

The book cover features a central image of a train tunnel. A train is visible in the distance, moving away from the viewer. The tunnel walls are illuminated with a warm, orange-red glow. Above the tunnel, a red background is filled with numerous yellow arrows pointing downwards towards the tunnel entrance. The title 'Rethinking Society' is written in large, bold, yellow letters across the top, with 'Rethinking' in a smaller font above 'Society'.

Society In Question Sociological Readings For The 21st Century 2nd Edition:

Society in Question Robert J. Brym, 1999 *Rethinking Society in the 21st Century, Fourth Edition* Kate Bezanson, Michelle Webber, 2016-09-01 *Rethinking Society in the 21st Century* is a critical collection of readings that provides students with a foundational knowledge base in sociology. The fourth edition has been thoroughly updated to include significant Canadian content with a greater focus on indigeneity, gender and sexuality, and a new section dedicated to social movements, social change, and emerging fields. This anthology introduces students to the fundamental elements of sociology with a balance of classical theory (Marx, Weber, Durkheim, Mills) and more contemporary approaches found in the works of Michel Foucault and Dorothy Smith. Building on this theoretical grounding, the text outlines core concepts in sociology as well as major social institutions such as families, the economy, and labour, education, health care, and media. Covering a wide breadth of topics, including chapters on animals, the environment, crime, trans issues, class, ethnicity, and race, this new edition explores critical debates in Canadian society with an emphasis on intersectional approaches to social inequalities. This volume is rich with pedagogical features that promote critical understanding, including detailed introductions that speak to the contextual history of the source material and discussion questions for each section. Uniquely designed for introductory courses, *Rethinking Society in the 21st Century* is the ideal reader for Canadian students of sociology. *Global Politics as if People Mattered* Mary Ann Tétreault, Ronnie D. Lipschutz, 2009-05-16 Now in a fully updated and revised edition, this concise and engaging text introduces global politics and international relations with an emphasis on the social individual. Using practical examples as well as theory, the authors show students how they can take charge of their lives and the politics that affect them, even in the context of a vast global economy and impersonal international forces that sometimes seem out of control. Filled with idealism yet firmly grounded in current realities, *Global Politics as if People Mattered* is a fresh take on the proper place and potential of individuals in world politics. Front and center, actively engaged in a way of life that is as politically personal as it is politically powerful. *Debates on Social Inequality* Mahmoud Reza Nakhaie, 1999 *Canadian Society in the Twenty-First Century, Fourth Edition* Trevor W. Harrison, John W. Friesen, 2021-03-03 Confederation may have established Canada's nationhood in 1867, but the relationships framing Canada's modern existence go back much further. Employing a unique socio-historical perspective, *Canadian Society in the Twenty-First Century* examines three formative relationships that have shaped the country: Canada and Quebec, Canada and the United States, and Canada and Indigenous nations. Now in its fourth edition, this engaging text offers students an overview of Canadian society through a series of connections rather than a collection of statistics. Trevor W. Harrison and John W. Friesen weave together complex aspects of the nation's economic, political, and socio-cultural development. They guide readers to use this interdisciplinary framework to consider some of the tough questions that Canada is likely to face in adjusting to demands and challenges in the next few decades. Reflecting the most current scholarship in the field, this revised edition features new discussions on issues such as

