post Socialist Transition provides a truly global comparative account of the meaning and processes of post socialist transition and will be an invaluable resource for all those interested in this area Problems of Communism ,1978
