Forsyth**

## **Suicide The Hidden Epidemic:**

Suicide Margaret Oldroyd Hyde, Elizabeth Held Forsyth, 1986 Discusses the problem of teenage suicide some theories about causes and patterns of suicidal behavior society's responses to suicide and some preventive measures **The Truth about Veterans' Suicides** United States. Congress. House. Committee on Veterans' Affairs, 2009 Suicide John Bateson, 2024-09-03 An urgent call to action on a rising and preventable trend Each year in the United States alone nearly 50 000 individuals die by suicide more than 1 2 million others attempt it John Bateson former executive director of a suicide prevention center examines this national tragedy from multiple angles while debunking common myths sharing demographic data and identifying risk factors and warning signs Suicide provides essential information about the current landscape surrounding suicide in the United States as well as strategies to prevent further tragedy Bateson emphasizes that the rise in suicide and attempted suicide is not only a mental health issue affecting individuals but also an urgent problem for society at large He discusses suicide in parks prisons and the military as well as assisted suicide suicide by cop and murder suicide In particular he details the stark relationship among guns drugs jump sites and suicide focusing on one of the most effective ways to prevent suicide restricting access to lethal means In addition to presenting practical information for identifying people at risk of suicide Bateson details important steps that individuals businesses and the government can take to end this public health problem The Hidden Epidemic Tim Watkins, 2013-09-20 The Hidden Epidemic is partly the outcome of a survey of people who had attempted suicide The survey produced valuable qualitative evidence about how people felt in the period immediately prior to their attempted suicide This is unusual data and goes a long way toward humanising suicide The Hidden Epidemic also draws upon quantitative data from the survey and secondary data from government and academic sources to examine the prevalence of suicide and attempted suicide together with the factors that underlie them Drawing on the evidence The Hidden Epidemic examines the way the state through mental health services has tried to deal with suicide In the last chapter we look at what could be done to promote mental health as a means of reducing the rate of suicide This is based on the view that the rate of suicide in any particular country is a measure of the general mental health of the overall society If this is so then it will require improvements in the mental health of the whole society to bring about significant falls in the rate of suicide Teen Issues in S.E. Hinton's The Outsiders David Erik Nelson, 2012-06-11 This critical volume explores S E Hinton's classic novel The Outsiders through the lens of teen issues The text discusses a variety of topics including Hinton's life and influences whether the novel offers an overly romanticized view of teen life and whether social bonds are important for economically disadvantaged teens The book also explores contemporary perspectives on teen issues such as a look at modern teen class divisions and the relationship between parenting masculinity and teen violence **In God's Name Awaken!** Gyeorgos Ceres Hatonn, 1994-03 Suicidal Mass Murderers John Liebert, William J. Birnes, 2017-07-27 On April 16 2007 Cho Seung Hui a student at Virginia Tech with a history of mental illness became the

perpetrator of the most infamous school shooting in the history of the United States In the aftermath of the killings and Cho s subsequent suicide one primary question emerged Why Suicidal Mass Murderers A Criminological Study of Why They

**Preventing Suicide** John Henden,2017-01-30 New edition of an acclaimed manual which uses the solution focused approach to take an empathetic and validating approach to working with individuals considering suicide Offers invaluable guidance for suicide prevention by showing what works in treating those struggling with suicidal thoughts Provides straightforward ways to deal frankly with the subject of suicide along with a range of tools and techniques that are helpful to clients Includes actual dialogue between practitioners and clients to allow readers to gain a better understanding of how to work with suicidal clients Compares and contrasts a ground breaking approach to suicide prevention with more traditional approaches to risk assessment and management Features numerous updates and revisions along with brand new sections dealing with the international landscape blaming the suicided person Dr Alys Cole King s Connecting with People and telephone work with the suicidal Human Givens Therapy and zero suicide American Suicide Howard I. Kushner,1991 For the nineteenth century physician the moral issues that suicide raised could not be isolated from its constitutional components Thus those who exhibited suicidal tendencies were subjected to an amalgamation of pharmacological social and psychological interventions which practioners labeled the moral treatment By the 1890s however the consensus about the causes of suicide became unglued as a bacteriological medicine and the rise of the social sciences jointly served to call into question eclectic diagnoses The goal of American Suicide is to demonstrate how the apparent contradictions among sociological psychoanalytic and neurobiological explanations of the etiology of suicide may be resolved Only througha reintegration of culture psychology and biology can we begin to construct a satisfactory answer to the questions first raised by Durkheim Freud and Kraepelin **The Costs of Courage** Josephine G. Pryce,Colonel David H. Pryce,Kimberly K.