the current crisis of neo liberal globalization Canada s petroleum industry global warming the Wet suwet en dispute in 2020 and the COVID 19 pandemic Exploring the unique character of Canada today this text is a vibrant resource for sociology courses on Canadian society as well as courses in Canadian studies and Canadian history **Handbook of Contemporary Sociological Theory** Seth Abrutyn,2016-06-22 This Handbook provides the hidden common threads that tie sociological inquiry together and featuring eminent scholars it separates itself from its predecessors in substance and organization Rather than rehashing old debates or longingly gazing at the past this book presents sociologists with new ways of conceptualizing the organization and presentation of sociological theory At the heart of this Handbook s vision is the twin goals of making theory a viable enterprise by reconceptualizing how we teach theory and keeping theory closely tied to its empirical applications Three strategies are offered 1 Elucidating how classic issues like integration or interaction are interrogated today 2 Presenting a coherent vision of the social levels of reality that theorists work on such as communities groups and the self as well as how the coherence of these levels speaks to the macro micro link and 3 Theorizing the social world rather than celebrating theorists or theories that is one can look at how theory is used holistically to understand the constraints the social world places on our lived experience or the dynamics of social change Hence in the second decade of the 21st century it has become clear that sociology is at a crossroads as the number of theorists and amount of theory available is increasingly unmanageable and unknowable by the vast majority of professionals and students As such this Handbook of Contemporary Sociological Theory presents the novice and the expert with the a roadmap for traversing this crossroad and building a more coherent robust and cumulative sociology **Canadian Books in Print. Author and Title Index** ,1975 **Power, Politics, and Society** Betty A Dobratz,2015-10-14 Power Politics Society An Introduction to Political Sociology discusses how sociologists have organized the study of politics into conceptual frameworks and how each of these frameworks foster a sociological perspective on power and politics in society This includes discussing how these frameworks can be applied to understanding current issues and other real life aspects of politics The authors connect with students by engaging them in activities where they complete their own applications of theory hypothesis testing and forms of inquiry **Society in Question** Robert J. Brym,2001-01 The Criminal Law Quarterly ,2009 *Canadian Journal of Criminology* ,1998 **Ancient Judaism in its Hellenistic Context** Carol Bakhtos,2004-12-01 This volume explores the ways in which Jews lived within the Hellenistic and Greco Roman contexts how they negotiated their religious and social boundaries in their own distinctive manner Scholars demonstrate how the Jewish encounter with Hellenism led not to a conscious struggle with alien forces but rather in many instances to an active re tailoring and re shaping of tradition in light of their material ideological and philosophical surroundings That is to say the Jews a minority people maintained their identity by adapting the trappings to varying degrees of their milieu These essays also reflect many issues that emerge when we study the development of several aspects of Jewish Civilization through the ages in light of broad socio political cultural

and philosophical contexts Resources in Education ,1997 **Medical Sociology** William C. Cockerham,2017-04-21 The most thorough major academic textbook available this classic text presents the most important research studies in the field The author also integrates engaging first person accounts from patients physicians and other health care providers throughout the text A much greater number of first person accounts and updated examples are added to the new fourteenth edition Other updates include Coverage of Zika Ebola MERS and updates on other pandemics Expanded discussion of obesity as a disease Coverage of the widening gap in life expectancy between the rich and the poor New information on the decline of life expectancy among American white women especially those who live in rural counties New material on biomarkers gene environment interaction and stress Analysis of the role of the hidden curriculum in medical schools Exiting the Affordable Care Act *The Transformative Humanities* Mikhail Epstein,2012-09-13 Distinguished scholar Mikhail Epstein offers a re assessment of the role of the humanities and advocates their constructive potential for the society and intellectual culture of the future In his famous classification of the sciences Francis Bacon not only catalogued those branches of knowledge that already existed in his time but also anticipated the new disciplines he believed would emerge in the future the desirable sciences In this open access publication Mikhail Epstein echoes in part Bacon s vision and outlines the desirable disciplines and methodologies that may emerge in the humanities in response to the new realities of the twenty first century Are the humanities a purely scholarly field or should they have some active constructive supplement We know that technology serves as the practical extension of the natural sciences and politics as the extension of the social sciences Both technology and politics are designed to transform what their respective disciplines study objectively The Transformative Humanities A Manifesto addresses the question Is there any activity in the humanities that would correspond to the transformative status of technology and politics It argues that we need a practical branch of the humanities which functions similarly to technology and politics but is specific to the cultural domain The ebook editions of this book are available open access under a CC BY NC ND 4 0 license on bloomsburycollections com *Globalization and Development Volume I* Shigeru Thomas Otsubo,2015-08-27 Globalization and Development is a cross national study on the interstate dispersion of the impacts on growth inequality and poverty that international economic integration provides to the economies of the developing countries In order to present the Leading Issues in Development with Globalization in a balanced manner to identify differences and commonalities among Country Experiences in development with globalization and to introduce diversified development paradigms with forward looking discussions In Search of a New Development Paradigm for the post MDGs era this publication consists of three volumes and four main parts Volume I Part I introduces the evolution and facets of globalization and the challenges that we face in our development efforts under globalization Findings from the old and new empirical studies are consolidated for us to answer the following question What do we really know about the impacts of globalization Volume I Part II contains thematic and issue oriented discussions on the key facets of globalization This book
