Sugar And Power In The Dominican Republic Eisenhower Kennedy And The Trujillos:

Sugar and Power in the Dominican Republic Michael R. Hall, 2000-01-30 A study of the powerful impact that sugar had on U S Dominican relations as the primary vehicle of reciprocal manipulation from 1958 to 1962 Sugar and Power examines the development of the sugar industry in the Dominican Republic Hall uncovers new evidence that supports the belief that U S Latin American relations during this period were frequently a two way street with the United States reacting to Latin American initiatives just as frequently as Latin Americans responded to American initiatives Both Eisenhower and Kennedy used sugar quota legislation as a foreign policy tool At the same time the Trujillo regime played upon Washington s fear of communism in response to the Cuban revolution to obtain an expanded sugar quota Drawing heavily on U S and Dominican government documents this study argues that the U S initiated economic sanctions against Trujillo to gain hemispheric support against Castro s Cuban revolution Kennedy expanded those sanctions in an attempt to push the Dominican Republic along the path toward democracy Although Juan Bosch s election at the end of 1962 and the allotment of a generous sugar quota indicated the apparent success of U S foreign policy toward the Dominican Republic the overthrow of Bosch in 1963 indicated that the path toward democracy was longer than American policy makers had anticipated This case study in the role of economic coercion in U S Latin American relations during the Cold War tries to present a balanced account of both sides of the story

Our Caribbean Kin Alaí Reyes-Santos, 2015-06-15 Beset by the forces of European colonialism US imperialism and neoliberalism the people of the Antilles have had good reasons to band together politically and economically yet not all Dominicans Haitians and Puerto Ricans have heeded the calls for collective action So what has determined whether Antillean solidarity movements fail or succeed In this comprehensive new study Ala Reyes Santos argues that the crucial factor has been the extent to which Dominicans Haitians and Puerto Ricans imagine each other as kin Our

Caribbean Kin considers three key moments in the region's history: the nineteenth century when the antillanismo movement sought to throw off the yoke of colonial occupation; the 1930s at the height of the region's struggles with US imperialism; and the past thirty years as neoliberal economic and social policies have encroached upon the islands. At each moment, the book demonstrates specific tropes of brotherhood, marriage, and lineage have been mobilized to construct political kinship among Antilleans, while racist and xenophobic discourses have made it difficult for them to imagine themselves as part of one big family. Recognizing the wide array of contexts in which Antilleans learn to affirm or deny kinship, Reyes Santos draws from a vast archive of media including everything from canonical novels to political tracts, historical newspapers to online forums, sociological texts to local jokes. Along the way, she uncovers the conflicts, secrets, and internal hierarchies that characterize kin relations among Antilleans, but she also discovers how they have used notions of kinship to create cohesion across differences.

Fidel Castro and Africa's Liberation Struggle Sabella Ogbobode Abidde, Charity Manyeruke, 2020-10-01

The post-1959 Cuban government's engagement with Africa, which was led by its charismatic and revolutionary leader Fidel Castro, had two connecting dimensions: military internationalism and humanitarian internationalism. While African states and societies benefited immensely from these engagements, it was Fidel Castro's military assistance towards the decolonization of and the pushback of Apartheid South Africa that received the loudest attention and ovation in the developing world. Fidel Castro, this book argues, was never motivated by economic selfishness or geopolitical considerations but rather by the altruism and the certainty of his worldview and by the historical connection between the peoples of Cuba and Africa. The principle of international solidarity, socialism, and the emancipation of Africa was a much desired aspiration and attainment. Beginning covertly in Algeria in 1961 and the Congo and Guinea-Bissau in 1964 and more conspicuously in Angola in 1975, Fidel Castro and his socialist government was at the forefront supporting liberation movements in their struggle against colonialism. Defining Castro's engagement with Africa was his support for the People's Movement for the Liberation of Angola (MPLA) against the United States-backed Apartheid South Africa, which supported the National Liberation Front of Angola (FNLA) and the National Union for the Total Independence of Angola (UNITA).