Shackelford,2011-09-02 The Costs of Courage is one of the very few comprehensive volumes that shed a light on the needs of US military personnel and their families The authors introduce social workers and other helping professionals to the dynamic warrior culture of the US military and their families and provides practitioners with the cultural competence necessary to successfully interact with members of this culture This book includes best practices and eclectic approaches that encourage social workers and other mental health professionals to better consider the needs of our military and their families The text contains the most up to date subject matter on social work with military personnel and their families including thorough descriptions of major conditions suffered by members of the warrior culture in the past and present Relevant topics such as suicide sexual assault veteran issues and Don t Ask Don t Tell Don t Pursue are discussed The content is accented with a glossary of commonly used military terms and acronyms Suicide Margaret Haerens,2011-09-23 As technology makes the world more accessible it is increasingly important to develop a wide perspective on social issues as well as political environmental and health issues of global significance This must have volume tackles the tough issue of suicide Readers will

learn about global suicide trends policies that address suicide and consider the political social and economic factors that contribute to suicide The last chapter discusses suicide as an act of terrorism Primary sources including speeches and government documents join essays from international sources for a truly panoramic view Stephen Lives Anne Puryear,1997-04 The author discusses the life of her son Stephen who committed suicide at the age of fifteen and relates messages she has received from him since his death telling her why he took his own life and offering hope to other people who may be discouraged with their own lives **Against the Will** Pasquale De Marco,2025-07-14 In Victorian England a time of rapid industrialization and social change suicide emerged as a pressing social issue This book explores the complex interplay of cultural social and psychological factors that contributed to the alarming rise in suicide rates during this era Through a meticulous examination of historical records literary works and personal accounts this book sheds light on the lives of those who succumbed to despair as well as the profound impact of suicide on their families and communities It challenges the prevailing attitudes of shame and condemnation that surrounded suicide in Victorian society revealing the urgent need for compassion and understanding The book also delves into the efforts of those who dared to challenge the stigma associated with suicide Medical professionals social reformers and writers fought to raise awareness advocate for prevention and provide support to those in distress Their tireless efforts laid the groundwork for a more compassionate and comprehensive approach to suicide prevention in the years to come By examining the history of suicide in Victorian England this book offers valuable insights into the complexities of this tragic phenomenon It serves as a reminder of the importance of addressing mental health issues reducing stigma and providing support to those in need This book is a compelling and thought provoking exploration of suicide in Victorian England It is a must read for anyone interested in social history mental health or the human condition If you like this book write a review *Stopping Suicides* United States. Congress. House. Committee on Veterans' Affairs,2008 **The Last and Greatest Battle** John Bateson,2015-01-02 Nearly every day an active duty soldier in the United States military resorts to suicide and nearly every hour a veteran does the same In recent years the problem of military suicides has reached epidemic proportions but it s all too easy for most of us to gloss over the headlines or tune out the details In *The Last and Greatest Battle* the first book devoted exclusively to the problem of military suicides John Bateson brings this neglected crisis into the spotlight Bateson the former executive director of a nationally certified suicide prevention center surveys the history of suicide in the United States military from the Civil War to the present day and outlines a plan to save lives and ultimately end the tragedy of military suicides He uses the stories of individual soldiers to illuminate the unique challenges faced by American troops today Transitioning from the front lines to the home front is difficult for many service members and many need help both during and after their deployments But even though the military is spending millions of dollars on suicide prevention programs record numbers of soldiers continue to take their lives To that end Bateson outlines a plan of action If the military works to remove stigma to make treatment more

effective and more accessible and to limit risk factors for suicide in the first place by taking measures like reducing the number and length of deployments and adjusting pre deployment training to take into account the way that wars are waged today an end to the problem of military suicide is as possible as it is essential **THE SOUL OF A DOCTOR** DR SUDIPTA BANERJEE,2025-07-05

