## **Society In Question Sociological Readings For The 21st Century:**

**Society in Question** Robert J. Brym, 2001-01      *Society in Question*, 2001 *Society in Question* is designed to supplement the main textbook in an introductory sociology course      **Society in Question** Robert J. Brym, 2005

**Rethinking Society in the 21st Century, Fourth Edition** Kate Bezanson, Michelle Webber, 2016-09-01 *Rethinking Society in the 21st Century* is a critical collection of readings that provides students with a foundational knowledge base in sociology. The fourth edition has been thoroughly updated to include significant Canadian content with a greater focus on indigeneity, gender and sexuality, and a new section dedicated to social movements, social change, and emerging fields. This anthology introduces students to the fundamental elements of sociology with a balance of classical theory (Marx, Weber, Durkheim, Mills) and more contemporary approaches found in the works of Michel Foucault and Dorothy Smith. Building on this theoretical grounding, the text outlines core concepts in sociology as well as major social institutions such as families, the economy, and labour, education, health care, and media. Covering a wide breadth of topics including chapters on animals, the environment, crime, trans issues, class, ethnicity, and race, this new edition explores critical debates in Canadian society with an emphasis on intersectional approaches to social inequalities. This volume is rich with pedagogical features that promote critical understanding, including detailed introductions that speak to the contextual history of the source material and discussion questions for each section. Uniquely designed for introductory courses, *Rethinking Society in the 21st Century* is the ideal reader for Canadian students of sociology.      **Society in Question** Robert J. Brym, 1999      **Evolutionary**

**Psychology and Information Systems Research** Ned Kock, 2010-07-28 This book is a compilation of chapters written by leading researchers from all over the world. Those researchers' common characteristic is that they have investigated issues at the intersection of the fields of information systems (IS) and evolutionary psychology (EP). The main goal of this book is to serve as a reference for IS research building on EP concepts and theories in short IS/EP research. The book is organized in three main parts. Part I focuses on EP concepts and theories that can be used as a basis for IS/EP research. Part II provides several exemplars of IS/EP research in practice, and Part III summarizes emerging issues and debate that can inform IS/EP research, including debate regarding philosophical foundations and credibility of related findings. IS/EP research is generally concerned with the use of concepts and theories from EP in the study of IS, particularly regarding the impact of modern information and communication technologies on the behavior of individuals, groups, and organizations. From a practitioners' perspective, the most immediate consumers of IS/EP research are those who develop and use IS, of which a large contingent are in businesses that employ IS to support marketing, order taking, production, and delivery of goods and services. In this context, IS/EP findings may be particularly useful due to the present need to design web-based interfaces that will be used by individuals from different cultures and often different countries, and whose common denominator is their human nature.      *Power, Politics, and Society* Betty A. Dobratz, 2015-10-14 *Power Politics Society: An Introduction to Political Sociology* discusses how sociologists have

organized the study of politics into conceptual frameworks and how each of these frameworks foster a sociological perspective on power and politics in society This includes discussing how these frameworks can be applied to understanding current issues and other real life aspects of politics The authors connect with students by engaging them in activities where they complete their own applications of theory hypothesis testing and forms of inquiry [21st Century Sociology: A Reference Handbook](#) Clifton D. second analyzes communicational and cultural problems as well as threats and trends in early twenty first century societies Many of the issues Ellul saw as crucial such as energy propaganda applied life sciences and communication continue to be so In fact they have grown exponentially on a global scale producing new forms of risk Essays in the final section examine the duality of reason and revelation They pursue an understanding of Ellul in terms of the depth of experience and the traditions of human knowledge which is to say on the one hand the experience of the human being as contained in the rationalist sociological and philosophical traditions On the other hand there are the transcendent roots of human existence as well as revealed knowledge in the mystical and religious traditions The meeting of these two traditions enables us to look at Ellul s work as a whole but above all it opens up a space for examining religious life in the technological society      *Power, Politics, and Society* Betty Dobratz, Lisa Waldner, Timothy Buzzell, 2019-03-06 *Power Politics and Society* An Introduction to Political Sociology discusses how sociologists have organized the study of politics into conceptual frameworks and how each of these frameworks foster a sociological perspective on power and politics in society This includes discussing how these frameworks can be applied to understanding current issues and other real life aspects of politics This second edition incorporates new material on cultural divides in American politics emerging roles for the state the ongoing effects of the Great Recession and recovery the 2016 election social media and the various policies introduced during the Trump administration and how they affect people s lives      *Inequality in the 21st Century* David Grusky, Jasmine Hill, 2018-05-15 This book provides selections from the seminal works of Karl Marx Max Weber W E B Du Bois and Charlotte Perkins Gilman that reveal some of the reasons why class race and gender inequalities have proven very adaptive and can flourish even today in the 21st century      *Debates on Social Inequality* Mahmoud Reza Nakhaie, 1999      *Global Politics as if People Mattered* Mary Ann Tétreault, Ronnie D.