In a world that reveres doctors as saviours The Soul of a Doctor reveals a quieter crisis one happening behind hospital walls and within white coats While the world debates healthcare costs AI in medicine and access to treatment this groundbreaking book sheds light on what's often left unsaid the emotional ethical and spiritual burnout of doctors themselves From rising physician suicides and moral fatigue to the dehumanizing impact of digital healthcare Dr Sudipta Banerjee takes you on a powerful journey across twelve transformative chapters This book contains gripping case studies global research and deeply personal insights **Women at War** Elspeth Cameron Ritchie,Anne L

Naclerio,2015-05-28 Women at War reviews the epidemiology changes in policy and demographics of women in the services the factors affecting their health and health care while serving in austere environments issues related to reproductive and urogenital health and how health care providers can help prepare and prevent illness The book also looks at mental health issues to include PTSD and other psychological effects of war intimate partner violence sexual assault and suicide as well as the veteran experience *Languages of Care in Narrative Medicine* Maria Giulia Marini,2018-10-11 This book explains how narrative medicine can improve evidence based medicine EBM making it more effective and efficient giving patients better quality of life and offering more satisfaction to all health care providers It discusses not only the disease experienced by the person who is ill but also focuses on the context and the culture and investigates how narrative medicine can make other disciplines around the globe more applicable less manipulative and more scientific Only by integrating the narrative aspects can EBM become more effective and efficient with fewer uncured patients more satisfied patients with a better quality of life and satisfaction for all health care providers Every chapter is divided into two main sections the first presents the latest research in the field with comments and interviews with experts while the second section provides a list of practical exercises and tasks The book is intended for anyone with an interest in caring for and curing patients all care providers of care physicians general practitioners specialists nurses psychotherapists counselors social workers providers of aid healthcare managers scientific societies academics and researchers **Lesbian Health** Institute of Medicine,Health Sciences

Section,Health Sciences Policy Program,Neuroscience and Behavioral Health Program,Committee on Lesbian Health Research Priorities,1999-05-11 Women's health as a field of study is a developing discipline Health theories in general have been based on studies of men However in recent years more attention has shifted to women's health realizing the disparities between men and women in relation to their health During the last two decades a similar shift has occurred for a group of women lesbian women to further identify and specify their health needs Over the past decade lesbians have organized to call for attention to the health issues of this community resulting in several federally funded research initiatives This book offers

a comprehensive view of what is known about lesbian health needs and what questions need further investigation including How do we define who is lesbian Are there unique health issues for lesbians Are lesbians at higher or lower risk for such health problems as AIDS sexually transmitted diseases breast cancer mental disorders and substance abuse How does homophobia affect lesbian health and the funding of research on lesbian health How do lesbian health needs fit into the health care system and the larger society What risk and protective factors shape the physical and mental health of lesbians The book discusses how to determine which questions to ask about sexual orientation the need to obtain information without violating privacy the importance of considering racial and ethnic diversity in the study of lesbians strategies for exchanging information among researchers and disseminating findings to the public and mechanisms for supporting greater numbers of researchers Lesbian Health takes a frank look at the political pressures community attitudes and professional concerns uniquely affecting the study of lesbian health issues The book explores many other issues including the potential for transferring findings in this field to other population groups including other rare populations and women in general

**National Commission for Men** Dr. Nitya Prakash, 2025-05-31 National Commission for Men Silent Scars is a groundbreaking narrative that tears through the silence surrounding one of India's most overlooked realities men as victims of crime abuse and systemic bias In a nation that rightly champions women's empowerment this book dares to ask Who speaks for the man falsely accused The father denied custody The husband driven to suicide With unwavering empathy and raw honesty Dr Nitya Prakash author reformist and truth teller documents real life stories of Indian men who suffered in silence From dowry law misuse to domestic violence against men from high profile alimony battles to heartbreaking suicides the book draws upon court cases suicides media exposés and even personal experiences Each chapter is not just a story it's a plea for balance empathy and legal reform This book is not anti women It is pro justice It is about recognition without retaliation equity without exclusion And above all it is about giving voice to those who've been silenced for far too long If we fail to acknowledge these silent scars today tomorrow's headlines may carry the name of someone you know your brother your colleague your son This isn't just a book This is a beginning
